FOREWORD

It is my proud privilege to release the 22nd edition of the annual publication 'Prison Statistics India 2016'. The first edition of this report was brought out for the year 1995.

The publication aims at providing comprehensive information on various aspects of prison administration so as to assist in designing strategies for making prisons as an institution of correction and rehabilitation. The current publication consists of twelve chapters with illustrative graphs and tables. It covers different dimensions of prison administration like types of jails, inmate population, occupancy and overcrowding in jails, distribution of convicts and undertrials under IPC and SLL crimes, demographic particulars of inmates, period of detention of undertrials, period of sentences, deaths of prison inmates, nationality of foreign convicts and undertrials, status of undertrials U/S 436A IPC, incidences of jail breaks, rehabilitation & welfare of prisoners, strength of prison staff, training of prison officials, prison budget & infrastructure, etc.

I hope this publication will fulfill the requirements of all stakeholders including Law makers, Policy makers, Central and State/UT Governments, Prison Administrators, Researchers, Criminologists, Media, Academia and NGOs working in the field.

I convey my sincere thanks to all the Directors General / Inspectors General of Prisons of States/UTs for their cooperation and active support in providing the requisite data to help in the publication and in improving its relevance and utility.

I also take this opportunity to record my appreciation for the dedication and hard work of the officials of the Statistical Branch in bringing out this publication.

The Bureau has uploaded all editions of the 'Prison Statistics India' since 1995 on the NCRB website <http://ncrb.gov.in> as well as open government portal <https://data.gov.in>.

We look forward to suggestions and feedbacks for further improvement in the content and quality of the future reports.

7/3
(Ram Phal Pawar)
