FOREWORD

It is my proud privilege to present the 26th edition of the National Crime Records Bureau's annual report "Finger Prints in India" for the calendar year 2022. This publication is being published by the Bureau since 1997 and it is a compendium of endeavors and trailblazing success stories of the Central and State/UT Finger Print Bureaux (SFPBx) in the discipline of Fingerprint Science.

This year's publication contains details of the important cases solved by the Central Finger Print Bureau (CFPB) as well as State Finger Print Bureaux (SFPBx). It also carries information on transactional activities of State FPBx namely visits of experts to scenes of crime, chance prints lifted, convict's fingerprints enrolled, arrestee's slips processed to ascertain their criminal history, document cases examined and expert opinion furnished, etc. Statistics regarding fingerprints available in this publication will help Law Enforcement Agencies, academicians, scholars, and researchers, etc. to develop a better understanding in fingerprint domain.

National Automated Fingerprints Identification System (NAFIS) Project, a flagship project of NCRB/MHA is already operational across country and has created a national Searchable Database of criminal fingerprints accessible from across the country.

Under the Criminal Procedure (Identification) Act, 2022, National Crime Records Bureau has been mandated to collect, store, process, preserve, share, disseminate and destroy the record of measurements of convicts and arrested persons, at the national level. NCRB is gearing up to provide new modalities like face, Iris and DNA, along with fingerprints, for the purpose of Identification in near future.

I am sure that the present edition of this annual publication will make both an empirical and analytical contribution to the field, with the overall aim of maximizing the evidentiary value of Finger Prints in the Criminal Justice System. I am grateful to all State/UT Finger Print Bureaus for the co-operation extended to the Bureau in ensuring timely publication of the report. I, also appreciate the sincere hardwork of staff of CFPB, National Crime Records Bureau for their efforts in bringing out this publication.

(Vivek Gogia)

31st October, 2023

ACKNOWLEDGEMENT	
Officers Associated with publication of Finger Prints in India - 2022	
GUIDANCE	
Sh. Vivek Gogia, IPS	Director, NCRB
SUPERVISION	
Sh. Sanjay Mathur, IPS	Joint Director, NCRB
Sh. D.K Yadav	Dy. Director, NCRB
Dr. S. Indira Sudha	Director, CFPB, NCRB
Sh. PS Gulati	Former Director, CFPB, NCRB
Sh. Aftab Alam	Incharge, CFPB, NCRB
EDITORIAL BOARD	
Sh. Ajay Singh	Dy. Supdt., CFPB, NCRB
Sh. Nishant Singh	Inspector, CFPB, NCRB
Sh. Chandra Shekhar Vaish	Inspector, CFPB, NCRB
Sh. Rathod Ankush Laxman	Inspector, CFPB, NCRB
Sh. Narendra Kumar Pahade	Inspector, CFPB, NCRB
Sh. Dhananjay Jadhav	Sub Inspector, CFPB, NCRB
Sh. Ramesh N	Sub Inspector, CFPB, NCRB
Ms. Smisha Lawrance	Sub Inspector, CFPB, NCRB
Sh. Sanjay Sharma	Head Constable, CFPB, NCRB

DISCLAIMER

The information furnished in this report has been obtained from States/UTs. Precautions have been taken to ensure that the data is statistically consistent. Central Finger Print Bureau, National Crime Records Bureau (CFPB, NCRB) has only collected and compiled the data and presented it in the form of a report. The Bureau (CFPB/NCRB) shall not be responsible for authenticity of this information. However, any discrepancy observed in this report may be brought to the notice of this Bureau.

EXECUTIVE SUMMARY

Finger Prints in India 2022, is the 26th annual publication in the series, which highlights the progress and achievements of Central Finger Print Bureau (CFPB) and State Finger Print Bureaux (SFPBx) including the activities, initiatives undertaken, database status, trainings etc., during the calendar year 2022. This publication also presents other useful information such as relevant laws, equipments and relevant books, enabling the readers to equip themselves with the latest developments in the field.

Chapter I - ACTIVITIES OF CENTRAL FINGER PRINT BUREAU (CFPB)

In the calendar year 2022, a total of 547 new document cases were received from different Government agencies like CRPF, Post Offices, Staff Selection Commission, Banks, Railway Recruitment Boards etc. Along with 246 cases pending from previous year, a total of 793 cases were available for examination. Finger Print Experts at CFPB had examined and furnished their expert opinion in 779 cases during the year 2022.

NCRB has conceptualized and implemented National Automated Fingerprint Identification system (NAFIS) which is robust, secure and proving to be a game changer in the field of Finger Print identification & enables the States/UTs/Law Enforcement agencies to upload/trace/retrieve criminal fingerprint data in real time on a 24X7 basis on the server placed in the NCRB. Central Finger Print Bureau (CFPB) has imparted training to the Finger Print experts of States/UTs for using the application. Subsequently, a large number of latent fingerprints-hitherto untraced-received from SFPBx during past years had been processed by Finger Print experts of CFPB and SFPBx/ UTs through NAFIS. Currently, the NAFIS has been commissioned at 1,381 locations covering all Districts, Police Commissionerates, State Finger Print Bureaux and Central LEAs like NIA, CBI and NCB with approximately 1 crore fingerprint records and 500 users concurrency.

XXIII (23rd) All India Conference of Directors of Finger Print Bureaux was organized on 20th and 21st September 2022 at National Crime Records Bureau (NCRB), New Delhi. Delegates from various Finger Print Bureaux, CFSL-DFSS, NIA, FSLs, students from various Colleges and Universities offering Forensic Science and Criminology course participated in the conference. All India Board Examination (AIBE) for Finger Print Experts 2022 was held from 8th to 10th November, 2022.

Chapter II - ACTIVITIES OF STATE FINGER PRINT BUREAUX

Important cases solved by the Finger Print Experts of State Finger Print Bureaux are highlighted in this chapter. After examination, States/UTs had submitted 82 cases however only 71 cases are selected for publication based on the sensitivity, value of property lost/recovered, detection of a series of cases etc.

Main responsibility of a Finger Print expert is to develop chance prints left by criminals at the crime scene and to match these with the fingerprints of the criminals. Further, Finger Print experts also receive fingerprint slips of arrested persons for providing the criminal records by comparing fingerprints database. In the year 2022, Finger Prints Units of the SFPBx/Police/Other Staffs have visited 63,871 crime scenes and they have developed chance prints in 23,931 cases and a total of 67,545 chance prints were found fit for comparison. A total of 3,489 cases have been solved through chance prints.

Chapter III - TRANSACTIONAL ACTIVITIES OF CFPB AND SFPBx

As on 31.12.2022, States/UTs have ten fingerprints database of 99,98,587 convicted and arrested persons. During 2022, CFPB had examined 14 chance prints cases in which 8 chance prints were traced and in 88 cases final opinion also recorded in case of difference in opinion by the State experts.

A total number of 1,773 document cases were received and 1,764 cases were examined by Finger Print experts, 703 cases were pending in the SFPBx. In 214 cases, Finger Print experts from various SFPBx deposed in the Courts of Law for testimonies. Following table shows the All India Statistics of the fingerprint transactions in States/UTs during 2022.

Transactional Activities of State Finger Print Bureaux				
Convict Slips Received	Arrestee Slips Received	FP Document Cases Received	Chance Print Developed (Fit for comparison)	Chance Print Cases Traced/Identified
83,382	12,22,510	1,773	67,545	3,489

Chapter IV - ANALYSIS OF FP TRANSACTIONAL ACTIVITIES

This chapter deals with the analysis of concomitant factors such as conviction rate, reasons of discrepancies in the data provided and inter-comparison of data procured from the State Finger

Print Bureaux along with the depiction of major activities such as record slips, search slips, document cases, chance prints and also categorization of crimes under various heads at a glance.

State of Madhya Pradesh has highest number of fingerprint slips recorded in the year 2022 for conviction of criminals for grievous hurt, murder, rape and assault on women. On an average Punjab, Maharashtra and Uttar Pradesh have recorded significant number of conviction slips. States such as Gujarat, Madhya Pradesh and Maharashtra have recorded the highest number of arrestee slips and several other States including Jharkhand, Delhi, Punjab, Telangana, Tamil Nadu, Odisha, Andhra Pradesh and Haryana have recorded significant number of Finger Print Arrestee slips in proportion to their population and number of crime incidences. Tamil Nadu, Punjab, Rajasthan, Uttar Pradesh, Maharashtra, Andhra Pradesh, Kerala & Karnataka have examined more than 100 document cases in the year 2022. Tamil Nadu, Andhra Pradesh, Karnataka Telangana and Kerala States have topped the list with highest number of chance print cases identified in the year 2022. On further analysis, it was found that record slips of those convicted for murder, grievous hurt, rape, and attempt to murder are the highest in number as compared to other IPC heads whereas the number of search slips recorded also demonstrate a sharp rise for crimes such as grievous hurt, attempt to murder, murder, and kidnaping & abduction. In cases of property related crimes, the number of persons arrested and convicted for the offence of other IPC is higher than those involved in each of theft, burglary, forgery, cheating & fraud and robbery. The number of persons arrested and convicted under NDPS Act come second after other Special and Local Laws (SLL) crimes. States of Madhya Pradesh and Punjab received the highest number of conviction slips.

ANNEXURE:

Useful information like pioneers of Finger Print Science, laws related to fingerprints in India, recommendation of XXIII (23rd) All India FP Directors Conference, staff posted in various Finger Print Bureaux, availability of different types of equipment in each States/UTs, list of AIBE toppers, standard books on Finger Print Science, contact details of State FPBx are covered in the annexures part of this publication.

METHODOLOGY OF DATA COLLECTION AND CONTENT FORMATION

The Bureau brings out its annual report 'Finger Prints in India', which is a collection of statistical data on the performance and activities of States/UTs Finger Print Bureaux, CFPB, and other information related to Finger Prints. The process of publication of the annual report i.e. 'Finger Prints in India' consists of the following steps:

- i) In the 3rd week of January, 2023, a letter was sent to all the Finger Print Bureaux requesting to furnish the information about their activities in the standard Annual Statistics Report (ASR) form. It had the following details:
 - a) Number of convicted persons' fingerprints maintained at the State Finger Print Bureau during the beginning of the year, number of FP slips added in the year under consideration, FP slips received but returned back to police stations due to errors, number of FP slips digitized and entered into NAFIS, number of FP slips eliminated.
 - b) Similar type of information is received in respect of arrested persons.
 - c) Number of FP cases received at Finger Print Bureau seeking previous criminal records, number of cases traced, pendency at Finger Print Bureaux.
 - d) Category of offences for which fingerprints were obtained in the State Finger Print Bureaux.
 - e) Single Digit Section, Scene of Crime details, Documents Section (Govt. and others), Absconder Action/Death Reports.
 - f) NAFIS details regarding its connectivity and functionality status in SFPBx along with availability of FP Live Scanner.
 - g) Details of training courses being organised, its faculty strength and cross-section of officials attending it from police and non-police background.
 - h) Organizational structure of existing FPBx of States/UTs including sanctioned strength, actual strength, vacancies and DFPB as well as source of allotment of funds to them.
 - i) Summary of the milestones achieved by the Bureaux of States/UTs and suggestions for future developments.
 - j) Information in connection with the crime data related to fingerprints by categorizing into various crime heads such as; Murder (Section 302), culpable homicide not amounting to Murder (Section 304), Causing death by Negligence (Section 304-A),

Dowry deaths (Section 304-B), Abetment to suicide (Section 305/306), Attempt to Murder (Section 307) & Culpable Homicide (Section 308), Grievous Hurt (Section 325, 326), Acid Attack (Section 326A, 326B). Assault on Women (Section 354, 354A, B,C,D), Kidnapping & Abduction (Section 363, 363A, 364, 364A, 366A, B & Section 365 to 369) Human Trafficking (Section 370, 370A, 372, 373), Rape (Section 376) etc.

- k) Information on fingerprint (Record and Search) slips about Foreign Nationals committing crime in India and also about Indians involved in crime abroad.
 - l) Information about R&D activities taking place in the SFPBx.
 - m) Chance Print (Scene of Crime) details describing a clear picture of chance print comparison happening in SFPBx and in districts. The table has a column to specify Chance Prints lifted by Finger Print staff, police personnel or other staff.
 - n) Provision is made to furnish judgment details regarding important cases solved by SFPB.
 - o) Information about fingerprint equipments available at state FPB or subordinate offices.
 - p) Information on vehicles available for fingerprint work at state, district and police station levels is also introduced.
- ii) Received information from various units was compared with the previous year information. Observed abnormalities were communicated to the respective unit with a request to validate/rectify.
- iii) Based on the validated data, this publication is prepared.
- iv) In chapter IV, analytical and graphical representations of transactional details of the States have also been presented for ease of comprehension and comparison.

CHAPTER-I

ACTIVITIES OF CFPB

ACTIVITIES OF CENTRAL FINGER PRINT BUREAU (CFPB)

The Central Finger Print Bureau (CFPB) is the apex body in the country responsible for coordinating, guiding, monitoring, and providing technical support to the State Finger Print Bureaux. It also extends its support to various investigation agencies and international organizations such as Interpol in all matters related to Fingerprint Science in the country.

In response to the recommendations of the National Police Commission in 1986, the CFPB took steps to automate its fingerprint database. This involved digitizing the existing manual records which culminated in the installation of the India's first Automated Fingerprint Identification System (FACTS 1.0) in 1992 at NCRB HQ, New Delhi. The automation of fingerprint technology was driven by the shared goal of scientific and industrialist experts to equip law enforcement agencies with state-of-the-art tools and techniques for maintaining the highest standards of law and order. Recognizing the need for a faster and more robust system capable of handling large volumes of data and keeping pace with the latest developments in fingerprint Science, it was identified that a new system was required to replace existing FACTS 1.0. Therefore, NCRB under the guidance of MHA has directed the procurement of a new system to replace FACTS 1.0. Subsequently, NCRB has introduced National Automated Fingerprint Identification System (NAFIS), a robust system set to revolutionize the field of fingerprint. NAFIS will empower States/UTs/Law Enforcement Agencies to upload, track, and retrieve data in real-time, 24x7, from the server located at the NCRB premises.

During the implementation of NAFIS, the FACTS-5 server was decommissioned, and the entire workflow transitioned to NAFIS. As on 31st December 2022, NAFIS boasts a database of 72,68,359 records of migrated data from various States/UTs.

The Bureau imparts training in various aspects of fingerprint Science to police and non-police personnel of States/UTs. The Bureau is also mandated to conduct the All India Board Examination (AIBE) annually for the accreditation of fingerprint experts. All India Conference of Directors of Finger Print Bureaux of States/UTs is also organized by CFPB. The conference provides a forum for fingerprint professionals to deliberate on recent advancements in the field of fingerprint science and other issues concerning the

fingerprint fraternity of the nation. CFPB has a branch in Kolkata for organizing training courses for the North-Eastern States.

A. National Automated Finger Print Identification System (NAFIS)

National Crime Records Bureau (NCRB) has implemented the National Automated Fingerprint Identification System (NAFIS), a web-based application, conceptualized for establishing a central repository of criminal fingerprint data generated in States/UTs in India and has been built on the principles of cloud computing. NAFIS also provides facilities for integration for States/UTs with their own NIST-compliant Automated Fingerprint Identification Systems (AFIS) to replicate their data to the central server. NAFIS is also integrated with other applications like CCTNS.

The NAFIS project will improve fingerprint processing capability along with the possibility of integration with other biometric devices in the future. The provision of portable live scan devices would make it possible to bring fingerprint-based identification to mobile sites. Fingerprint slips obtained in police stations and digital fingerprints enrolled at districts will be stored in dedicated virtual partitions allotted to each State/UT in the NAFIS server established at NCRB Hqrs through the hardware and software provided by NCRB. Only authorized users from respective States/UTs can edit/modify/search the data stored in the exclusive space allotted to them, ensuring the ownership of data remains with the concerned State/UTs.

NAFIS was inaugurated on 17th August 2022 by Hon'ble Home Minister extending access of its functionalities to all SFPBx, District /Police Commissionerate in the country. Central Finger Print Bureau (CFPB) has imparted training to the fingerprint experts of States/UTs for using the application. Subsequently, a large number of latent fingerprints- hitherto untraced- received from SFPBx during past years had been processed by fingerprint experts of CFPB through NAFIS.

B. Important Document Cases solved at CFPB, New Delhi

A total of 547 document cases were received from different Government agencies like CRPF, CISF, ITBP, BSF, Assam Rifles, Seema Suraksha Bal, Post offices, Staff Selection

Commission, Banks, Railway Recruitment agency, Central Bureau of Investigation, etc. during the year 2022. A Total of 793 document cases were available for examination including 246 previous year cases. Fingerprint Experts at CFPB have examined and furnished expert opinions in 779 document cases during the year 2022. A brief description of document cases examined during the year 2022 is given below.

- i. This year, various regional zones of CRPF have forwarded 566 document cases for checking and verification of fingerprints taken at various stages of the recruitment process to find any impersonation in recruitment. Most of the questioned fingerprints happened to be of poor quality. Despite these challenges, fingerprint experts utilizing their professional expertise and competence examined the questioned documents cases with repeated checks, cross-checks, and photography. Experts, with sheer diligence, perseverance, and skills finally submitted their opinion.
- ii. Thirty-Six (36) document cases regarding alleged misappropriation of government money were received in CFPB from various divisions of the Department of Posts. In these cases, withdrawal vouchers of various depositors bearing fingerprints were received to be compared with the specimen fingerprints present on relevant claim forms and written statements of the depositors. Most of the questioned prints were of decipherable quality but the specimen prints were slightly poor quality. Finally, the specimen prints of decipherable quality were selected for examination and the impersonation in the cases was established by CFPB experts.
- iii. CFPB had received Thirty-Seven (37) document cases from DIGP/Assistant Commandant, Central Industrial Security Force (CISF), Taj Mahal, Agra (UP), Khargaon (MP), Ranchi (Jharkhand), Dhanbad (Jharkhand) etc. In these cases, the Admission Certificates (Commission's Copy) of suspected candidates bearing questioned left thumb fingerprints were received to be compared with the specimen fingerprints. The questioned left thumb impressions were examined by experts of CFPB and established conclusive impersonation.
- iv. CFPB had received Forty-Eight (48) document cases from the Directorate General, ITBP, MHA, Govt. of India, located at Block No.2, CGO Complex, Lodhi Road, New Delhi, for checking and verification of fingerprints taken during the various stages of

recruitment.

- v. The State Bank of India, Araharia (Bihar) and Gandhi Maidan, Patna (Bihar) have forwarded two (02) document cases for verification of fingerprints present on the withdrawal slips with specimen finger impression of account holders for establishing any impersonation during the withdrawal process. Apart from these, 10 more document cases were received from various banks which have been processed this year.
- vi. Five (05) cases were received from the Central Bureau of Investigation (CBI). The experts meticulously proved that the impersonation had taken place during the recruitment process. Thereafter, a relevant report with illustrated findings was furnished to CBI.
- vii. Also, six (06) document cases were received from the Railway Recruitment Board for thorough examination and furnishing an expert opinion regarding the impersonation during the recruitment processes. Three (03) from the Income Tax Department & two (02) cases were received each from BSF and Civil Judges for examination and furnishing expert opinion.

C. Training Courses conducted during the year 2022

The list of workshops held in the Year 2022 are as under:

Workshop on	Location	Dates of workshop	Number of Trainees
NAFIS	Odisha	3 rd to 7 th January, 2022	22
NAFIS Enrollment	CFPB, New Delhi	6 th to 7 th April, 2022	20
NAFIS	CFPB, New Delhi	25 th to 29 th April, 2022	19
NAFIS Enrollment	CFPB, New Delhi	10 th to 11 th May, 2022	27
NAFIS Enrollment	CFPB, New Delhi	7 th to 8 th June, 2022	27
NAFIS	Odisha	20 th to 24 th June, 2022	19
NAFIS Enrollment	CFPB, New Delhi	30 th June, 2022 to 1 st July, 2022	19
NAFIS Enrollment	CFPB, New Delhi	6 th to 7 th July, 2022	33
NAFIS	Gujarat	11 th to 15 th July, 2022	39
TOT on NAFIS		18 th to 22 nd July, 2022	28
NAFIS	Jammu & Kashmir	25 th to 30 th July, 2022	75

NAFIS Enrollment	CFPB, New Delhi	3 rd to 4 th August, 2022	26
NAFIS Enrollment	Kerala	22 nd to 24 th August, 2022	60
NAFIS Enrollment	CFPB, New Delhi	22 nd to 26 th August, 2022	25
NAFIS Enrollment	Kerala	25 th to 27 th August, 2022	64
NAFIS Enrollment	CFPB, New Delhi	7 th to 9 th September, 2022	21
Advance Course in FPs	CFPB, New Delhi	19 th to 23 rd September, 2022	8
NAFIS	CFPB, New Delhi	26 th to 30 th September, 2022	5
NAFIS Enrollment	Uttar Pradesh	26 th to 30 th September, 2022	38
NAFIS Enrollment	CFPB, New Delhi	6 th to 7 th October, 2022	24
User Operating Training on NAFIS	CFPB, New Delhi	10 th to 14 th October, 2022	22
NAFIS Enrollment	CFPB, New Delhi	3 rd to 4 th November, 2022	28
User Operating Training on NAFIS	CFPB, New Delhi	19 th to 28 th December, 2022	20
NAFIS Enrollment	CFPB, New Delhi	27 th to 28 th December, 2022	25
Ten workshops of 1 day each on "Taking Fingerprints"	CFPB, Kolkata	March, 2022 to December, 2022	125
User Operating Training on NAFIS	CFPB, Kolkata	September, 2022	05

D. XXIII (23rd) All India Conference for Directors of Finger Print Bureaux held at CFPB, New Delhi (20th & 21st September, 2022):

The XXIII All India Conference of Directors of Finger Print Bureaux was organised at CFPB, New Delhi (20th & 21st September, 2022). It was inaugurated by Hon'ble MoS (Home) Sh. Ajay Kumar Mishra. Finger Prints in India - 2021 was also released on the occasion. Best

cases solved using fingerprint Science by various States/UTs fingerprint experts were presented. Research scholars from Colleges/ Universities presented their research papers on new techniques to develop fingerprints on different surfaces in different conditions. The Toppers of All India Board Examination and the three top entries from best cases were rewarded.

E. All India Board Examination- 2022 (AIBE-2022) for accreditation of Finger Print Experts:

All India Board Examination - 2022 (AIBE-2022) was held from 8th to 10th November, 2022. A total two hundred twenty-six (226) candidates from States/UTs appeared for AIBE - 2022. Out of these, 173 candidates successfully passed the examination. Candidates from Tamil Nadu secured 1st and 2nd positions and a candidate from Karnataka secured 3rd position, with a score of 86.0%, 85.6% and 85.2% respectively.

1st Rank
Ms. J. Amla
(86.0%)
Tamil Nadu

2nd Rank
Sh. M. Karthicazhagan
(85.6%)
Tamil Nadu

3rd Rank
Sh. Ravikumar S.
(85.2%)
Karnataka

CHAPTER-II

SIGNIFICANT CASES SOLVED BY STATE FINGER PRINT BUREAUX

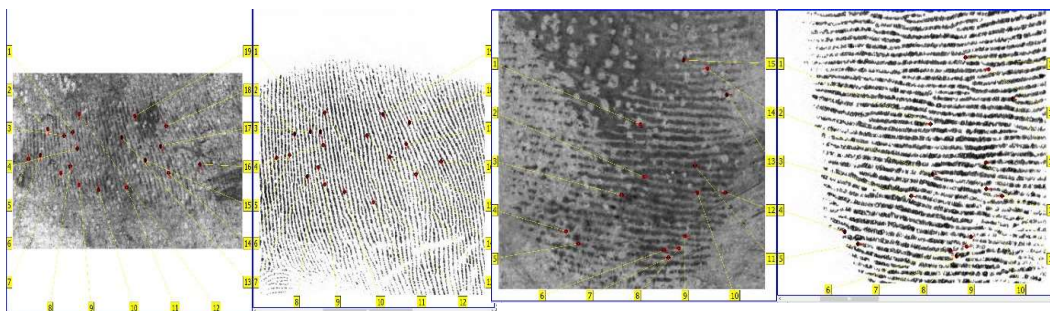

ACTIVITIES OF STATE FINGER PRINT BUREAUX

Finger Print Bureaux experts in States/UTs assist in police investigation by visiting the scene of crimes and matching the chance prints developed at the scene of crimes (SoCs) with the fingerprint database. Some of the important cases solved through fingerprints in various States are highlighted below:

Andhra Pradesh

1. PS Vedayapalem, District SPS Nellore, FIR No. 447/2022, dated 28.08.2022, U/s 457, 380, 302 IPC.

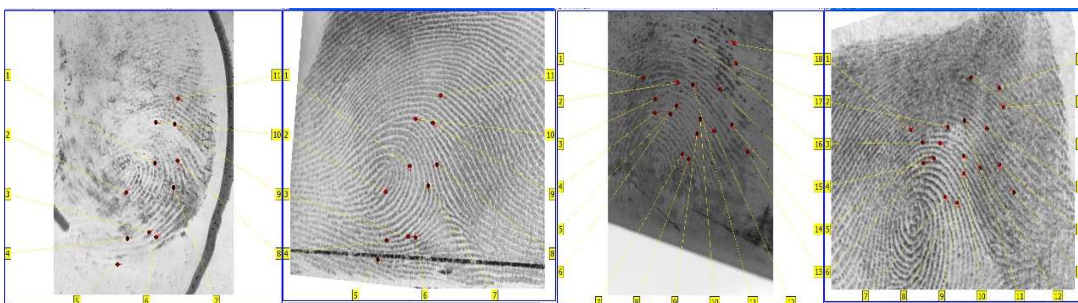

A double murder case that occurred on 28th August 2022. The offenders brutally killed the house owner (male) in front of the main door, entered the house, killed his wife, and stole Rs. 2,00,000/- (Two Lakhs). After receiving information, FP Experts visited the crime scene and developed fifteen (15) chance prints with white powder. Some of them were blood prints on the wall, iron almirah's right & left doors, and stainless steel plates. The fifteen (15) chance prints were compared with the fingerprint records of SFPB, CID, AP, and Mangalagiri. Four (04) chance prints were found identical with the two suspect persons. Within three days, IO found the real offenders of this double murder case through fingerprints which were developed at the crime scene and recovered Rs. 1,63,380/- from them. Fingerprint identification of the offenders led IO to effectively investigate the crime. The case is under trial now.

2. PS Bhimavaram II Town, District West Godavari, FIR No. 243/2022, dated 30.08.2022, U/s 457, 380 IPC.

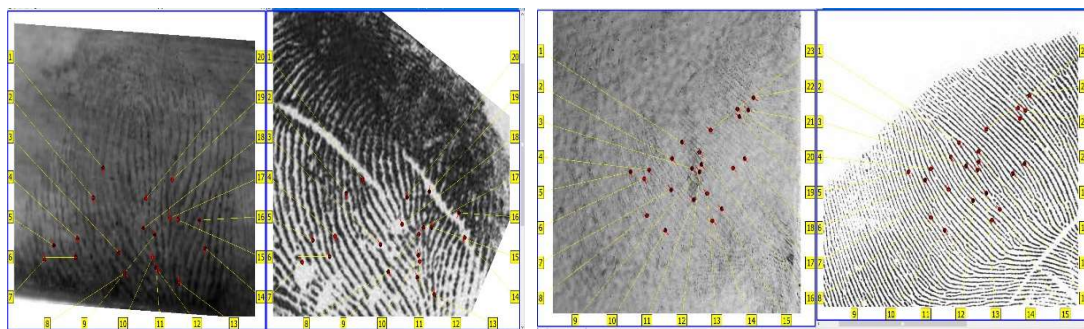

A house-breaking case that occurred on 30th August 2022. The offenders entered the house by tower bolt removal, broke the almirah in the house, and decamped with booty worth Rs. 21,75,000/- (Twenty One Lakh Seventy-Five Thousand). After receiving information FP Experts visited the crime scene and developed five (05) chance prints on plastic box, stainless steel, and steel almirah doors by using white and black powders. The fit chance prints were compared with the fingerprint records of SFPB, CID, AP, Mangalagiri, and five (05) chance prints were found identical with the offenders. IO arrested the offenders and recovered Rs. 21,75,000/- (Two Lakhs Seventy Five Thousand) from them. Thus, fingerprint identification of the offender led IO to the apprehension of the offender. The case is under trial now.

3. PS Gajuwaka, District Vishakhapatnam, FIR No. 962/2022, dated 25.09.2022, U/s 457, 380 IPC.

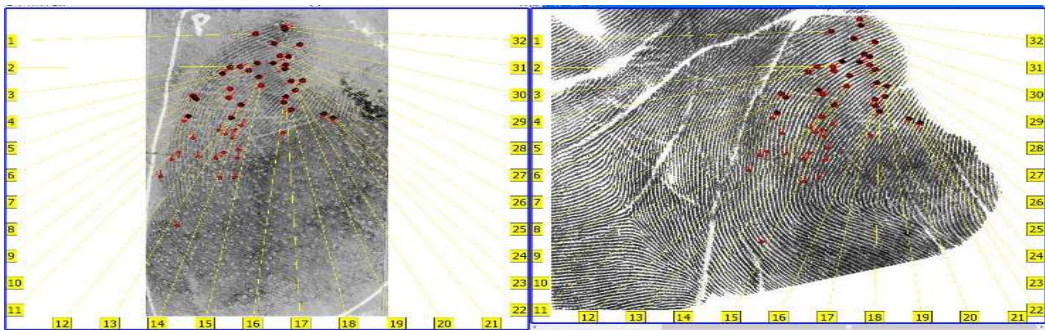

A theft case that occurred on 25th September, 2022. The offender entered the mobile shop through the roof by making a hole in the roof and stole mobile phones worth Rs. 17,52, 715/- (Seventeen Lakh Fifty-Two Thousand Seven Hundred Fifteen). After receiving information, FP Experts immediately visited the crime scene and developed six (06) chance prints on the glass showcase door, cartoon box, almirah, and DVR safeguard by using white and black powders. The fit chance prints were compared with the fingerprint records of SFPB, CID, AP, and Mangalagiri, and two (02) chance prints were found identical with the offenders. In this case, the total intact property of Rs 17,52,715/- (Seventeen Lakh Fifty-Two Thousand Seven Hundred Fifteen) was recovered on the same day. The case is under trial now.

4. PS Yemmiganur Town PS, District. Kurnool, FIR No. 85/2022, dated 14.04.2022, U/s 454, 380 IPC.

A house-breaking case that occurred on 14th April 2022. The offender entered the house by breaking off the main door, broke the almirah inside, and made off with booty worth Rs. 12,76,000/- (Twelve Lakh Seventy-Six Thousand). After receiving information, FP Experts visited the crime scene on 14th April 2022 and developed two (02) chance palm prints on the almirah by using white powder. The fit chance prints were compared with the fingerprint records of SFPB, CID, AP, and Mangalagiri, leading to the discovery that one (01) chance print was identical to the offender. Consequently, the offender was arrested and the amount of Rs. 12,66,000/- (Twelve Lakh Sixty-Six Thousand) was recovered. Thus, fingerprint identification of the offender led IO to the apprehension of the offender. The case is under trial now.

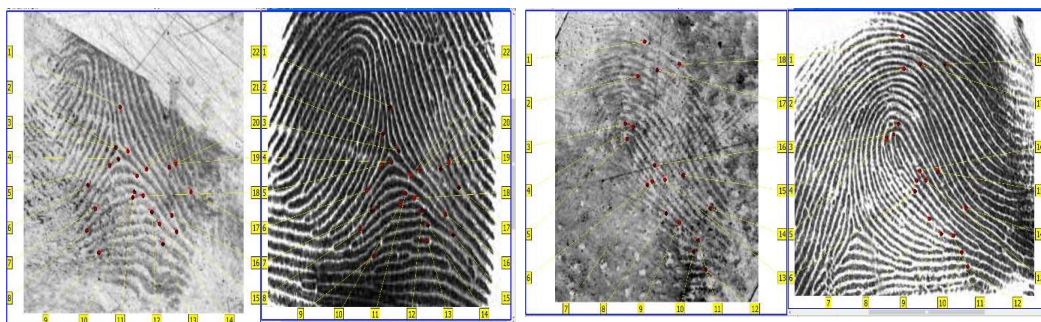

5. PS Talamanchi patnam, District Y.S.R. District, Kadapa, FIR No. 160/2022, dated 30.12.2022 U/s 379 IPC.

A house-breaking case that occurred on 30th December 2022. The offender entered the house by breaking the lock of the main door, proceeded to break the almirah inside, and made off with booty worth Rs. 12,65,000/- (Twelve Lakh Sixty-Five Thousand). After receiving information, FP Experts visited the crime scene on 30th December 2022 and developed four (04) chance prints on steel almirah locker door, door and plastic box by using white powder. The fit chance prints were compared with the fingerprint records of SFPB, CID, AP, and Mangalagiri, leading to the discovery that two (02) chance prints were found identical to the offender. Consequently, the total amount of Rs. 12,65,000/- (Twelve Lakh Sixty-Five Thousand) was recovered. Thus,

fingerprint identification of the offender led the IO to apprehend the criminal. The case is under trial now.

Assam

1. PS Fatasil Ambari, District Guwahati, FIR No. 32/2022, dated 07.02.2022, U/s 302 IPC.

A murder case that occurred on 07th February 2022. A lady was murdered in her house by unknown culprits. The FP team visited the crime scene and developed three (03) chance prints on the door and lock. Upon receiving the suspected specimen from the IO of the case, the specimen prints were examined with chance prints collected from the crime scene. During this examination, one (01) chance print was found identical to the left little fingerprint of the accused. The case is under trial now.

2. PS Mikirbheta, District Morigaon, FIR No. 60/2022, Dated 23.03.2022, U/s 302 IPC.

A murder case that occurred on 23rd March 2022, where a lady was killed by unknown culprit in her house. On requisition, FP expert rushed to the crime scene and found four (04) bloodstained fingerprints on a bamboo stick. Upon receiving the specimen from IO of the case, the specimen prints were thoroughly examined and compared with chance prints collected from the crime scene. This examination led to the identification of one (01) chance print that was found identical to the accused. The case is under trial.

Chhattisgarh

1. PS Sukma, District Sukma, FIR No. 86/2019, dated 11.07.2019, U/s 302, 201, 120B IPC.

This is a murder case. The dead body of a police constable was found in a dense forest near the road, and he had been killed by unknown culprit. On 05th August 2019, a FP expert visited the crime scene and discovered two (02) chance prints on the rear mirror of bolero vehicle and two (02) on a mineral water bottle. The chance prints were developed by the silver-grey powder. When the chance prints were compared with the suspected prints received from the IO, one (01) chance print was found identical with the accused involved in the crime. In this case, fingerprint evidence was the sole basis on which the case was solved. As a result, the accused was sentenced with life imprisonment U/s 302 IPC with fine of Rs. 1000/- (One Thousand) and three (03) year rigorous imprisonment (RI) with Rs. 1000/- (One Thousand) fine.

Goa

1. PS Anjuna, District North Goa. FIR No. 93/2022, dated 18.07.2022, U/s 457, 380 r/w 34 IPC.

This is a housebreaking case that occurred on 18th July 2022. A fingerprint team visited the crime scene. They developed two (2) chance prints on the cheque book. Upon comparison one (01) chance print was found identical with the specimen prints of the accused.

2. PS Panaji, District North Goa, U.D. No. 29/22, dated 07.04.2022, U/s 174 Cr. P.C.

On 07th April 2022, we received finger impression slips of an unknown dead body from PS Panaji, District North Goa. When the prints were compared with the fingerprint records of SFPB, they were found to be identical to the finger impression slip of a previously arrested person. This use of fingerprint science help to establish the identity of the unknown dead body.

3. PS Panaji, District North Goa, U.D. No. 45/22, dated 28.06.2022, U/s 174 Cr. P.C.

On 28th June 2022, we received finger impression slips of an unknown dead body from PS Panaji, District North Goa. When the prints were compared with the fingerprint records of SFPB, they were found to be identical with the finger impression slip of a person previously arrested. Based on fingerprint science identity was established of the unknown dead body.

4. PS Fatorda, District South Goa, U.D. No. 22/22, dated 28.07.2022, U/s 174 Cr. P.C.

On 28th July 2022, we received finger impression slips of an unknown dead body from PS Fatorda, District South Goa. Upon comparison the prints with fingerprint records of SFPB, they were found to be identical with the finger impression slip of a person previously arrested. Based on fingerprint science, identity was established of the unknown dead body.

5. PS Konkan Railway Margao, District South Goa, U.D. No. 36/22, dated 07.11.2022, U/s 174 Cr. P.C.

On 07th November 2022, we received finger impression slips of an unknown dead body from PS Konkan Railway Margao, District South Goa. Upon comparing the prints with fingerprint records of SFPB, they were found identical with the finger impression slip of a person previously arrested. Based on fingerprint science identity was established of the unknown dead body.

6. PS Konkan Railway Margao, District South Goa, U.D. No. 48/22, dated 16.12.2022, U/s 174 Cr. P.C.

On 16th December 2022, we received finger impression slips of an unknown dead body from PS Konkan Railway Margao, District South Goa. Upon comparison the prints with fingerprint records of SFPB, they were found to be identical with the finger impression slip of person previously arrested. On the basis of fingerprint science identity was established of the unknown dead body.

Haryana

1. PS Sadar Yamuna Nagar, District Yamuna Nagar, FIR No. 367, Dated 11.10.2020, U/s 302, 201, 460 IPC.

This is a murder case where unknown culprits committed the crime. Upon receiving the information from the police control room, fingerprint experts promptly visited the crime scene and developed four (04) chance prints. The fingerprints were then compared with the suspect prints received from the IO, resulting in one (01) chance print found identical to the accused involved in the crime. Consequently, the case was prosecuted, and the accused was convicted and sentenced to rigorous imprisonment for life, along with a fine of Rs. 25,000/- (Twenty Five Thousand) dated 01.02.2023.

2. PS Camp Palwal, District Palwal, FIR No. 422, Dated 09.06.2021, U/s 406, 419, 420, 467, 468, 471, 120B IPC & 66-C IT Act.

A case was registered on 09th June 2021, in which a person was alleged to have prepared a forged document (Bahi) using cloned fingerprints. The case dossier was received in the Bureau, which included three (03) disputed fingerprints on the registry. Fingerprint experts carefully examined the disputed fingerprints and compared them with the photographs of cloned thumb prints. It was determined that the cloned prints were identical to the admitted photographed thumb print. This breakthrough allowed the case to be solved through the fingerprint science.

Jammu & Kashmir

1. PS Ram Munshi Bagh, District Srinagar, FIR No. 11/2021, dated 26.02.2021, U/s 307 IPC, 7/25 Arms Act, 13,16 ULA(P) Act.

This is an attempted murder case that occurred on 26th February 2021 in the area of Rammunshi Bagh police station, Srinagar district. Upon requisition by IO, a fingerprint team visited the crime scene. After a thorough examination, they developed eight (08) chance prints on fire arm. Among these, one (01) chance print later was later found to be identical to the specimen right index finger impression of accused person.

Subsequently, the accused person was arrested and charge-sheeted. The case was successfully resolved with the assistance of fingerprints. The case is under trial now.

2. PS Nouhatta, District Srinagar, FIR No. 08/2022, dated 10.02.2022, U/s 326A, 120B IPC.

This is an acid attack case that was registered on 10th February 2022. Upon receiving telephonic information from the IO, a fingerprint expert team promptly visited the crime scene. They discovered an acid bottle that had been used in attack on the victim by accused person. The fingerprint expert developed seven (07) chance prints on the acid bottle, of which three (03) prints were found to be identical to those of the accused person. Consequently, the accused person was apprehended and subsequently charge-sheeted. The case is under trial now.

3. PS. Domana, District Jammu, FIR No 345/2022, dated 12.10.2022, U/s 302 IPC, 4/25 Arms Act.

This is a murder case that occurred under Domana police station. The accused murdered the victim using a weapon (Toka). Following a telephonic message from police control room, a fingerprint expert promptly visited the crime scene. Thorough examination led to the development of five (05) chance prints on weapon (Toka) which was used for killing the victim and on plastic Dettol bottle out of which two (02) chance prints were found identical with accused person. The accused person was arrested and charge sheeted. The case is under trial now.

Jharkhand

1. PS Namkum, District Ranchi, FIR No 262/2021, Dated 08.10.2021, U/s 416, 420, 467, 468, 471, 120(B), 34 IPC.

In this case, the complainant claimed that a piece of land had been fraudulently registered in the conspirators' name using a forged power of attorney. Consequently, the case was forwarded to the fingerprint bureau for investigation. Fingerprint experts carefully examined the documents and compared the disputed

fingerprints with the specimens. The complainant's claim was substantiated as her fingerprints were identified on the forged power of attorney. This meticulous fingerprint analysis played a pivotal role in resolving case, leading to justice being served through the science of fingerprint identification.

2. PS Chanho, District Ranchi, FIR No: 06/2022, Dated 16.01.2022, U/s 366(A), 376(D) (A) IPC 4/6/8 POCSO Act.

In this case, the culprit committed a rape inside a Hyundai car. A fingerprint expert from SFPB CID Jharkhand Ranchi was dispatched to crime scene. After thorough examination, the fingerprint expert successfully developed twenty seven (27) chance prints from glass window of Hyundai car using black and grey powder. Out of these twenty seven (27) chance prints, fifteen (15) chance prints were matched with the finger and palm prints of the victim. This critical evidence allowed for the establishment of the exact point of occurrence in the case.

3. PS Chinia, District Garhwa, FIR No: 61/2022, Dated 21.10.2022, U/s 302, 120(B) IPC & 27 Arms Act.

A case of murder of a local famous person was reported. The victim was murdered near his residence in the evening, and the criminal fled the scene on a motorcycle. Interestingly, the motorcycle used in crime had no registration number, suggesting it had been stolen. The Criminal abandoned the motorcycle in a field, which was later located by district police. A Fingerprint expert, along with their team visited the crime scene. Three (03) chance prints were lifted from the petrol tank of the motorcycle. All the three (03) chance prints were compared with the specimen of suspected person's finger and palm print. Remarkably, all three chance prints matched the right palm print of the suspect. Thus, the two cases was solved through fingerprint science.

Karnataka

1. PS Kengeri, District Bengaluru City, Cr. No. 243/2022, Dated 09.07.2022, U/s 395 IPC.

On 09th July 2022, a group of six robbers entered an astrologer's house, subjecting inhabitants to an attack. They stole gold jewellery and cash worth Rs. 22,50,000/- (Twenty Two Lakhs Fifty Thousand). On the same day fingerprint experts promptly arrived at the crime scene. Despite the robbers having used towels to handle items, the FP Experts were successful in developing chance prints using white powder, particularly with the secret locker of almirah. After analyzing the chance print using AFIS software, it was discovered that it matched with the prints of accused person. On arresting him, Police arrested five more offenders related to the crime. With the help of fingerprints, police arrested the robbers within a short period and recovered the total stolen amount of Rs. 22,50,000/- (Twenty Two Lakhs Fifty Thousand). The case is under trial now.

2. PS Koramangala, District Bengaluru City, Cr. No. 265/2022, dated 18.12.2022, U/s 302, 397, 34 IPC.

This is a brutal murder cum theft case that occurred on 18th December 2022 on the premises of Koramangala police station in Bangalore city. The complainant along with his family went to their native village. The housekeeper and security guard were in the house. After returning on the same day, he found the housekeeper had been murdered. An amount of Rs. 10 lakhs were stolen, and a security guard was missing. So, they suspected one security guard. FP experts visited the crime scene, developed one (01) chance print on a wooden door steel almirah by using white powder, analysed the chance print in AFIS software, and identified the accused. After arresting the accused person police arrested two more offenders related to the crime and recovered a total amount of Rs. 10 lakhs (Rs 10,00,000/-). During investigation revealed that the security guard was also murdered by the accused persons and drowned in the water pump. With the help of fingerprints, police arrested the accused persons within a short period, recovered the total stolen amount, and solved double murder case. The case is under trial now.

3. PS Jagaluru, District, Davanagere Cr. No. 10/2022, dated 08.01.2022, U/s 454, 457, 380 IPC.

Between 04th January 2022 at 08:45 pm to 08th January 2022 at 03:00 am, some unknown culprits entered the house by breaking the lock of main door and stole Rs. 19,50,500/- (Nineteen Lakhs Fifty Thousand Five hundred) worth gold ornaments and cash. Officer and staff of Fingerprint Unit, Davanagere visited the crime scene on 8th January 2022, and verified the disturbed articles and developed three (03) chance prints using silver, grey and black powder on front door and wardrobes marked as 'A' 'B' and 'C'. The 'B' and 'C' chance prints were matched with inmates. Developed chance print 'A' was searched in the AFIS software and found identical with the left thumb of previously arrested person. Accused was arrested and the total property was recovered. Case is under trial now.

4. PS Kaginele, District, Haveri, Cr. No. 02/2022, dated 09.01.2022, U/s 435, 436, 447, 427, IPC KPDP Act 1984.

On 09th January 2022 at midnight from 02:00 am to 02:45 am, unknown culprits entered the Bank, stole and destroyed Rs. 16,00,000/- (Sixteen Lakhs) worth of bank properties by fire using fuel. On the same day officer and staff of Finger Print Unit, Haveri visited the crime scene & verified the disturbed articles. Developed one (01) chance print using silver powder on a plastic bottle filled with fuel marked as 'A'. On 09th January 2022, the same chance print 'A' was searched in the AFIS software and, 'A' was found identical to the right little finger of the previously arrested person. The accused was arrested and property recovered. With the help of fingerprints, the case was solved, and recovered the total amount within a short period. The case is under trial now.

5. PS Hassan Extn., District Hassan, Cr. No. 95/2022, dated 27.04.2022, U/s 457, 380 IPC.

On 26th April 2022, at night, an unknown culprit entered the home by breaking the front door & ran away with 315-gram gold ornaments & a cash amount of Rs. 2 lakhs, total worth Rs. 11,50,000/-. The FPU team visited the spot on 27th April 2022 and developed one (01) chance print using silver powder on the plastic toolbox and marked it as "Q1". The chance print marked as "Q1" was searched in AFIS on the same day and the chance

print was found identical to the person who was previously arrested in some other case. The accused person was arrested. The case is under trial now.

6. PS New Extension, District Tumkur, Cr. No. 106/2021, dated 06.12.2021, U/s 457, 380 IPC.

This is a house-breaking theft case. The case was reported on 06th December 2021. Some unknown culprits during night broke into the mobile shop and stole 94 mobile phones worth of Rs. 49 lakhs. The police personnel visited the crime scene and informed fingerprint experts. The fingerprint experts visited the crime scene. After proper observation in the shop, they developed twelve (12) chance prints using silver powder on the mobile boxes. The developed chance prints submitted to the State AFIS didn't match with any record. On 01st January 2022, print "A" was re-edited in NAFIS, and print "A" was found identical to the previously arrested person who was an interstate criminal from Bihar State. The case is under trial now.

7. PS Malur, District Kolar, Cr. No. 446/2022, dated 23.09.2022, U/s 392 IPC.

On 23-24th September 2022, in the police station area of Malur PS, the victim's house was robbed by unknown culprits. Gold ornaments, and cash worth Rs. 35,00,000/- was stolen. FPU Staff visited the crime scene and after thorough examination, they developed two (02) chance prints using silver powder on the almirah and plastic jewellery box. On 28th September 2022, a Fingerprint expert of Finger Print Unit Kolar district searched the chance print marked as "A" in the State database AFIS and found identical to the right-hand index finger of a previously arrested person in another case. The accused person was arrested by police and recovered total amount. The case is under trial now.

8. PS Kolar Rural, District Kolar, Cr. No. 577/2022, dated 16.11.2022, U/s 302 IPC.

On 16th November 2022, a double murder case occurred in the police station area of Kolar Rural PS. A lady along with her child was murdered. FPU staff visited the crime scene. One Samsung mobile phone in the car dashboard was found and one (01)

chance print on it. On 24th November 2022, a fingerprint expert of Finger Print Unit Kolar district searched the chance print marked as “A” in the State database AFIS and found it identical to the right-hand thumb of a previously arrested person in another case. With the help of fingerprints, this murder case was solved. The case is under trial now.

9. PS M B Nagar, District Kalaburgi City, Cr. No. 03/2022, dated 06.01.2022, U/s 457, 380 IPC.

On 06th January 2022, a House Break-in and Theft case occurred in the area of PS M B Nagar, District Kalaburgi City. Unknown culprits entered the house by breaking the door lock and stole gold and silver ornaments, a total amount worth Rs. 1,16,80,000/- (One crore Sixteen Lakh Eighty Thousand). On receiving telephonic information from IO, the fingerprint expert team visited the crime scene and after proper examination, they developed three (03) chance prints using silver powder on steel almirah wooden door and showcase. Developed chance prints were searched in the State AFIS database and found identical with the left index impression of the previously arrested person in the other case. The accused was arrested and all ornaments were recovered. With the help of fingerprints, the case was solved and total stolen ornaments were recovered within a short period. The case is under trial now.

Kerala

1. PS Ettumanoor, District Alappuzha, FIR No. 690/2022, dated 27.10.2022, U/s 457, 461 & 380 IPC.

It is a sensational case of serial temple theft. The culprit entered the temple by breaking the door and stolen gold ornaments from the Idols and the total property lost was 9.5 Sovereign of Gold. A fingerprint expert from the Alappuzha district FP unit visited the crime scene. After a thorough examination by the fingerprint expert, they developed eight (08) chance prints from the broken door of the temple through black powder. Out of these, one (01) chance print was found identical to the finger impressions of the suspect. With the help of fingerprints, the case was solved. The case is under trial now.

2. PS Balaramapuram, District Thiruvananthapuram, CC No. 258/2019 (Cr. No. 1863/2011), dated 13.03.2019, U/s 193, 196, 406, 465, 468, 474, 419, 420 r/w 34 IPC.

This is a cheating and forgery case that occurred in 2004. In this case, the accused had a common intention to cheat the complainant and obtain his property in Parassala village. The accused produced a memo from the sub-registrar office, Parassala before the sub-registrar's office, Neyyattinkara. On 24th July 2004, the 1st accused executed and registered the forged sale deed No. 1196/2004 by impersonating the original owner of the above property in favor of the 2nd accused and his wife. The first accused also impressed his thumb impression in the thumb impression register, volume No. 515 of sub-registrar office Neyyattinkara. Thereafter the 1st and 2nd accused filed original Suit No. 522/2009 as plaintiffs and produced the forged sale deed before the Munsiff court, Neyyattinkara as genuine. Therefore, a thumb impression register was sent to FSL comprising the signature of the complainant but no useful report was received. Thereafter thumb impression register was sent to FSL for comparing the thumb impression. After analysing, the fingerprint expert gave a report that thumb impressions alleged to be impressed by the complainant in the thumb impression register were not found identical. Accused persons were convicted and sentenced to undergo simple imprisonment (SI) for 06 months U/s 419 of IPC, sentenced to undergo simple imprisonment (SI) for 01 year and to pay Rs. 2000/- each U/s 420 of IPC, sentenced to undergo simple imprisonment (SI) for 06 months U/s 465 of IPC, sentenced to undergo simple imprisonment (SI) for 01 year and to pay Rs. 2000/- each U/s 468 of IPC and sentenced to undergo simple imprisonment (SI) for 03 years and to pay Rs. 3000/- each U/s 474 of IPC. In default of payment of fine, both accused shall undergo SI for a period of 30 days each by the Hon'ble Judicial First Class Magistrate.

Madhya Pradesh

1. PS Awadhपुरi, District Bhopal, FIR No. 298/2022, dated 15.12.2022, U/s 302, 34 IPC.

On 13-14 December 2022, some unknown culprit stole a bolero pickup from the village Pathari road. In this case, the complainant informed his son and son-in-

crimes were registered against the accused in various police stations of Nashik City, Maharashtra. The case is under trial now.

3. PS Kotwali, District Seoni, FIR No. 905/2022, dated 25.11.2022, U/s 457, 380 IPC.

During the night of 24-25th November 2022, the unknown accused entered the house of the parents of the complainant at the housing board colony by breaking the hinge of the door and stole gold, and silver jewellery costing about Rs.10,50,000/- (Ten Lakh Fifty Thousand) and cash of Rs. 6000/- (Six Thousand) from the almirah. On the requisition of the police control room fingerprint expert from the Chhindwara FP unit reached the crime scene and after a close examination of the crime scene FP expert developed six (06) chance prints on the almirah, suitcase, iron rod, and plastic box with black powder. The developed chance prints were compared in the NAFIS and one (01) chance print was found identical to the accused who had previous criminal records. Many cases were registered against the accused in various police stations in Chhattisgarh and Maharashtra. In this case, two accused were arrested within two days, and stolen property of about Rs. 9,24,000/- (Nine Lakh Twenty Four Thousand) was recovered. In this case, interstate criminals were involved. The case is under trial now.

फिंगर प्रिंट के माध्यम से कोतवाली पुलिस ने किया चोरी की घटना का पर्दाफाश

4. PS Kotwali, District Khandwa, FIR No. 77/2022, dated 05.02.2022, U/s 302, 201 IPC.

On 05th February 2022, an unidentified vehicle 'Activa' was found and sent to police station Kotwali Chowki, Ramnagar. Police reached the registered address of the vehicle for inquiry and after opening the gate of the house, they found blood inside the house and the body of a woman in the water tank. On the requisition of a police control room, a fingerprint expert from the Khandwa FP unit reached the crime scene and after close examination of the crime scene FP expert, developed seven (07) chance prints on the white floor, door, door handles, steel lock and Activa with black and silver powder. The chance prints were compared with the specimen prints received from the police station of the suspect, one (01) chance print was found identical with a suspect fingerprint. The case is under trial now.

5. PS Kotwali, District Mandsaur, FIR No. 97/2022, dated 12.02.2022, U/s 302, 120B IPC.

In this case, the accused entered the house committed murder, and stole the jewellery. On the information of the police control room district Mandsaur, an FP expert visited the crime scene. During close examination of the crime scene, the FP expert developed two (02) footprints on the floor of the house. The footprints were compared with the suspect's specimen footprints which were received from the police station, one (01) footprint was found identical. The accused was arrested and charge-sheeted. The case is under trial now.

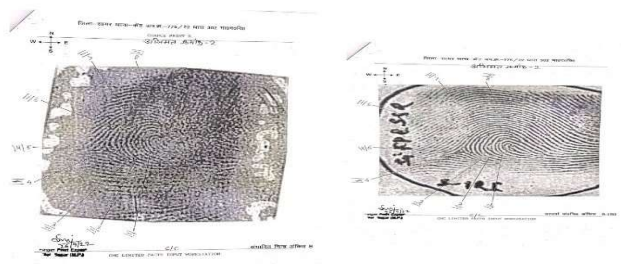

6. PS Cantt, District Sagar, FIR No. 775/2022, dated 28.08.2022, U/s 302 IPC.

From 27th August till 31st August 2022, in district Sagar under the police station Cantt, Civil Line, and Motinagar, incidents of murders occurred continuously by an unknown serial killer. The persons targeted were those who slept alone in the night. At the midnight on 27-28 August, unknown accused killed a garage watchman hitting by

hammer on his head. On the information of police control room district Sagar, FP expert visited the scene of crime on 28th August 2022. During the close examination of the crime scene, two (02) chance prints were found from an ACP plastic sheet with black powder. The chance prints were compared with the specimen prints received from the police station of the suspect, and two (02) chance prints were found identical to a suspect fingerprint. The accused was arrested and charge-sheeted. The case is under trial now.

7. PS Semariya, District Rewa, FIR No. 404/2022, dated 23.09.2022, U/s 302, 201, 449 IPC.

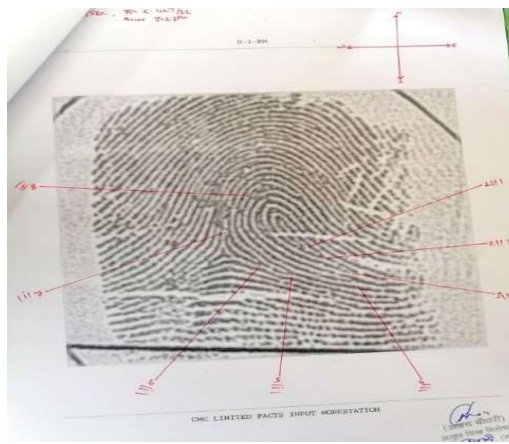

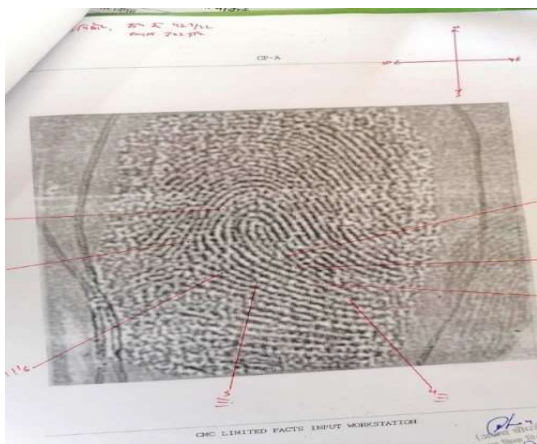

This is a murder case. In this case, a deaf woman was brutally murdered by an unknown accused by strangulation, the dead body was buried in straw. The jewellery and cash kept in the house were stolen. On the information of police control room district Rewa, an FP expert visited the crime scene on 23rd September 2022. During close examination of the crime scene, an FP expert developed two (02) chance prints on the torch and glass with black powder. The chance prints were compared with the specimen prints received from the police station of the suspect, one (01) chance print was found identical with a suspect fingerprint. The accused was arrested and charge-sheeted. The case is under trial now.

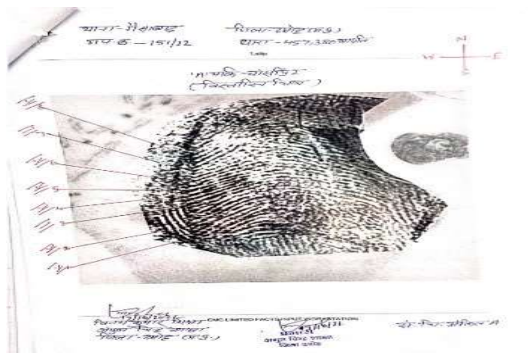

8. PS Pichhor, District Shivpuri, FIR No. 427/2022, dated 22.07.2022, U/s 302, IPC.

In this case, the father of the complainant was shot dead by an unknown accused on the third floor of the house located in Nagariya Colony, Pichor. On the information of Police Control Room District Shivpuri, an FP expert visited the crime scene on 22nd July 2022. During close examination of the crime scene, a total no. of three (03) chance prints were developed from a metal bed and painted metal door with black powder. These chance prints were compared to the specimen prints provided by the police station, resulting in a match with one (01) of the chance prints to the suspect's finger print. The case is under trial.

9. PS Gaisabad, District Damoh, FIR No. 151/2022, Dated 17.09.2022, U/s 457, 380 IPC.

In this case, unidentified individuals forcibly entered a temple by breaking the lock and stole around 04 kg of jewellery and cash from a donation box of about Rs. 21,000/- (Twenty One Thousand). The overall value of the stolen property amounted to Rs. 2,21,000/- (Two Lakh Twenty-One Thousand). Upon receiving information from police control room in district Damoh, an FP expert visited the crime scene on 17th September 2022. During the close examination of the crime scene, an FP expert developed three (03) chance prints on the donation box, lock, and entry gate (glass) with black powder. Upon comparing these chance prints to NAFIS, one (01) chance print was matched with the accused. Subsequently the accused was arrested, and entire stolen property was recovered. The accused has been charge-sheeted, and the case is under trial now.

Maharashtra

1. PS Malshiras, District, Solapur Rural, FIR No. 267/2022, dated 29.04.2022, U/s 454, 380 IPC.

This is an House Break-in and Theft case involving a bungalow owned by a political leader. The bungalow was unoccupied at the time of the incident, and the culprit manage to enter and steal Rs. 4,67,000/- (Four Lakh Sixty Seven Thousand). Upon receiving a call from the control room, fingerprint experts visited the crime scene. After a thorough examination, the FP expert developed three (03) chance prints on the mirror of a steel cupboard, plastic pouch, and car bonnet by using grey powder. The developed chance prints were checked on the MAHA AMBIS system, which found them identical to the accused person's print. The team then arrested the accused person, who later confessed to having committed 23 crimes. He revealed that he was part of a gang comprising 15-16 individuals involved in this series of crimes. They all were arrested solely based on fingerprint report from the Bureau. After arresting the remaining individuals, the ten print

slips were also uploaded to AMBIS for searching and, in Reverse Verification Queue (RVQ) many more identical results were found and Rs.15,61,600/- (Fifteen Lakh Sixty One Thousand Six Hundred) was recovered from the accused arrested.

2. PS Bidkin, District: Aurangabad Rural, FIR No. 562/2022, dated 18/12/2022, U/S 302, 460 IPC.

This is a double murder case that took place in MIDC area under Bidkin police station. The accused murdered an elderly couple by choking them with a wire. Upon receiving a telephonic message from police control room, fingerprint experts visited the crime scene. They conducted a meticulous examination and developed four (04) chance prints, with three (03) on the left side door of steel cupboard and one (01) on steel pot of mixer. The developed chance prints were promptly searched in portable AMBIS local database, which revealed that one (01) chance print was identical to the accused person. The accused had a previous arrest history in Vadodh bazaar police station in Aurangabad, and one (01) another chance print was also found identical to the left-hand thumb fingerprint on the specimen slip of an accompanied person and he was arrested after interrogation. Further investigation uncovered the motive behind the murder, as it was revealed that the accused didn't want to return something to the victim. The charge sheet was filed in the court.

3. PS Shahpur, District Kolhapur, FIR No. 335/2022, dated 14.11.2022, U/s 454, 457, 380 IPC.

This is a daylight House Break-in and Theft case in which property worth Rs. 7,89,500/- (Seven Lakh Eighty-Nine Thousand Five Hundred) in cash and ornaments was stolen. Upon receiving a telephonic message, a fingerprint expert visited the crime scene. Careful examination of the location led to the development of eight (08) chance prints on various articles within the house. These developed chance prints were uploaded and searched in the MAHA AMBIS system, resulting in identification of six (06) chance prints that matched with those of a habitual criminal. During interrogation, the accused person confessed to his involvement in five (05) additional cases that were still unsolved.

An amount of Rs. 5,75,000/- (Five Lakh Seventy-Five Thousand) was recovered from the accused person, and a charge sheet was filed against him. The case is currently under trial.

4. PS Duggipar, District Gondia, FIR No.66/2022, dated 04.04.2022, U/s 395, 457, 380, 427 IPC.

This is a theft case involving a loss of property amounting to Rs. 7,07,000/- (Seven Lakh Seven Thousand). Upon receiving a telephonic message from the IO, a team of fingerprint experts visited the crime scene on the same day and successfully developed six (06) chance prints on various articles within the house. Subsequently, all the chance prints were meticulously searched in both the AMBIS and NAFIS systems. Through the NAFIS system, one (01) chance print was identified as matching with the accused, who was an interstate criminal from the MP State. The accused was promptly arrested, and during interrogation, he confessed to the crime. Property worth Rs. 3,97,700/- (Three Lakh Ninety-Seven Thousand Seven Hundred) was also recovered within two days. Owing to collaboration between FP experts and NAFIS team, this robbery was swiftly detected. The case is currently under trial.

Meghalaya

1. PS Nongpoh, District Ri-Bhoi, FIR No. 47(03)/2022, dated 21.03.2022, U/s 302 IPC.

This is a murder case that took place on 21st March 2022, where unidentified culprits committed the murder of a woman in her rented house. In connection with this murder case, a fingerprint expert visited the crime scene on 22nd March 2022. During the search, four (04) chance prints were developed from a 200 ml phenyl bottle (Suraksha phenyl) labeled as Q1, Q2, Q3 and Q4. Upon comparison, it was revealed that the ten-digit specimen fingerprint slip from the right middle finger of the suspected person was identical to the chance print marked as Q1.

Mizoram

1. PS Saitual, District Saitual, FIR No. 13/2022, Dated 21.03.2022, U/s 454, 380 IPC.

On 21st March 2022, a criminal case was reported at Saitual Police Station, in between 18-20 March 2022, an unknown perpetrator gained unauthorized access to an EE, PWD Office by breaking the ventilation window, and removing the window panes. The steel almirah in the account room was forcibly opened and ransacked, resulting in a theft of approximately Rs. 1,20,000/-. In response to the police requisition, a team of forensic experts visited the scene. After a thorough search and examination, they photographed and developed sixteen (16) chance prints using black powder, which were found on the window pane, steel almirah and drawer. During the examination, one (01) chance print was identified, matching the left middle impression on the specimen print of a suspect.

Odisha

1. PS Bolangir Town, District Bolangir, FIR No. 27/2022, Dated 15.01.2022, U/s 457, 380 IPC.

Some unknown culprits entered a mobile store and stole several smart phones, cash and DVR of CCTV. On 15.01.2022 Fingerprint experts visited the crime scene. They examined the disturbed articles and successfully developed ten (10) chance prints on glass entrance door, glass rack and transparent polythene cover. Subsequently, the chance prints were compared with the suspect prints received from the IO. This comparison led to the discovery that two (02) chance print were identical to the right index and left ring fingerprints of the individual accused of involvement in the crime.

2. PS Thakurmunda, District Mayurbhanja, FIR No. 12/2022, Dated 19.01.2022, U/s 302 IPC.

On 19th January 2022, an unidentified female's dead body was found lying near the Sarabahali Sahi forest area in Khandabandha, Thakurmunda. In response to the information from the PCR, fingerprint experts from Mayurbhanja fingerprint unit promptly visited the crime scene. At the scene, they successfully developed two (02) chance prints on a plastic bottle using white powder. Subsequently, these chance prints were compared with the suspect prints provided by the IO. The comparison revealed that

one (01) of the chance prints was identical to the left thumbprint of the individual accused of involvement in the crime.

3. PS Deogarh, District Deogarh, FIR No. 24/2022, Dated 15.01.2022, U/s 392, 324, 307 IPC.

Three unidentified individuals rented a car in Sambalpur with the intention of traveling to Deogarh. During the journey, they assaulted the driver with knife and forcibly seized the car. On 16th January 2022, a fingerprint expert visited the crime scene and skillfully developed three (03) chance prints on glass bottles. The fingerprint experts compared the chance prints which they had developed with the suspect prints provided by the IO. This analysis revealed that one (01) of the chance prints was identical to the left thumbprint of one of the suspects involved in the incident.

Puducherry

1. PS Kalapet, District Puducherry, FIR No. 45/2022, dated 26.06.2022, U/s 454, 380 IPC.

On 20th June 2022, between 08:45 hrs to 17:00 hrs, an unknown culprit forcibly entered the complainant's residence at Palla Theru, Periya Kalapet, Puducherry, by breaking through the back door. During this unlawful entry, they carried out a theft, stealing 45 sovereign gold jewels valued at approximately Rs. 10 lakhs. In response to this incident, a fingerprint expert visited the crime scene, conducting an exhaustive and meticulous search for fingerprint evidence. Through their keen examination, they successfully developed a single (01) chance print of the suspected individual from the back door of the aforementioned house. This developed chance print, labelled as "M1" was carefully photographed. Subsequent analysis revealed that the chance print "M1" obtained from the crime scene was an exact match to the suspect's fingerprint. Notably, this suspect had previously been involved in and arrested for theft cases in the other cases within the jurisdiction of Kalapet Police Station, East Sub-Division, Puducherry. As a result, the accused person was arrested, and a portion of stolen property, consisting of 25 sovereign gold jewels, was successfully recovered. The expert opinion of the Finger Print

Searcher played a pivotal role in resolving this case.

Sikkim

1. **PS Sadar, District Gangtok, FIR No. 27/2022, dated 16.02.2022, U/s 457, 427 IPC r/w 180, 511, 3 of PDPP Act.**

On 16th February 2022, a requisition was received from Sadar Police Station, prompting the visit of a FP expert to the crime scene. Following a meticulous examination of the crime scene, the expert successfully developed four (04) chance prints. These prints were obtained from the holder of a CCTV camera and an ATM monitor located at the State Cooperative Bank. The development process involved the application of black powder and was conducted in the presence of two independent witnesses. Among the four (04) chance prints that were developed, three (03) chance prints of them were discovered to be identical to the suspect's specimen left thumb and the left index finger of the suspect. This crucial fingerprint evidence greatly contributed to the investigation of the case.

Tamil Nadu

1. **PS E1-Mylapore, District Maylapore, FIR No. 201/2022, dated 07.05.2022, U/s 363, 365, 457, 380, 302, 120(B), 363, 365, 457, 380 & 201 IPC.**

This is a case of intentional kidnapping and theft that took place on 07th May 2022. The perpetrators kidnapped an individual and stole 1,140 sovereign gold jewels and 55 kg of silver ornaments. Upon receiving a call from the IO, an FP Expert promptly visited the crime scene on the same day. Using a combination of white and black powders, the experts successfully developed three (03) chance prints. Subsequently, the chance prints were compared with the fingerprints of the accused persons, and they were found to be identical to those of the offenders. The IO then proceeded to arrest the offenders and successfully recovered the stolen 1,140 sovereign gold jewels and 55 kgs of silver ornaments. In this case, fingerprint identification played a crucial role in leading to the apprehension of the offenders.

2. PS Melur, District Madurai, FIR No. 544/2022, dated 19.09.2022, U/s 457, 380 IPC.

This is a housebreaking case that occurred on 19th September 2022. The offender gained entry into the house by breaking a window at the back of the house and committed theft. Inside the house, the offender also broke into an almirah and made off with a substantial haul, including 132 ½ sovereign gold jewels, forty five (45) kgs of silver articles, with a total estimated worth of Rs. 54,35,000/- (Fifty Four Lakh Thirty Five Thousand). In response to the IO's request, the FP Expert promptly visited the crime scene. Through meticulous examination, the expert successfully developed one (01) chance print on the steel almirah door, by using white powder. Upon comparing the chance print with the fingerprints of the accused person, it was determined to be identical. Subsequently, the IO arrested the offender. In this case, fingerprint identification played a pivotal role in leading to apprehension of the offender.

3. PS Chengalpattu Town, District Chengalpattu, FIR No. 367/22, dated 01.08.2022, U/s 457, 380 IPC.

This is a housebreaking case that occurred on 01st August 2022. During the night, an offender gained unlawful entry into the house by breaking a window at the backside. Inside the house, the perpetrator forcibly broke the steel almirah and stolen 67 sovereign gold jewels and 9.1 kgs of silver ornaments, with an estimated worth of Rs. 15,75,000/- (Fifteen Lakh Seventy-Five Thousand). In the response to the IO's request, an FP Expert promptly visited the crime scene on the same night. The expert conducted a thorough examination and successfully developed three (03) chance prints on the steel almirah door, utilizing white powder for the process. Subsequently, the fit chance prints were meticulously compared with the fingerprint records, revealing an identical match with an individual previously arrested in another case. Following this discovery, the IO apprehended the offender. In this case, fingerprint identification played a crucial role in leading to apprehension of the offender.

4. PS B4 - Sevapet, District Avadi COP, FIR No. 603/2022, dated 13.05.2022, U/s 454, 380 IPC.

This is a housebreaking case that occurred on 13th May 2022. Under the cover of night, an intruder forcibly entered the house by breaking door and commit theft, making away with 41 sovereign gold and cash amounting to Rs. 6,00,000/- (Six Lakh). Upon the request of the IO, a FP Expert promptly visited the crime scene on the same night. The expert conducted a meticulous examination of the scene and successfully developed one (01) chance print on the glass door, by using white powder for the process. This fit chance print was then compared with the fingerprint records maintained by the fingerprint Bureau, leading identical match with an individual previously arrested. As a result of this fingerprint identification, the IO was able to apprehend the offender swiftly.

5. PS Tiruppur North, District Tiruppur City, FIR No. 641/2022, dated 12.06.2022, U/s 342, 452, 392 IPC.

This is a robbery case that took place on 12th June 2022. Four unidentified culprits forcibly entered a house and brandished knives to intimidate the family members of the victim. They subsequently absconded with a sum of Rs. 15,10,000/- (Fifteen Lakh Ten Thousand) in cash. On the same day, upon the request of IO, a fingerprint team promptly visited the crime scene. They conducted a thorough examination and successfully developed five (05) chance prints on a jewel box, utilizing black powder for the process. The fit chance prints were then compared with the accused person, revealing an exact match. In response to this fingerprint identification, the IO promptly apprehended the accused and managed to recover an amount of Rs. 6,99,500/- (Six Lakhs Ninety-Nine Thousand Five Hundred). Thus, the offender was apprehended thanks to the crucial assistance of fingerprint identification.

6. PS Sembanarkoil, District Mayilduthurai, FIR No. 624/2022, dated 17.06.2022, U/S 457, 380 IPC.

This is a housebreaking case that occurred on 17th June 2022. The perpetrator gained entry into the house by forcibly breaking lock and subsequently

opening main door, taking advantage of the absence of occupants. They committed theft, making off with 46.50 sovereign gold jewels worth Rs. 8,00,000/- (Eighth Lakh). At the request of the IO, an FP Expert promptly visited the crime scene on the same day. They conducted a meticulous examination and successfully developed five (05) chance prints on a steel almirah and a table, by using white powder. Subsequently, the fit chance prints were compared with the records of suspected individuals, leading to an exact match. In response to this fingerprint identification, the IO arrested the accused person and manage to recover the entire stash of stolen jewels, totaling 46.50 sovereign gold jewels worth Rs. 8,00,000/- (Eight Lakh). Thus, the identification of the accused person through fingerprints played a pivotal role in both apprehension of offender and recovery of stolen jewellery.

7. PS Varanjaram, District Kallakurichi, FIR No. 83/2022, dated 08.08.2022, U/S 457, 380 IPC.

This is a housebreaking case that took place on 08th August 2022. During the night, unidentified culprits forcibly entered a jewellery shop by breaking through the door. Once inside, they broke a steel almirah within the shop that contained substantial quantity of jewellery items. The thieves made off with a haul amounting to 2,085 gms of gold Jewels, 22 kg silver ornaments, and cash totaling Rs. 45,850/- (Forty Five Thousand Eight hundred Fifty). The total value of the stolen property was estimated at Rs. 57,50,000/- (Fifty Seven Lakh Fifty Thousand). In response to a request from the IO, a FP Expert promptly visited the crime scene on the same night. Conducting a thorough examination, the expert successfully developed a total of two hundred seventy-four (274) chance prints from various surfaces, including the steel almirah and other articles. Both black and white powders were utilized in this process. The fit chance prints were subsequently compared with fingerprint records, resulting in identification of three (03) chance prints that matched records of individual previously arrested in an unrelated case. With the aid of this fingerprint identification, the IO swiftly arrested the culprits and successfully recovered the entire cache of stolen ornaments, including the cash. Consequently, the fingerprint identification of the offenders played a pivotal role in apprehension of these individuals involved in the crime.

8. PS Tamil University, District, Tanjore, FIR No. 789/2022, Dated 10.11.2022, U/s 454, 380 IPC.

This is a housebreaking case that occurred on 10th November 2022. During the night, an intruder entered a residence by breaking through a door and committed theft including 158.430 gms of gold and cash amounting to Rs. 8,000/- (Eight Thousand). In response to a request from the IO, a FP Expert promptly visited the crime scene on the same night. Conducting a thorough examination, the expert successfully developed two (02) chance prints from surfaces, including a plywood door and a cupboard, by using white powder. Both of these fit chance prints were then compared with the records of the individual, ultimately yielding identical matches with the accused person. Leveraging this crucial fingerprint identification, the IO swiftly apprehended the offender and successfully recovered the entire stolen property

Telangana

1. PS Sulthanabad, District Peddapalli, FIR No. 94/2022, dated. 24.04.2022, U/s 454, 380 IPC.

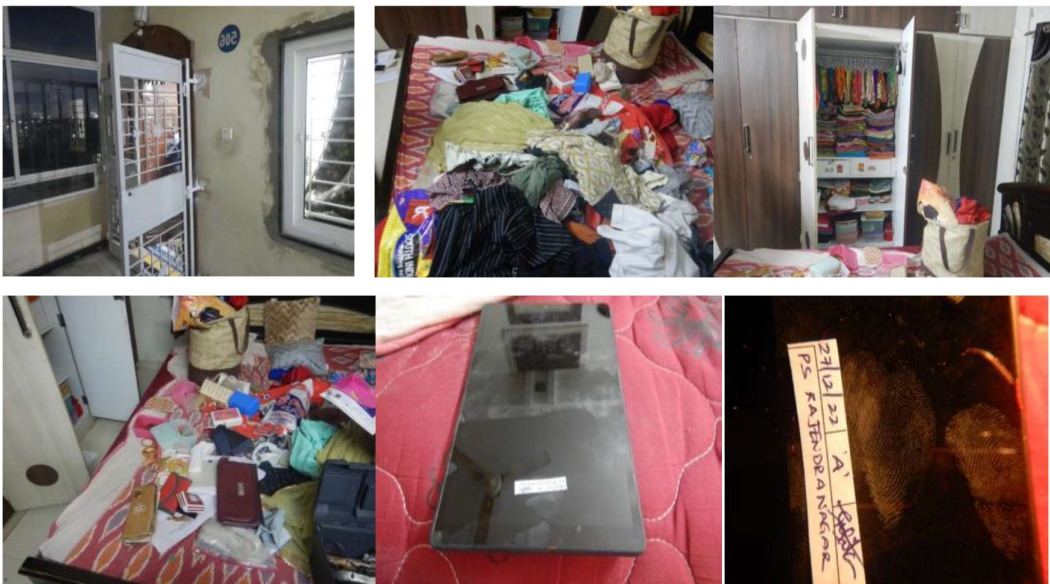

This is a house burglary case that took place on 24th April 2022. Unknown offenders gained access to the house by breaking in. An FP Expert promptly visited the crime scene on 25th April 2022 and successfully developed two (02) chance prints on a steel box using white powder. These chance prints were then meticulously compared with the suspect's finger impression records. During the comparison process, one (01) chance print was identified as identical to the specimen finger impression of the accused. As a result of this crucial fingerprint identification, property worth Rs. 1,95,000/- (One Lakh Ninety-Five Thousand) was successfully recovered. Subsequently, the accused was arrested and the case is under trial.

2. PS Rajendranagar, District Ranga Reddy, FIR No. 1984/2022, dated 27.12.2022, U/s 454, 380 IPC.

This is a house burglary case that occurred on 27th December 2022 at New Friends Colony, Hydegeuda, Rajendranagar, Telangana. The complainant reported that

upon returning home from school, noticed that the main door lock of their house had been broken. The complainant promptly rushed home and found that various cupboards, and bedroom lockers had also been forced open. A total of Rs. 80,000/- in cash, along with jewellery including a nallapusala chain weighing 23 grams, a small chain weighing 9 grams, two pairs of earrings weighing 10 grams, and two pairs of hand rings weighing 6 grams were missing from the cupboards. The total worth of the lost property amounted to Rs. 1,25,000/- (One Lakh Twenty Five Thousand). Upon receiving this information, the fingerprint team from the Shamshabad unit visited the crime scene. They meticulously searched the crime scene, examined the disturbed articles, and successfully developed six (06) chance fingerprints. Among these, one chance print was developed on a tab and marked as "A", one chance print was developed on a plastic box and marked as "B", while remaining four (04) chance prints were developed on cup-board and marked as "C", "D", "E" & "P1". The chance prints marked as "B" & "C" were eliminated as they belonged to the occupants of the house. The chance print "D" & "P1" were verified, but the result did not yield any identification. However, the chance print marked as "A", and "E" were compared and verified against the criminal fingerprint database, revealing that they were identical to the right ring & right middle finger of the accused. Consequently, the case is currently under trial.

3. PS Medlacheruvu, District Suryapet, FIR No. 175/2022, dated 29.10.2022, U/s 457, 380 IPC.

This is a house burglary case that occurred on 29th October 2022. In the early morning hours of the same day, a complaint was reported from Priya Nagar Colony in Medlachervu PS at 09:30 hrs. The complaint stated that employees of M/s Rain Cements Ltd. residing in Priya Nagar colony, which is located within the premises of the company, had fallen victim to a criminal trespass. During the intervening night of 28/29th October 2022, unidentified offenders broke into Priya Nagar colony quarters, breaking into four houses and making off with stolen items including gold and silver ornaments, as well as cash, all worth Rs. 7,70,000/- (Seven Lakh Seventy Thousand).

Upon receiving a requisition from SIP, Medlacheruvu, Suryapet district, a fingerprint team visited the crime scene. They thoroughly examined the entire scene and successfully developed four (04) chance prints. These developed chance print were photographed and marked as 'A', 'B', 'C', and 'P1'. On 12th November 2022, chance print 'A' was submitted to the State Fingerprints database. The Finger/Palm Prints of suspect, who had a previous criminal record in the State of Madhya Pradesh at Badwani district, were received via email on 26th December 2022. These prints were processed for matching against the unsolved crime scene chance prints database of the State Fingerprint Bureau, Telangana, Hyderabad. Upon verification, the unsolved chance print was found to be identical to the fingerprint of the accused. The accused in this case had previously been arrested at Karankote PS, Vikarabad Distt. Telangana.

4. PS Kusaiguda, District Rachakonda Commissionerate, FIR No. 957/2022, Dated 21.09.2022, U/s 457, 380 IPC.

This is a house burglary case that occurred on 21st September 2022. A phone call was received by the Station House Officer of Kusaiguda PS, stating that in the Bajaj Electronic Store, ECIL, Hyderabad, unknown offenders had likely gained entry into the store by breaking open the false ceiling. They committed theft, specially of cell phones, with a total estimated value of approximately Rs. 70,00,000/-. The Finger Print Unit, Malkajgiri, swiftly responded to the crime scene upon the request of the concerned IO, with the instruction to preserve the crime scene. At the crime scene, photography and videography were conducted using the outward spiral method. Subsequently, the crime scene was divided into zones for the systematic search for chance prints. After careful examination of the disturbed articles, twenty five (25) chance prints were developed on various mobile boxes, mobile covers, cash counter, and cupboards. These chance prints were then compared with the records of State AFIS database. Since the chance prints remained untraced in the State AFIS database, the same chance prints were subjected to comparison with records in National AFIS database (NAFIS). Notably, the chance print marked as 'B1' was discovered to be identical to the fingerprint of the accused. The accused had a notorious history and was involved in another bank robbery case at Ghazipur, Uttar Pradesh.

5. PS Medipally, District Rachakonda Commissionerate, FIR No. 832/2022, dated 27.07.2022, U/s 457, 380 IPC.

This is a house burglary case that occurred on 27th July 2022. A phone call was received by the Station House Officer of Medipally PS on the same day, reporting that unknown offenders had gained entry into a house by breaking open the side door's central lock system. They proceeded to steal cash amounting to Rs 7.5 lakhs and various gold items, including four gold bangles, four gold rings, four gold chains, four pairs of gold earrings, and gold biscuits, with a total weight of 17 tolas, from an almirah total property loss was 10,90,000. The Finger Print Unit, Malkajgiri, responded promptly to the crime scene, upon the request of the concerned IO, with the instructions to preserve the crime scene. At the crime scene, photography and videography were conducted using the outward spiral method. Subsequently, the crime scene was divided into zones for systematic search of the chance prints. After a thorough examination of the disturbed articles, one (01) chance print was developed on the kitchen door latch. This chance print was then compared with the records in the State AFIS database. Remarkably, the developed chance print was found to be identical to the right ring finger impression of the accused. The case is currently under trial.

6. PS Devarkadra, District Mahabubnagar, FIR No. 176/2019, dated 17.12.2019 U/s 302, 379, 411 IPC.

This is a murder case that occurred on 17th December 2019. A requisition letter was received from CIP Bhoothpur to visit the crime scene, located near Tapowan school at Koilsagar Canal, Dokur Village, Devarkadra PS. The FP team promptly visited the crime scene and discovered an unidentified dead woman, aged approximately 45 to 50 years, who had been strangled to death using the hem of her saree. Following a thorough examination of the crime scene, various items were discovered, including quarter bottle of liquor, an empty plastic water bottle, and several other items. During the investigation, one (01) chance print was developed on the liquor bottle, which was photographed and marked as "A". The FP expert also took the fingerprints of the deceased on paper for the purpose of eliminating the chance print and establishing the identity of the deceased. Upon comparing the chance print with fingerprints of the deceased, it was determined that they did not match. Subsequently, the chance print was compared to the fingerprints of a suspected individual, which turned out to be identical to the right index finger of the suspect. This suspect had a prior arrest record in another case from Shadnagar PS of Cyberabad City. Further investigation revealed that the accused had a history of targeting women who were alone at toddy or belt shops. He would lure them to remote locations, rob them of their gold and silver items, and subsequently commit murder. These pattern of criminal activity dated back to 2007. The case concluded with a conviction, resulting in the accused being sentenced to life imprisonment and fined Rs. 1,000/-.

Uttar Pradesh

1. PS Sahibabad, District Ghaziabad, FIR No. 51/22, dated 16.03.2022, U/s 302 IPC, 3(2) V SC/ST Act.

On 01st January 2022, during a routine night patrolling duty, a beat constable was found in a severely injured condition in Shayam Enclave, Ghaziabad. He was promptly taken to the hospital for treatment, but unfortunately the doctor declared him brought dead. Following this tragic incident, the district field unit was dispatched to visit the crime scene. During their investigation, they managed to develop ten (10) chance prints at the crime scene. These chance prints, along with suspected specimen ten-digit fingerprint slips, were sent to UP FPB Lucknow for analysis. Upon thorough examination, it was determined that one (01) chance print found at crime scene was identical to the specimen fingerprint of the suspected individual. As a result, the case is currently under trial.

2. PS Safdarganj, District Barabanki, FIR No. 332/21, dated 26.11.2021, U/s 419, 420, 467, 468, 471, 504, 506, 34 IPC, 3 (1) द, ध व 3(2) V SC/ST Act.

This is a forgery case involving a land deed. In this case, the accused created a forged land registry document. The Bureau received a dossier containing the forged documents along with suspected specimen fingerprints. Upon careful examination and comparison, it was determined that all eighteen (18) fingerprints found on the forged documents were identical to the suspected specimen fingerprints. As a result, the case is currently under trial.

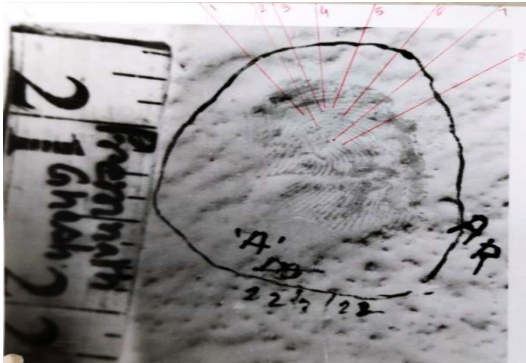

West Bengal

1. PS Manikchak, District Malda, FIR No. 72/2022, dated 20.02.2022, U/s 302 IPC.

This is a murder case that took place on 20th February 2022 in the Manikcak PS area of Malda district. Upon receiving a requisition from SP Malda, a fingerprint team visited the crime scene. Upon careful examination, three (03) chance prints were discovered inside the wall of the room and were developed using black powder. Subsequently, it was determined that these developed chance prints were identical to the specimen left thumb impression of the accused person. Using fingerprint identification,

the murder case was successfully solved, and the accused person was charged. The case is currently under trial.

2. PS Patrasayer, District Bankura, FIR No. 60/2022, dated 02.05.2022, U/s 498A, 302 IPC.

This is a dowry death case that occurred on 02nd May 2022 in the Patrasayer PS area of Bankura district. Upon receiving a requisition from the IO, a fingerprint team visited the crime scene. After a thorough examination, two (02) chance prints were discovered on a dark-colored glass bottle with a yellow cap. These chance prints were developed using lightening grey powder. Subsequently, it was determined that these developed chance prints were identical to the right-hand palm print of the accused. As a result, the case was charge-sheeted, and it is currently under trial.

CHAPTER-III

FINGER PRINT TRANSACTIONAL ACTIVITIES OF CFPB AND SFPBx

CENTRAL FINGER PRINT BUREAU (CFPB)

The work done by Central Finger Print Bureau (CFPB) during 2022 is mentioned in the table 1.1. CFPB, NAFIS database had 72,68,359 ten-digit fingerprint slips of convicted and arrested persons as on 31st December 2022. A total of 547 document cases were received from different Government agencies and opinion was furnished in 779 cases during the year 2022 and 14 cases were pending for examination at end of the year. The CFPB experts have performed super verification to record final opinion in cases of difference in opinion by the State experts and in 88 cases opinion were given during the year 2022.

Table-1.1: Transactional activities of CFPB during - 2022

OPERATIONAL ACTIVITIES	
No. of Chance Prints Examined	14
No. of Chance Print Traced	08
Final opinion recorded in case of difference in opinion by the State experts	88
No. of Document case Received	547
No. of Document case Examined and Disposed	779
No. of Document case pending of examination at end of the year	14
No. of Finger Print Slips updated in NAFIS Database (Processed in MBIS/MESA)	243
No. of Finger Print Slips Digitized in NAFIS Database (digitization of SFPBx)	28,817

In addition to the above:

- ✓ 98 Search References were also received from the Interpol Division of Central Bureau of Investigation (CBI), New Delhi in the year 2022.
- ✓ 03 Special searches were received during the year. (1-Delhi, 02- Himachal Pradesh)
- ✓ 04 Request were received for deletion of records (1- Delhi court, 03- Jharkhand FPB)

**1. ANDAMAN & NICOBAR ISLAND**

A Finger Print Cell is functional at Andaman & Nicobar Island headed by SI/Finger Print Expert under the supervision of SP (CID) since 2003, located at Ground Floor, CID Building, Aberdeen Bazaar, Port Blair. The fingerprint Cell of Andaman & Nicobar Island has maintained a total of **490*** record slips in the Bureau as on 31.12.2022

*** Total no. of foreigner fingerprint search slips received during the year - 52 (Myanmar - 50, Bangladesh - 02)**

12. HIMACHAL PRADESH

The Finger Print Bureau of Himachal Pradesh was established in September 2006 under the control of CID, Himachal Pradesh Police. The provisions of Finger Print Bureau Manual of Punjab State (revised and updated edition 1995) apply to the Finger Print Bureau, Himachal Pradesh also. To make the FPB operational, the Finger Print records pertaining to the State of Himachal Pradesh were brought from FPB, Phillaur to FPB, Himachal Pradesh at Shimla in March 2009. The Superintendent of Police and Deputy Superintendent of Police, CID (Crime Branch) are the ex-officio Director and Assistant Director of the FPB, Himachal Pradesh respectively. The Bureau is running under the control of Directorate of forensic services Junga Hills, Shimla and it is headed by the Director FPB, in the overall supervision of Addl. Chief. Secretary (Home & Vigilance), Shimla, Himachal Pradesh. Gradually the FPB is becoming operational in all the fields of fingerprint works. AFIS is not installed yet at the FPB and has **7,115** Ten-digit fingerprint slips of convicted persons in their records as on 31st December 2022.

13. JAMMU & KASHMIR

The proposal for the establishment of a full-fledged State Finger Print Bureau is under the consideration with the Govt. of J&K. Presently, the Finger Print Section is functioning at the SCRB, PHQ Complex, Gulshan Ground, Gandhi Nagar, Jammu. The fingerprint section of the State is recording FP slips (Record & Search) only, whereas document cases, chance prints are sent to FSL, Jammu & Kashmir and staff of the FSL are attending the SOC as well. The FP Section is headed by the Deputy Superintendent of Police, and it is functioning under the control of Special Director General of Police (Crime). The FP section has **9,408** Ten-digit fingerprint slips of convicted persons in their records as on 31st December 2022.

**15. KARNATAKA**

FPB, Karnataka is one of the oldest Bureau of the country, officially established before the State's re-organization in 1960. The Fingerprint Bureau is a specialized technical unit of Karnataka Police. It serves as an important aid in scientific methods of crime investigation and detection of cases by means of fingerprint identification of criminals. The Fingerprint Bureau with its Headquarters in Bangalore is headed by an officer of the rank of Superintendent of Police. The ADGP is the overall controlling & supervising authority of the Fingerprint Bureau, Bangalore. During the year 2003, the State FPB & FP unit was equipped with the "AFIS". Since 2005, the FPB is functioning in its own complex. The Bureau has **28,874** Ten-digit fingerprint slips of convicted persons in their records as on 31st December 2022.

Total no. of Foreigners FP Search slips received during the year – 02 (Canada-1 & Qatar-1)

CHAPTER-IV

ANALYSIS OF FP TRANSACTION ACTIVITIES

**ANALYSIS OF FP TRANSACTION ACTIVITIES**

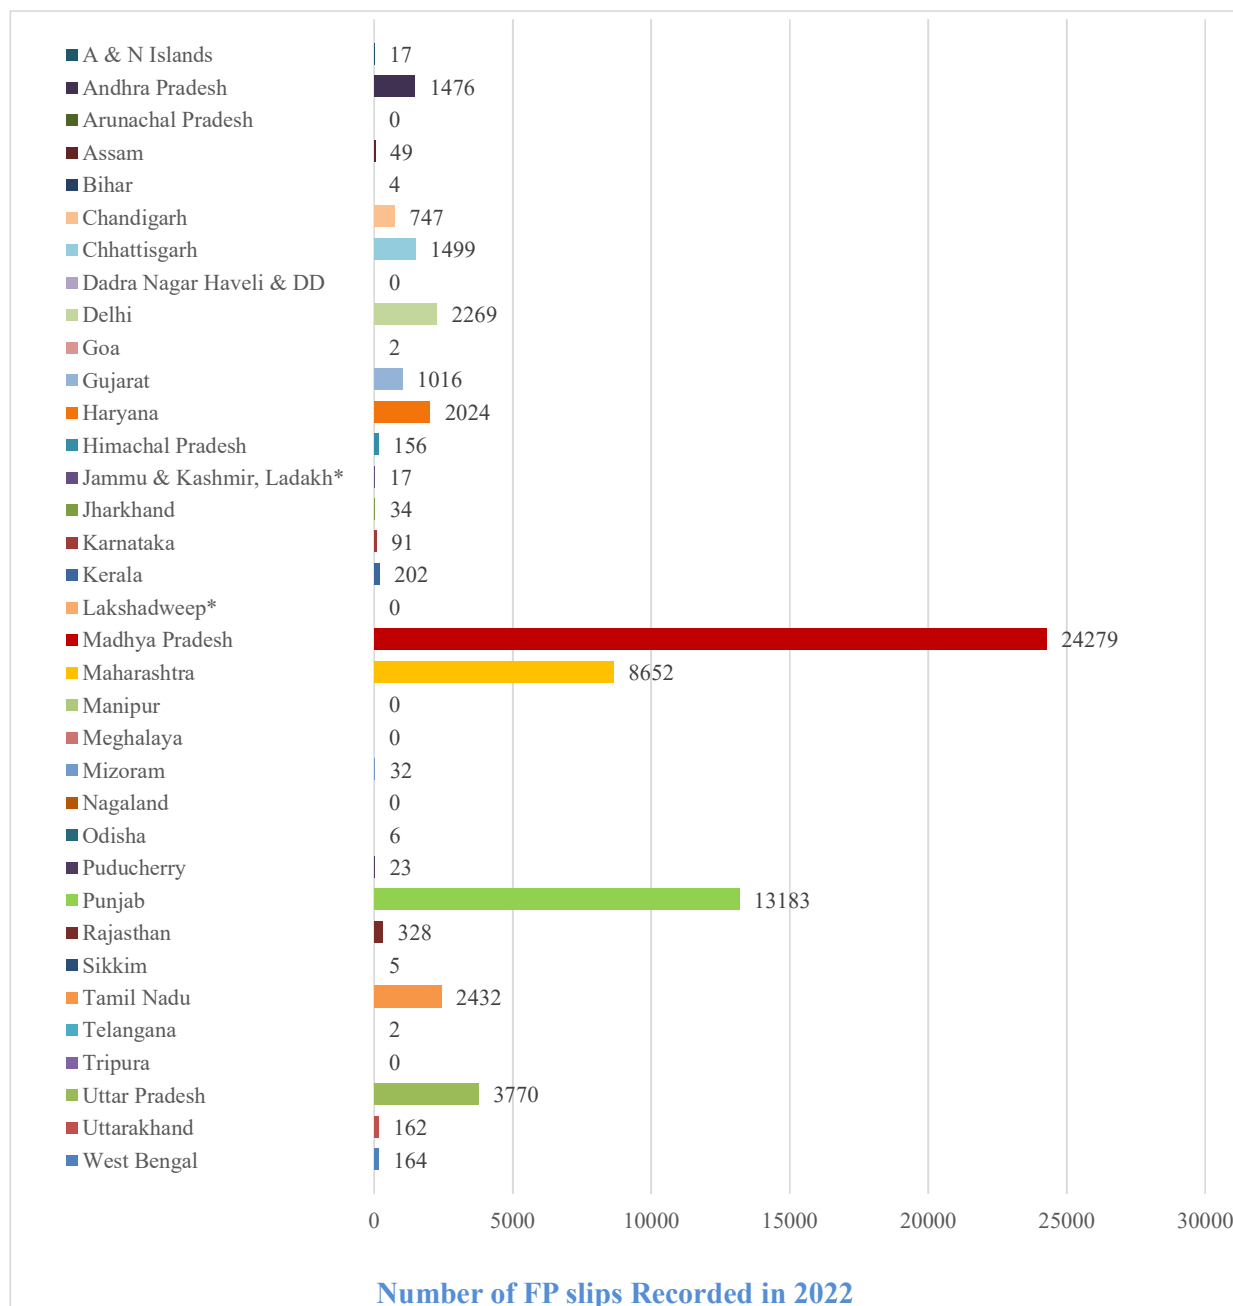

Fingerprint Science has evolved to be an indispensable part of not only the criminal justice system, but also the governance in countries around the world. Worldwide scientific peer groups are working along in order to utilize the science of fingerprints in as many ways as possible. This chapter deals with the analysis of concomitant such as convictions, arrests, population of the States, reasons of discrepancies in the data provided and an inter-comparison of data procured from the State Finger Print Bureaux along with the depiction of major activities such as Record slips, Search slips, Document cases and Chance prints at a glance.

Sl. No.	States/UTs	No. of Record Slips recorded	No. of Search Slips recorded	No. of Document Cases Examined	No. of Cases in which Chance Prints developed	No. of Chance Print Compared	No. of Chance Prints Identified

* No Bureau

Graph No. 1 Number of Fingerprint Record (Conviction) Slips Recorded in the Year 2022 (State Wise)

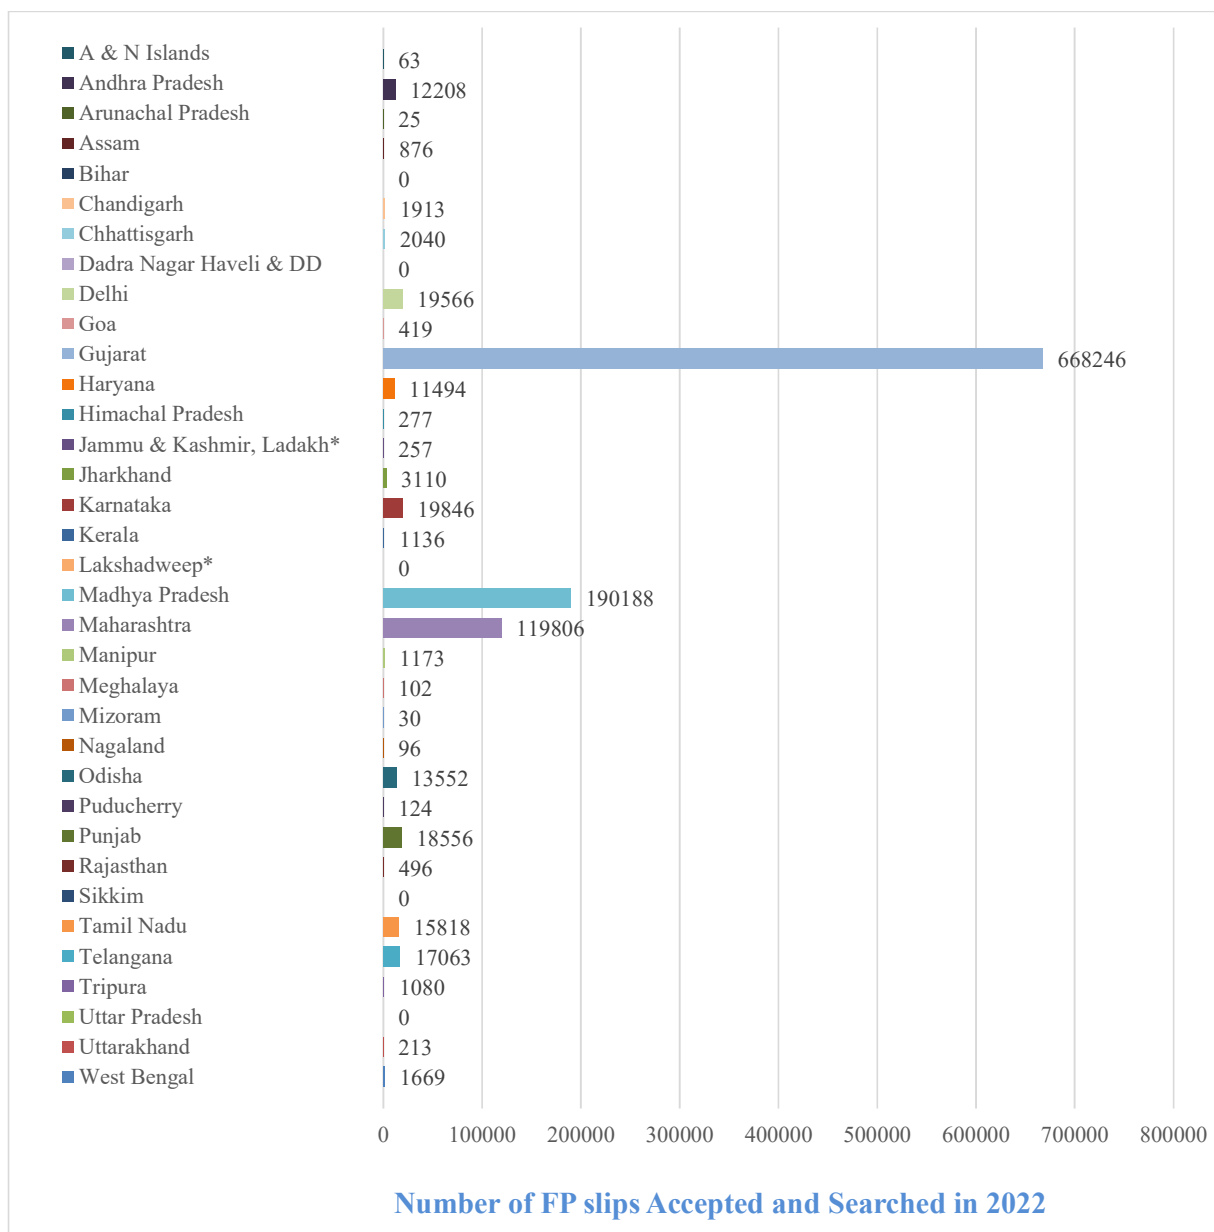

* No Bureau

Graph 1

States such as Madhya Pradesh, Punjab and Maharashtra have recorded more than eight thousand conviction slips in year 2022. Likewise, States like Uttar Pradesh, Tamil Nadu, Delhi and Haryana have recorded more than two thousand conviction slips. Madhya Pradesh has topped the list recording a highest number of convicted slips i.e., 24,279 followed by Punjab and Maharashtra.

Graph No. 2 Number of Fingerprint Search (Arrestee) Slips Recorded in the Year 2022 (State Wise)

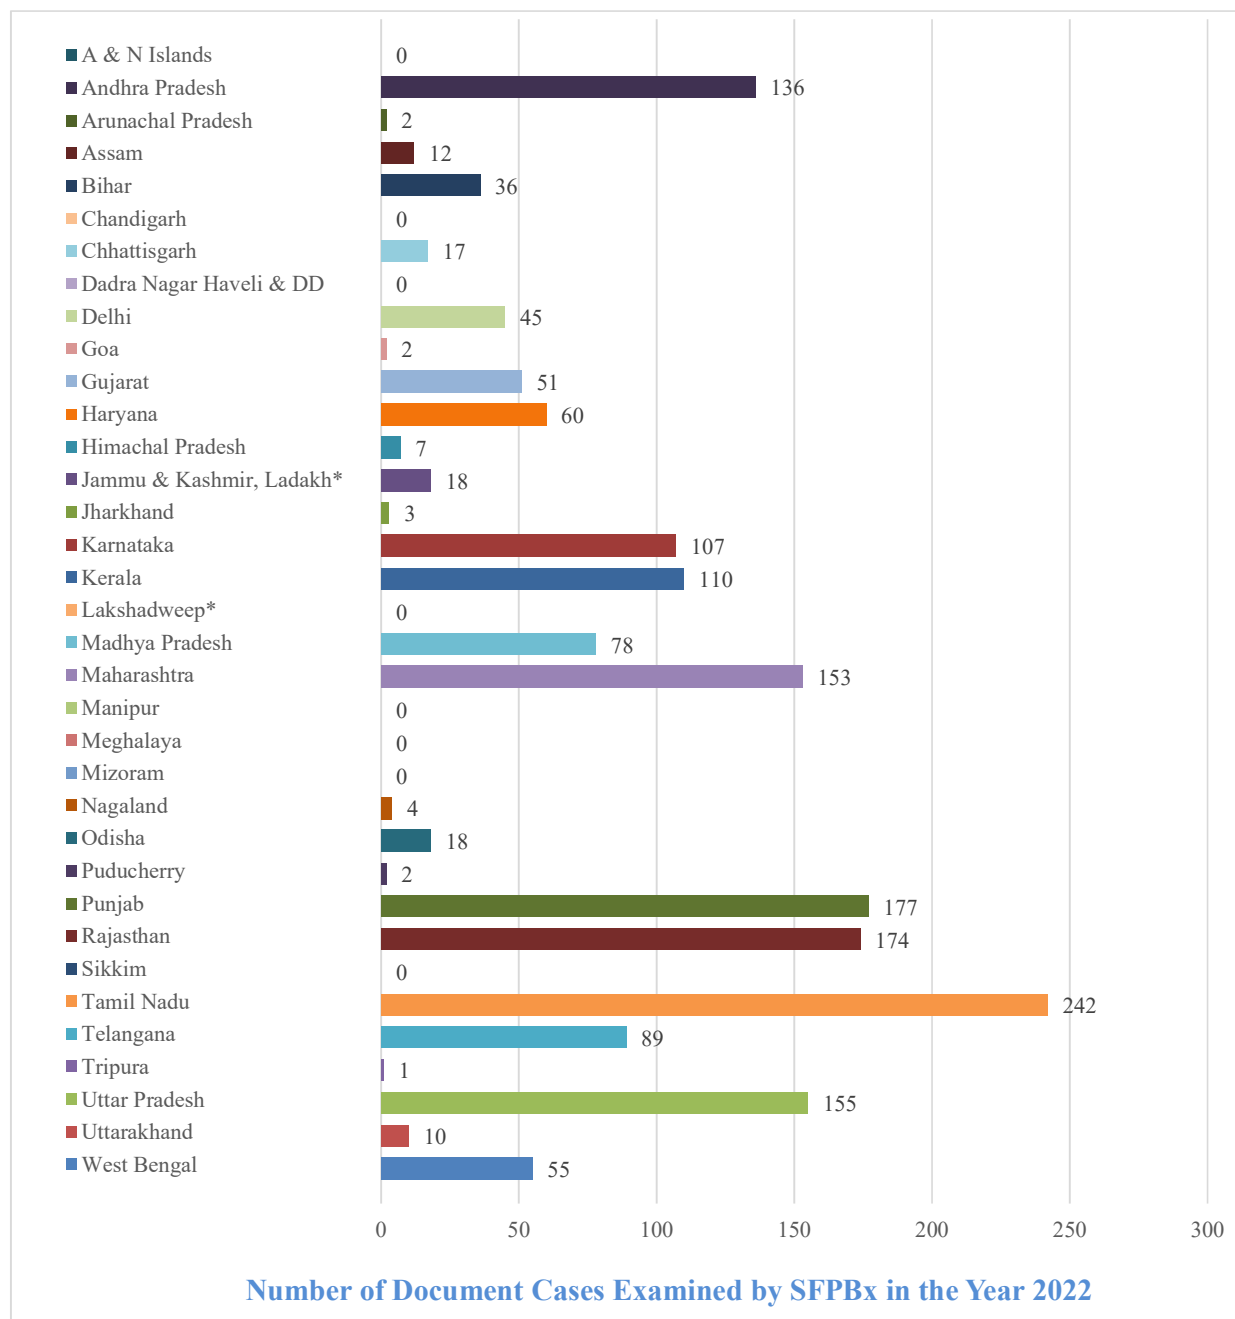

* No Bureau

Graph 2

States such as Gujarat, Madhya Pradesh and Maharashtra have recorded the highest number of arrestee slips. It is pertinent to mention here that some of the States such as Jharkhand, Delhi, Punjab, Telangana, Tamil Nadu, Odisha, Andhra Pradesh and Haryana have recorded large number of FP arrestee slips as compared to their population and number of crime incidences. Further, 05 States/UTs have not recorded any search slip. Some of the States/UTs only conducted search and return to the respective sender.

Graph No. 3 Number of Document Cases Examined in the Year 2022 (State Wise)

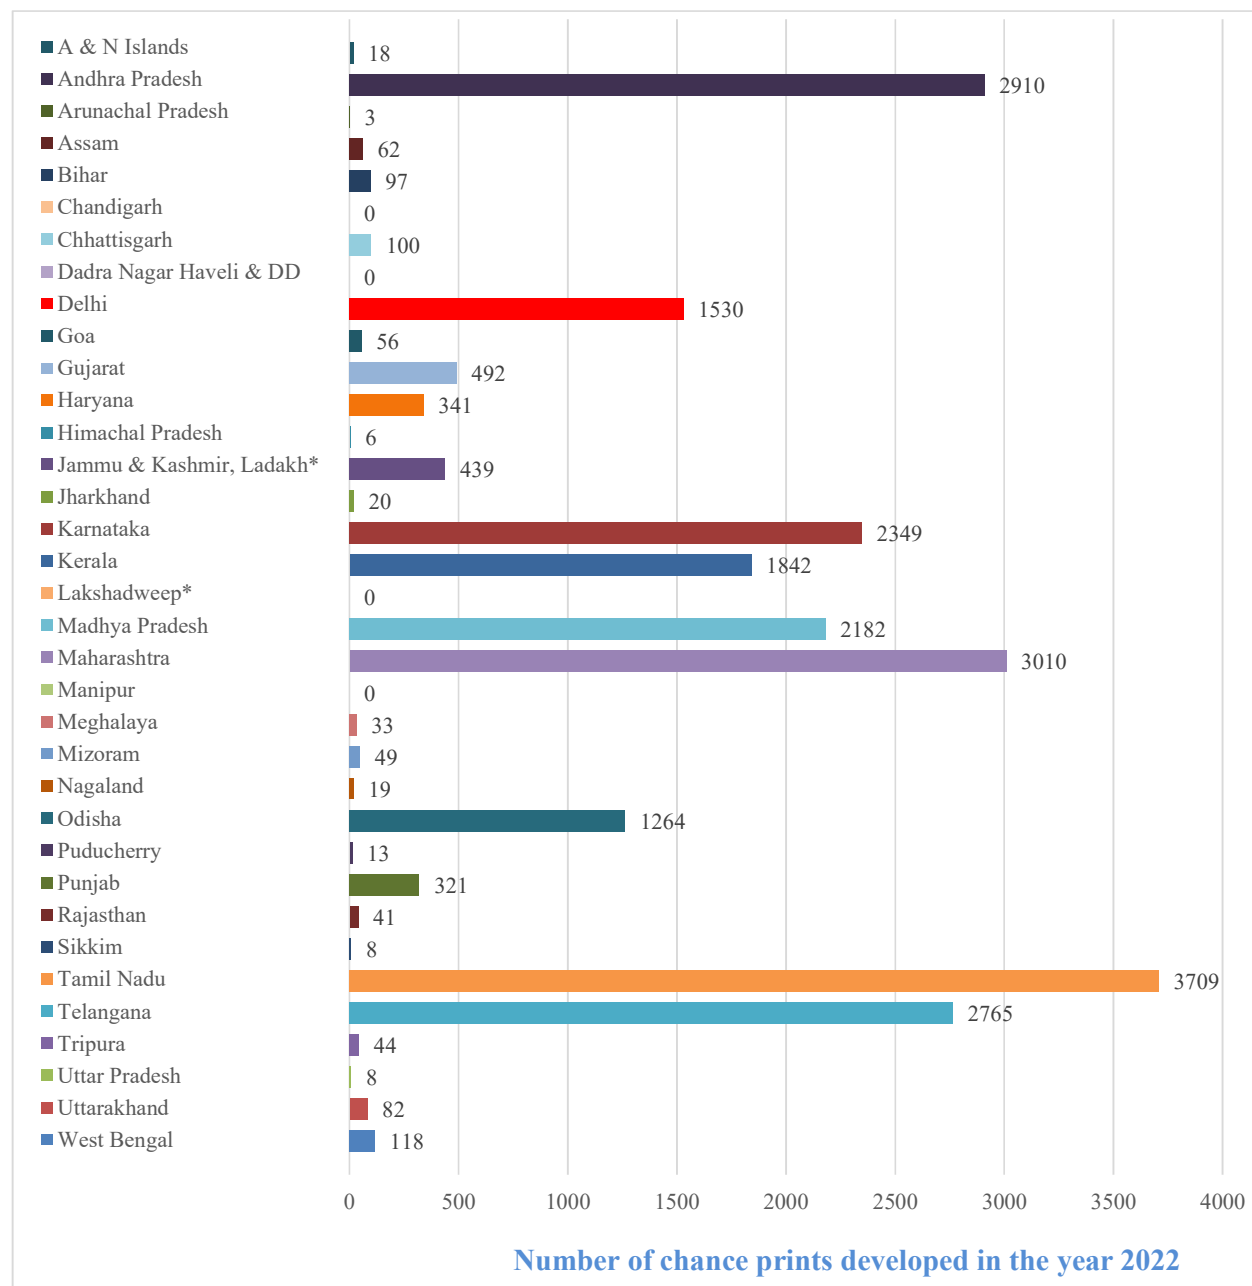

* No Bureau

Graph 3

States of Tamil Nadu, Punjab, Rajasthan, Uttar Pradesh, Maharashtra, Andhra Pradesh, Kerala and Karnataka, in decreasing order, have examined more than hundred document cases in the year 2022. These higher numbers of cases examined may also be related to their corresponding higher population. States/UTs such as Himachal Pradesh, Nagaland, Jharkhand, Arunachal Pradesh, Goa, Puducherry and Tripura have examined lesser number of cases.

Graph No. 4 Number of Cases in which Chance Prints Developed in the Year 2022 (State Wise)

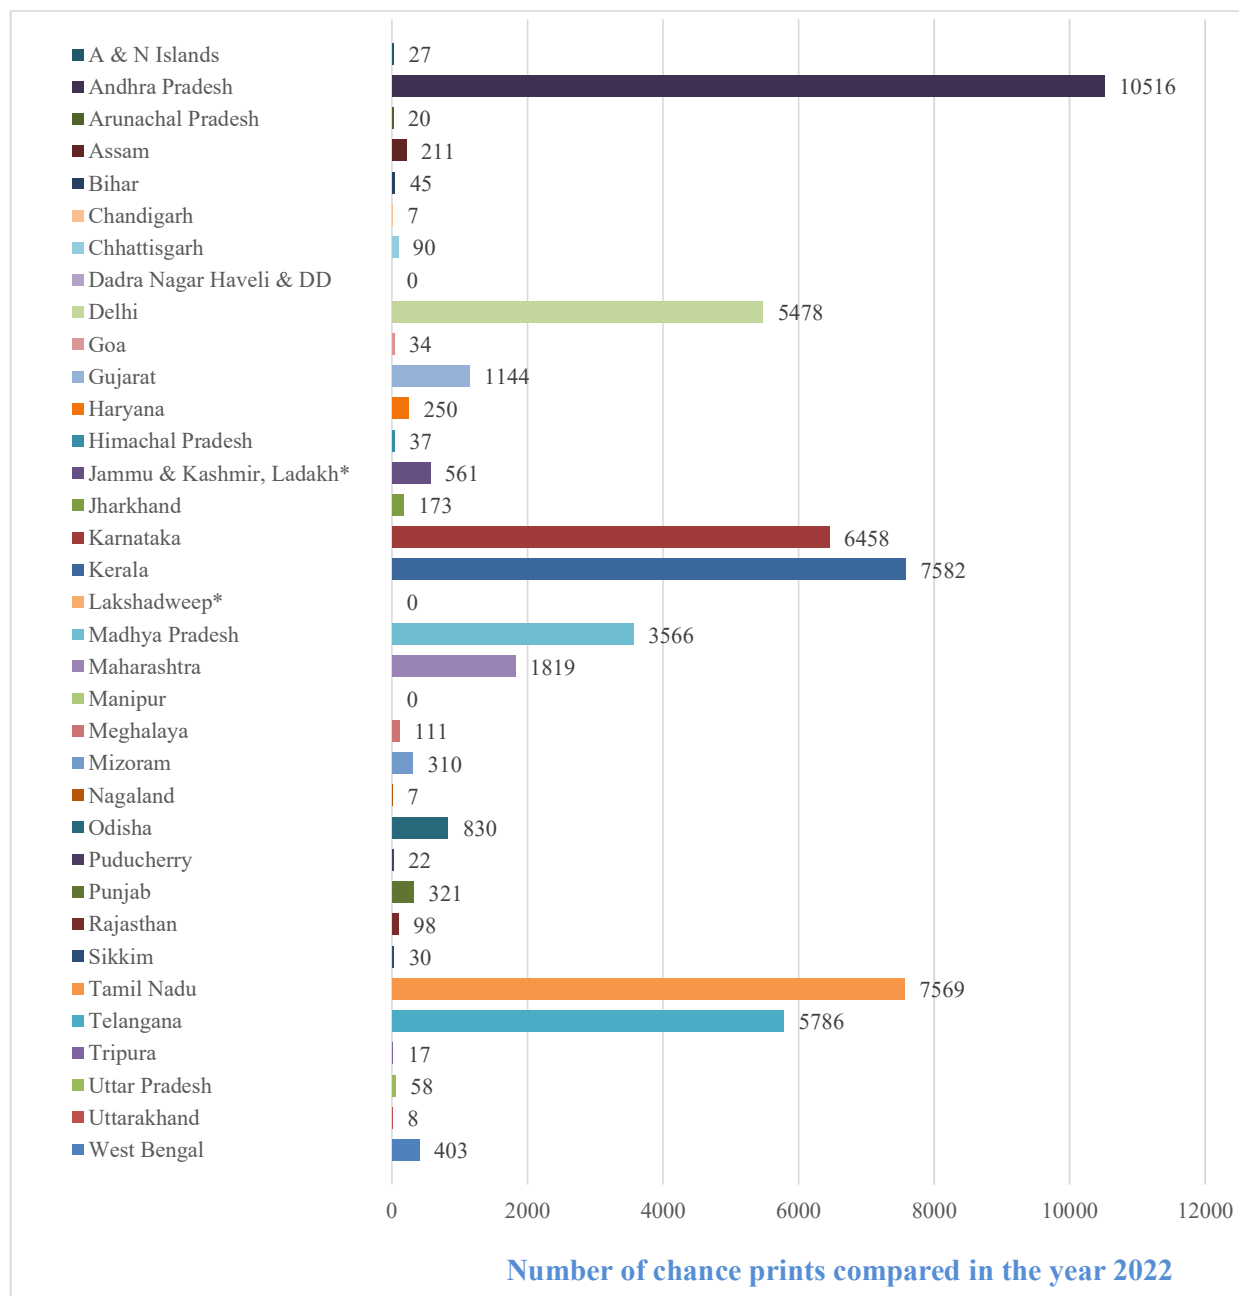

* No Bureau

Graph 4

States of Tamil Nadu, Maharashtra, Andhra Pradesh, Telangana, Karnataka and Madhya Pradesh, in decreasing order, have visited more than two thousand crime scenes in which chance prints were developed during 2022. Gujarat, Jammu & Kashmir, Punjab, West Bengal, Chhattisgarh, Bihar, Uttarakhand, Rajasthan, and Uttar Pradesh are other bigger States/UTs where lesser no. of chance prints were developed from crime scenes. Delhi is the only Union Territory where large number of chance prints were developed from crime scenes.

Graph No. 5 Number of Chance Prints Compared in the Year 2022 (State Wise)

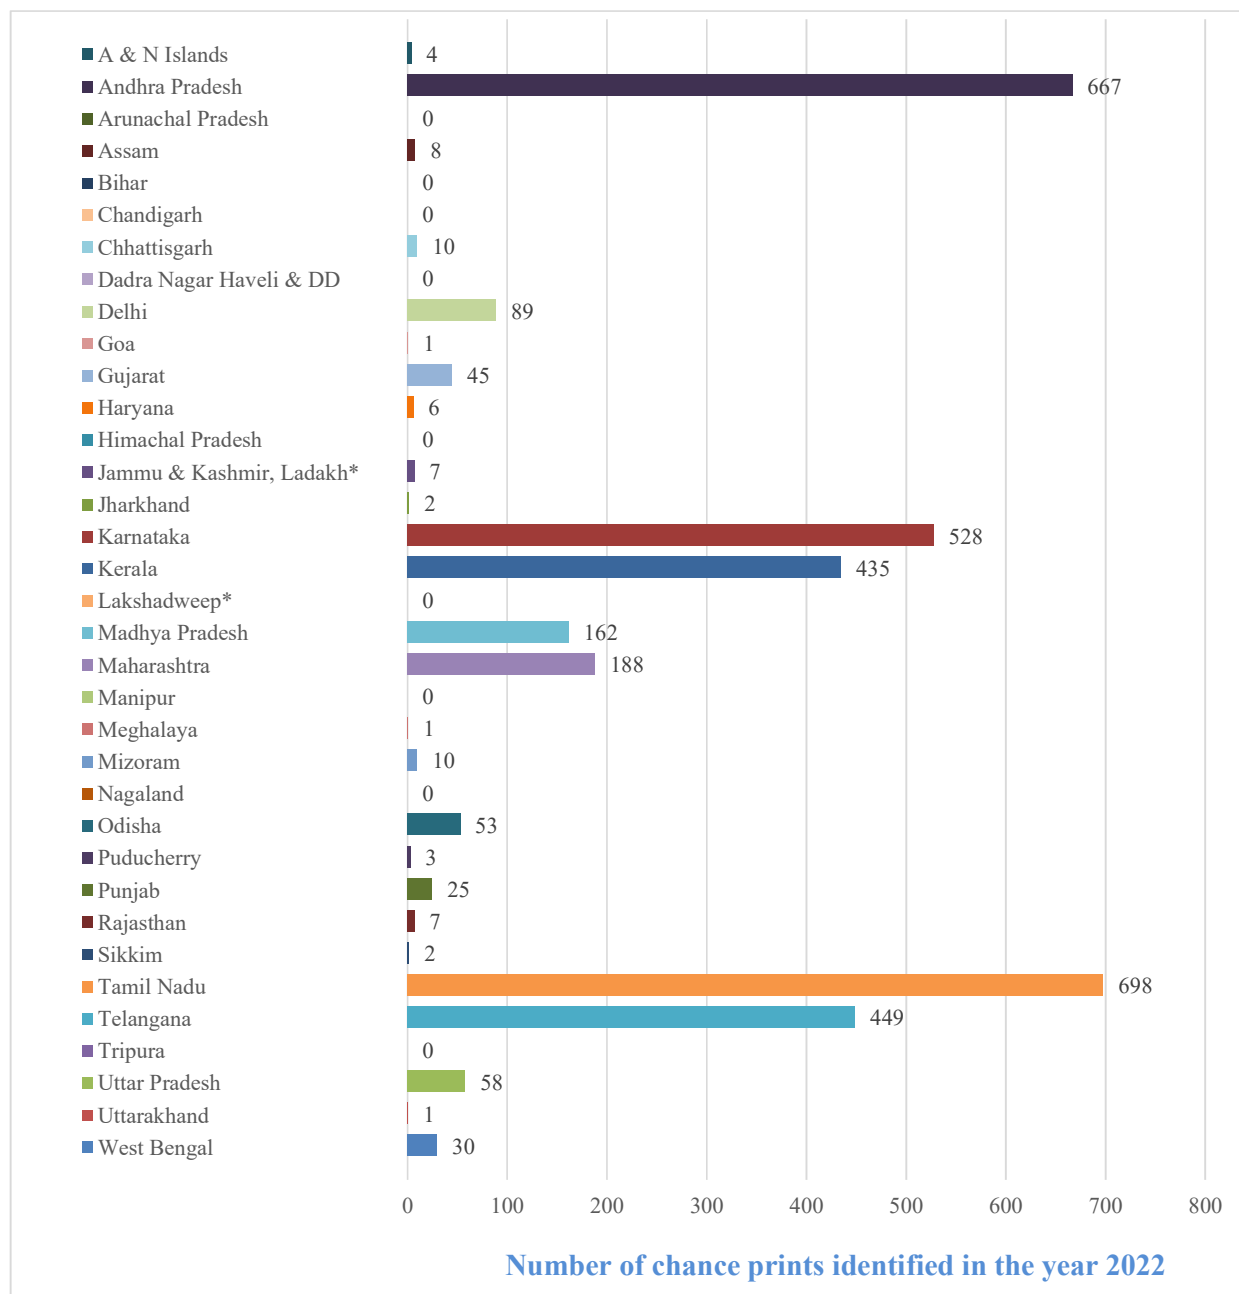

* No Bureau

Graph 5

States of Andhra Pradesh, Kerala, Tamil Nadu, Telangana and Delhi have topped the list with highest number of chance prints comparison in a calendar year 2022. Other bigger States like Madhya Pradesh, Maharashtra, Odisha, West Bengal and Gujarat have recorded lesser no. of chance print comparison during the same year. Delhi is the only Union Territory which compared a large number of chance prints.

Graph No. 6 Number of Chance Print Cases Identified During the Year 2022 (State Wise)

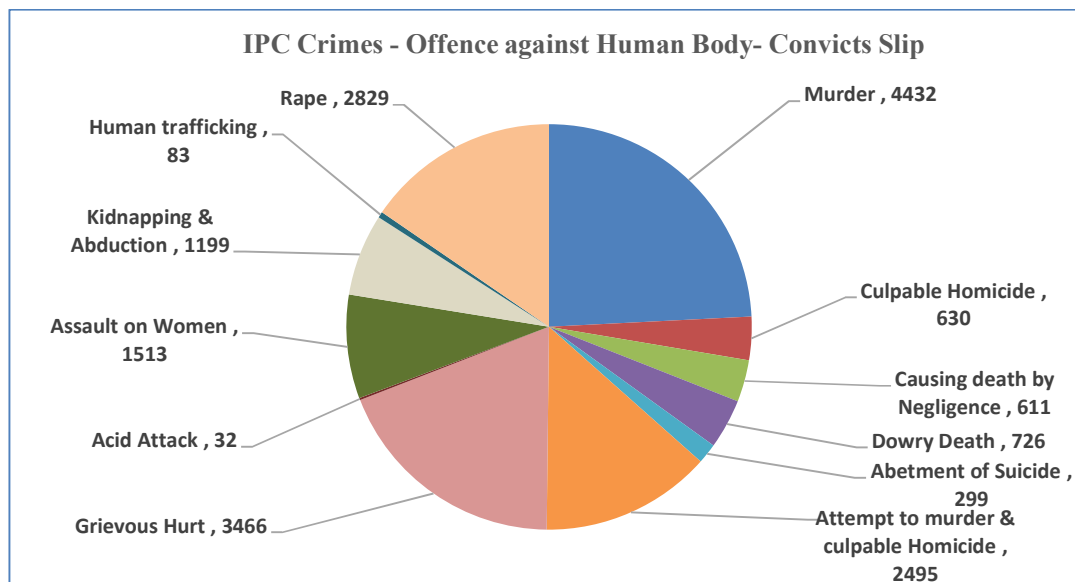

* No Bureau

Graph 6

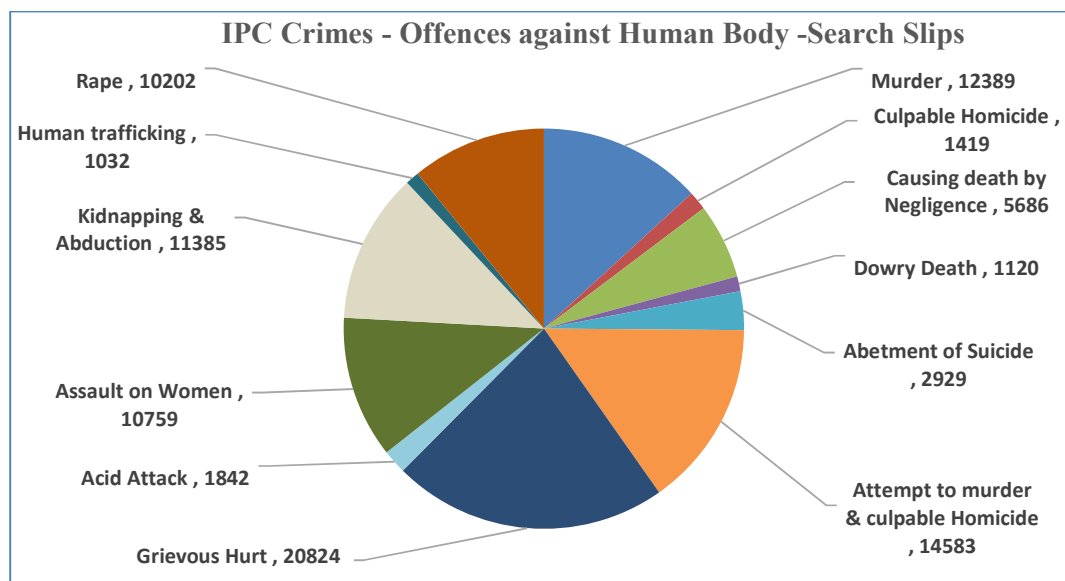

States of Tamil Nadu, Andhra Pradesh, Karnataka, Telangana and Kerala have topped the list with highest number of chance print cases identified in the year 2022. States of Maharashtra, Madhya Pradesh, Delhi, Uttar Pradesh and Odisha have also identified a significant number of chance prints cases in succession to the above mentioned States.

Graph No. 7 IPC Crimes - Offences against Human Body (Record Slips)

Graph No. 8 IPC Crimes - Offences against Human Body (Search Slips)

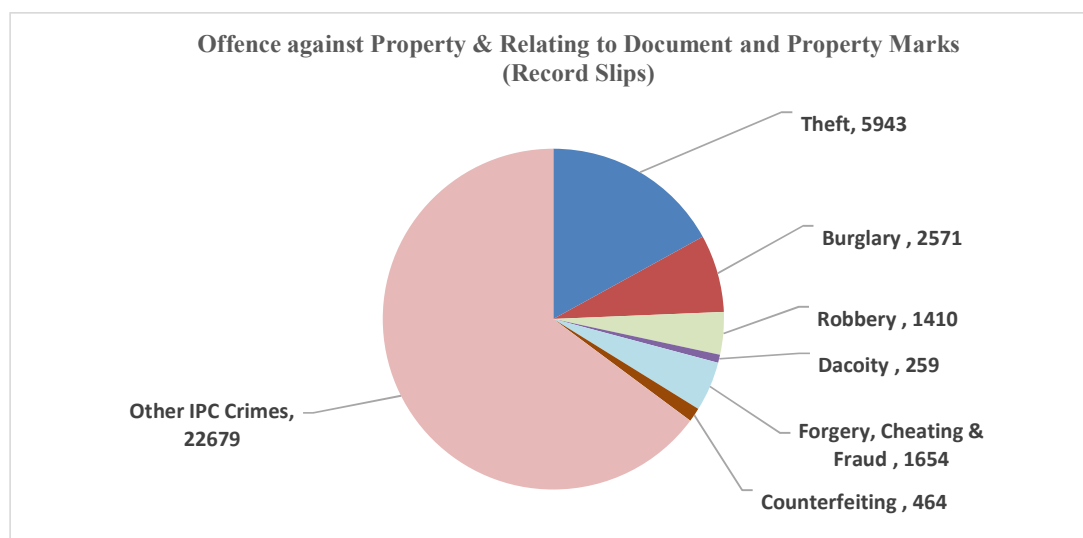

Graph 7 & 8

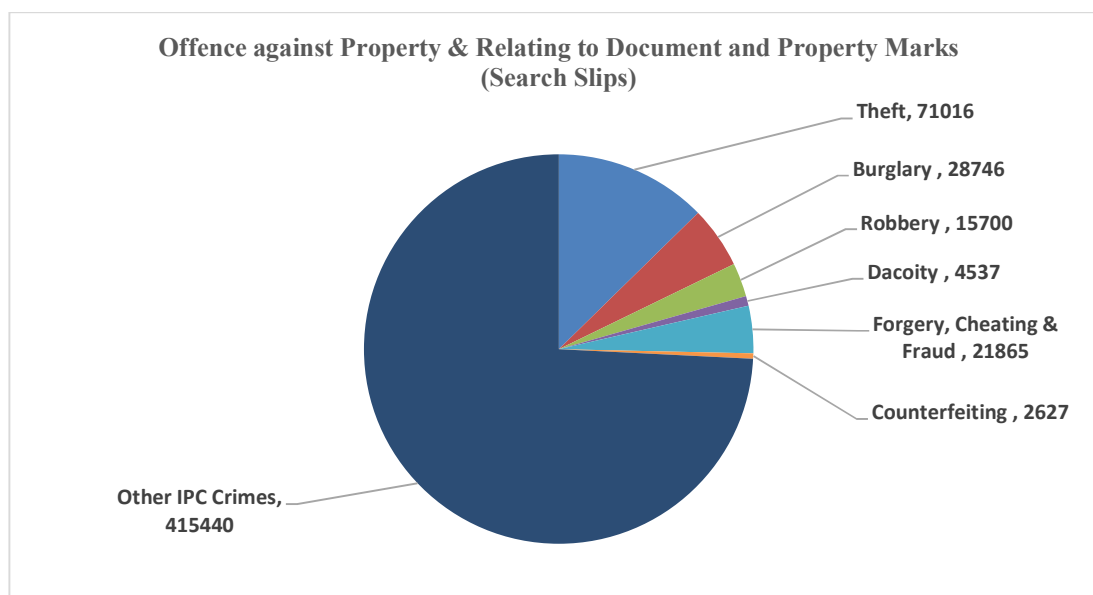

The record slips of those convicted which arrested in connection with murder, grievous hurt, rape, attempt to murder, assault on women and kidnapping & abduction are highest in number as compared to other IPC crimes. The search slips recorded also demonstrate a sharp rise in crimes such as grievous hurt, attempt to murder, murder, kidnapping & abduction, assault on women and rape.

Graph No. 9 IPC Crimes - Offences against Property & Relating to Document and Property Marks (Record Slips)

Graph No. 10 IPC Crimes - Offences against Property & Relating to Document and Property Marks (Search Slips)

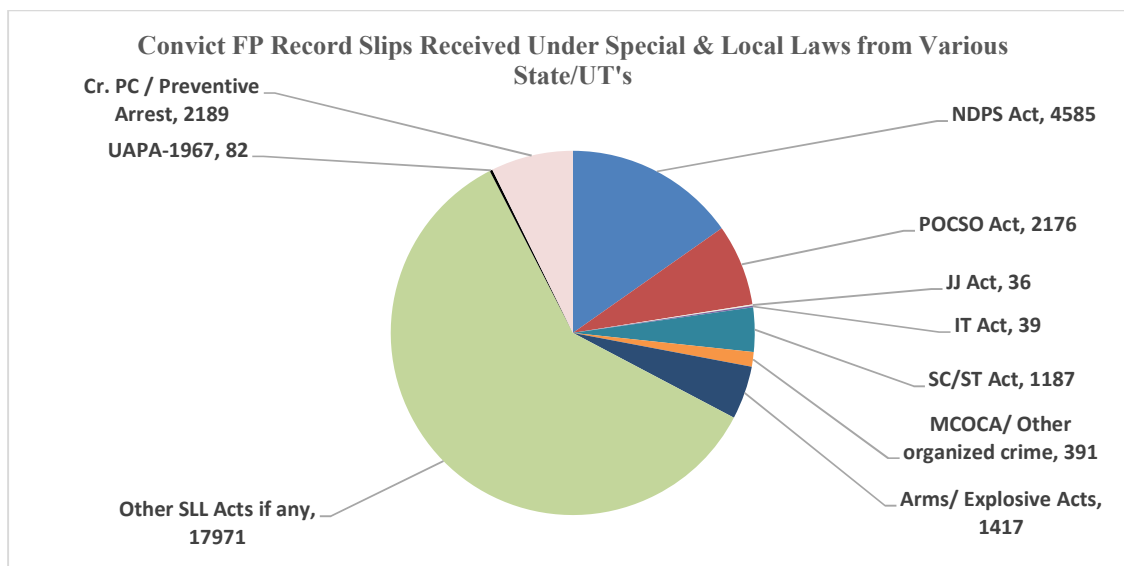

Graph 9 & 10

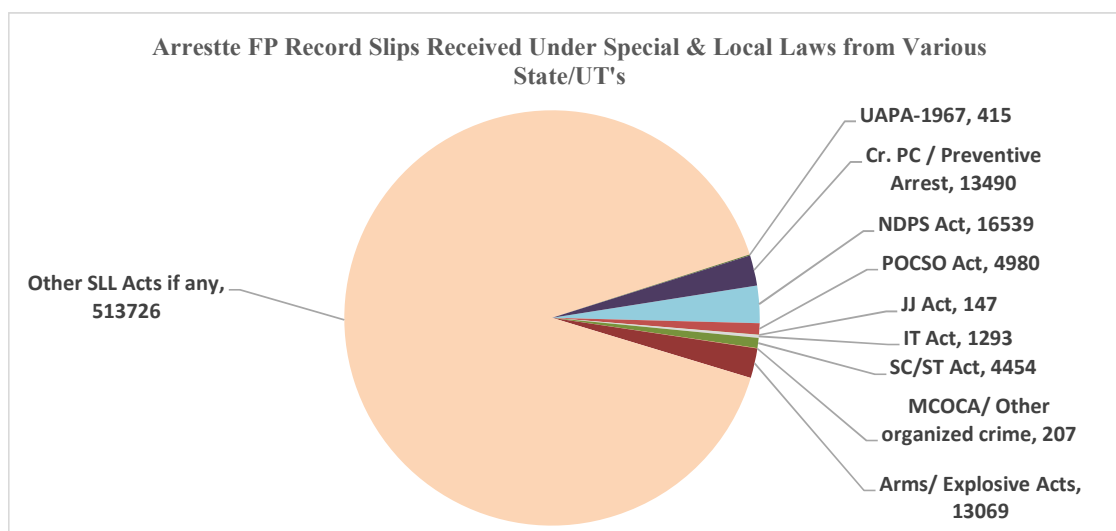

The number of persons arrested and convicted for other IPC crime offences is higher than those which are involved in theft, burglary and robbery. In document related offences, more number of persons have been arrested and convicted for forgery cases as compared to counterfeiting. As 'other IPC' crime head included the rest of the IPC sections therefore it has documented a higher number of crimes as compared to rest of all the combined crimes.

Graph No. 11 Convicts & Arrestee FP Slips received and searched under Special & Local Laws from various States/UTs (Record Slips)

Graph No. 12 Convicts & Arrestee FP Slips received and searched under Special & Local Laws from various States/UTs (Search Slips)

Graph 11 & 12

Special and Local Laws Acts and Narcotic Drugs and Psychotropic Substances (NDPS) Act topped the list with more the number of persons arrested and convicted, followed by Cr. PC /Preventive arrest and Arms/Explosive Acts. Graph 11 &12 highlights the fact that the number of persons arrested for a certain crime is always higher than those who get conviction from the court of law.

CHAPTER-V

NATIONAL AUTOMATED FINGERPRINT IDENTIFICATION SYSTEM (NAFIS)

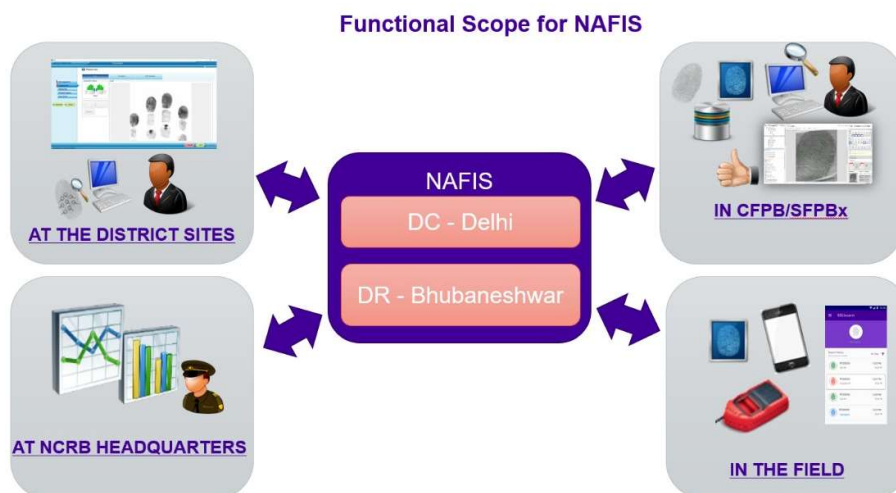

NATIONAL AUTOMATED FINGERPRINT IDENTIFICATION SYSTEM (NAFIS)

The NAFIS software serves as the key application for Fingerprint experts/personnel for performing crime and criminal investigation functions which is implemented and managed by the Central Fingerprint Bureau (CFPB) at NCRB, New Delhi. It has been conceptualized for establishing a central repository of criminal fingerprint data generated in India and implemented on the principles of cloud computing model.

The Fingerprint slips obtained in the police stations and digital fingerprints enrolled in the districts will be stored in dedicated virtual partitions allotted to each of the State/UT in NAFIS server established at the NCRB Headquarters through the hardwares and softwares provided by NCRB. Only the authorized users from States/UTs can edit/modify/search the data stored in the exclusive space allotted and hence the ownership of the data lies with the concerned State/UT only.

NAFIS provides facility to States/UTs for integration of their own NIST compliant Automated Fingerprint Identification Systems (AFIS) and subsequently replication of their data to the central server. NAFIS is also integrated with other applications like CCTNS.

The NAFIS application facilitates both rolled and plain fingerprint (including palm print) enrolment and provides search, matching and verification of fingerprint information.

Objectives:

- To create a searchable national repository of criminal fingerprints and palm prints.
- To enable national level searches from all NAFIS workstations installed across the country.
- To enable chance print searches from Districts/Police Commissionerate/Fingerprint Units using national database.
- To bring all the States/UTs in same platform for use of fingerprints/palm prints in tracing criminals, solving crimes and mapping criminal history.
- To minimize investigation delays caused by the logistical process of physically transferring slips for manual verification (from State FPB to CFPB and vice versa) by offering instantaneous real-time outcomes

National Fingerprint Number (NFN):

A unique fingerprint reference number is assigned by NAFIS for each of the criminal. The entire criminal history can be found using NFN.

- 10-digit NFN for each criminal based on biometrics
- Multiple incidents, one ID
 - One ID for one criminal for lifetime.
 - Different crimes registered under different FIRs as incidents belonging to same NFN.
 - Crimes of same criminal registered in different States/UTs under same NFN.
- State Ownership
 - Each criminal registered in a particular State has first 2 digits of State code in alphabets, followed by a sequence number.
 - State partition will have IDs belonging to State (For e.g., UP00001234, MP00000007).

Authorized NAFIS Users:

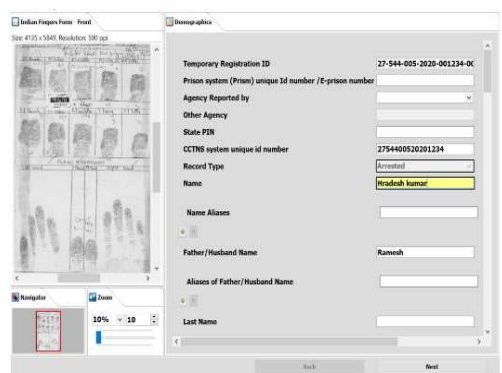

There are four types of authorized users in NAFIS with well-defined privileges, namely:

- **Enrolment User:** Any officer trained in capturing fingerprints and is provided with rights for live enrolment and slip capture.
- **Ten Print Expert:** Junior expert trained in capturing and matching of fingerprints and is provided with rights for live enrolment, slip capture and ten print-ten print matching.
- **Chance Print Expert:** Senior expert trained in capturing and matching of fingerprints and is provided with rights for live enrolment, slip capture, ten print matching and chance print matching.
- **System Administrator:** Senior expert trained in capturing and matching of fingerprints and is provided with rights for live enrolment, slip capture, ten print matching and chance print matching. In addition, this user will be able to generate various reports of transactions and track activities of various users within the State/UT.

Applications under NAFIS:

MBIS: Morpho Biometric Identification System

MBIS is an Automated Biometric Identification System (ABIS) that allows acquisition,

storage, and search of biometric data of persons (like fingerprints, palm prints, portraits). It has chance print and slip capture application which enables scanning of fingerprint slips, and chance prints using flat-bed scanners provided with each NAFIS workstation. It also has numerous tools for

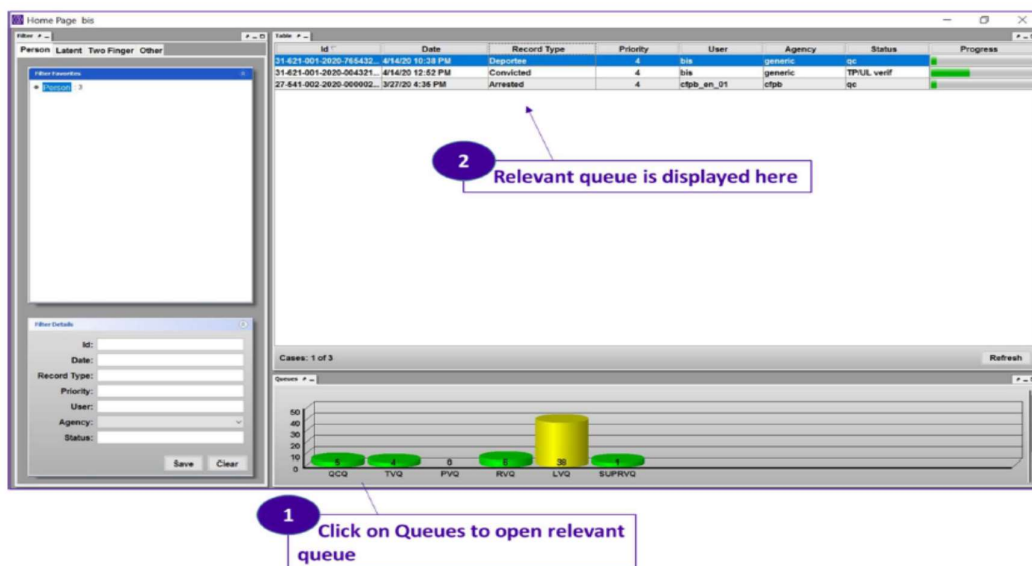

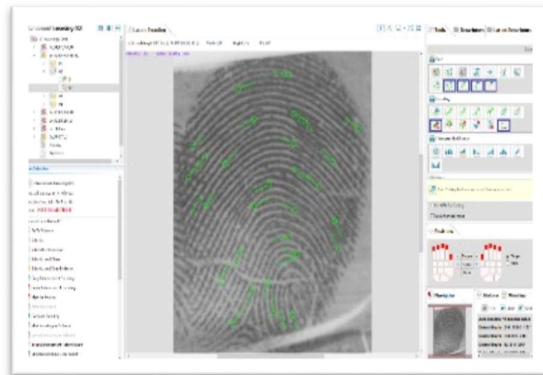

enhancing the quality of chance prints to increase the probability of matching. MBIS is also equipped with advanced technologies for extraction of fingerprint/palm prints images from variety of backgrounds like curved surfaces, revenue stamps, etc and separation of overlapped fingerprints.

MBIS consists of following applications:

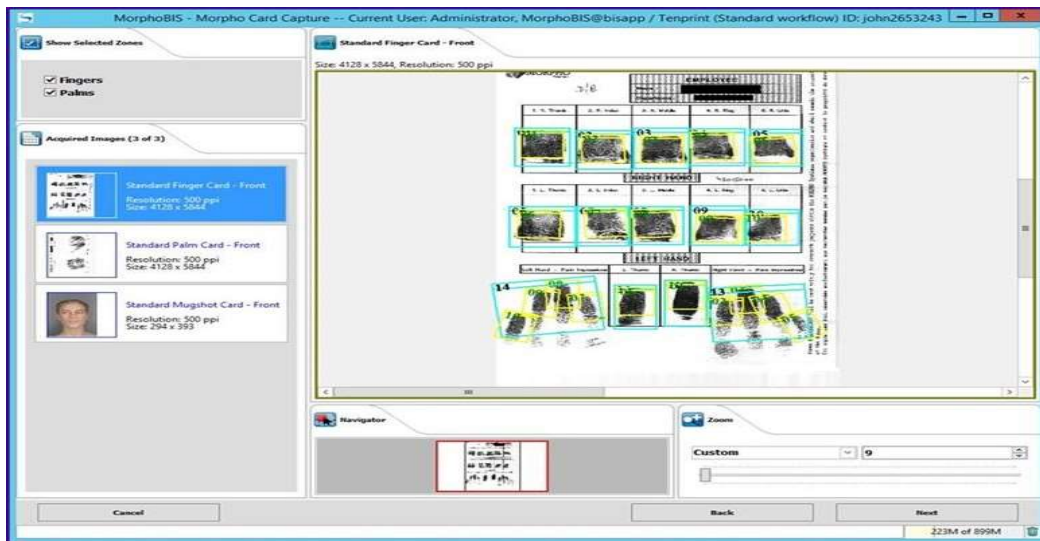

1. Home Page

- Shows a list of records that are in progress
- Create filters on queues
- Perform quality control
- Perform verification

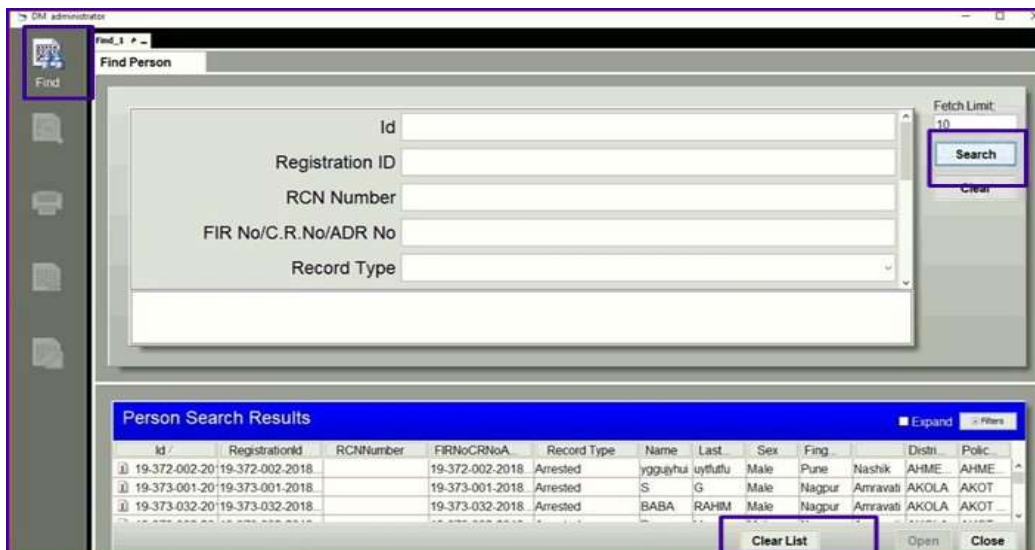

2. Slip Capture

- Used for capturing physical slips (legacy data)
- Acquire person's record with alphanumeric data and scanned or imported print images
- Launch searches against the databases of the system.

3. Database Maintenance

- This application enables fetching of previous antecedents using NFN, State PIN etc.
- Find the records, Edit the records, Relaunch searches, Print a person's record, Delete a person's record, and Export a person's record to NIST file.

4. Latent (Chance Print) Expert

- Acquire cases with demographic data and scanned or imported images of latent prints found on the scenes of crime.
- Launch searches against different databases of the system.
- Edit cases of the database (prints, demographic data, historic of searches, etc.)

5. Other applications:

It also consists of Charting, Compare Records and Central Viewer tool which are being used to prepare charts, compare two records and access reports.

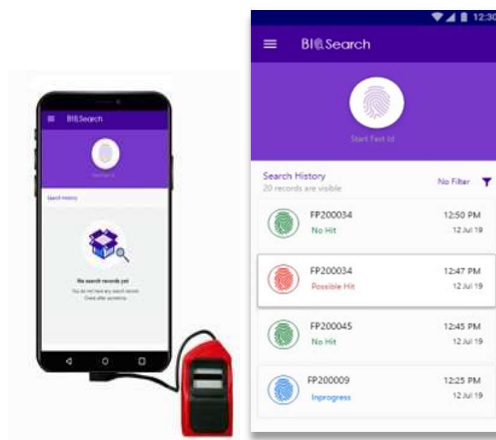

MESA: Morpho Enrolment Software Application:

- MESA is a live enrolment application which captures biometrics (fingerprints, palm prints and face etc.) along with demographics details.
- Quick search is used to launch search with parameters being two thumbs to get possible HIT or NO HIT results from the national criminal database.
- MESA application is integrated with CCTNS (Crime and Criminal Tracking Network and Systems) for fetching of demographic details from CCTNS server which eventually reduces the efforts of the operator.
- MESA can work on both online as well as offline mode.

Bio Search (Mobile App):

- NAFIS Bio Search is an Android application to perform national level fingerprint search with search parameters being two fingers, which is also called Fast ID Search.
- The user must be authorized to use the application and can perform Fast ID search using single fingerprint scanner (MSO device) to get possible HIT or NO HIT results from the National criminal database of fingerprints.
- The Users of this android application will be Police Personnel who are on duty in the field. This application will be used pan-India.

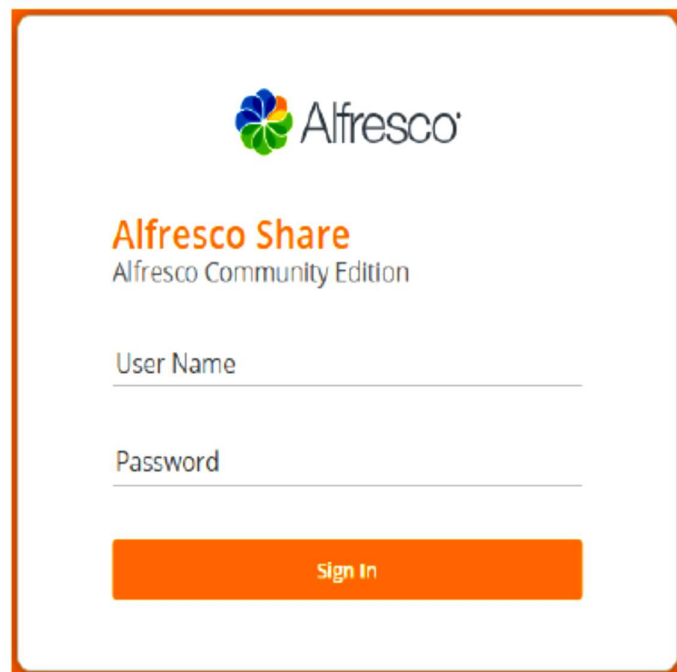

Alfresco Share – A DMS Solution for NAFIS:

A Document Management System which helps to store, access, manage, control and track the electronic documents and electronic images of paper-based information that has been captured through document scanning technology. This Document Management System is similar to what one uses for personal use to store files by organizing them in folders. Some well-known applications are: Drop box, Google Drive etc.

- Alfresco makes it easy to quickly locate the exact NAFIS document among thousands of files in document management system.
- Easily find, share and secure all-important files such as Digitized Slips, etc.
- Files can be easily searched and downloaded for offline use.
- Alfresco Share is a rich web-based environment for managing documents, content etc.

**SIGNIFICANT SUCCESS STORIES OF NATIONAL AUTOMATED FINGERPRINT
IDENTIFICATION SYSTEM (NAFIS)**

1. New Delhi

Case 1: NAFIS helped to crack multiple antecedents of crime including 17 years old dacoity and murder case.

A dacoity and murder case was reported in 2004 under FIR No. 406/2004, U/s 397, 302 IPC at Kirti Nagar Police Station, New Delhi. Despite various efforts made by the police officers, this case remained untraced for almost 17 years. The chance prints were compared manually as well as searched against the Automated Fingerprint Identification System of Delhi Police but were found untraced.

When NAFIS installed and the National level database was made available for search, the chance prints were resubmitted for search. The chance prints were matched with the existing records of NFN of the accused person. Subsequently, below mentioned information concerning multiple arrests and convictions were also disclosed:

- i. FIR No. 278/2009, U/s 379 IPC at Subzi Mandi Police Station, New Delhi.
- ii. FIR No. 402/2016, U/s 307, 336, 120B, 34 IPC and 25, 27 Arms Act at Bharat Nagar Police Station, New Delhi.
- iii. FIR No. 262/2011, U/s 380,411, 34 IPC at Burari Police Station, New Delhi.
- iv. Special Case No. 44A/2012 U/s 102 Cr. PC.

NAFIS not only played a pivotal role in solving the long-standing cold dacoity and murder case which had remained unsolved for 17 years, but also revealed multiple antecedents of the Criminal.

Case 2: NAFIS came to rescue for a six-year-old unsolved murder case.

A murder case was reported in 2016 under FIR No. 336/2016, U/s 302 IPC at South Campus Police Station, New Delhi. The fingerprint expert visited the scene of crime on the same day & inspected the articles of the crime scene thoroughly with modern equipment and developed three (03) chance prints on different articles. The chance prints were then compared with the records of active criminals and processed in the State AFIS. But no matches were found and the case remained unsolved for 06 years.

With the implementation of the newly installed NAFIS application, the Bureau started re-checking the contents of the old case files. The chance prints associated with the unsolved cases were fed into the new system and searched against the national database using NAFIS.

One of the chance prints was found identical with the record slip of accused person. In this manner, the FPB expert not only assisted the local police in solving a murder case but also provided them scientific & irrefutable evidence against the culprit.

Thus, the NAFIS application played a vital role in solving the crime which had been pending for 06 years.

Case 3: NAFIS intervention resolved dacoity case with scientific and infallible evidence.

A dacoity case was reported on 08th October, 2022 under FIR 761/22, U/s 395, 397 IPC and 27 Arms Act in Karol Bagh Police Station of the Central District of Delhi.

The Fingerprint experts visited the crime scene on the same day and developed seven (07) chance prints on tape wrapped on a thermocol box and the doorframe of the cabin. The chance prints were searched in the national database using NAFIS. One of the chance print was matched with an interstate criminal who belong to Uttar Pradesh. Subsequently, following previous antecedents were also revealed:

- i. FIR No. 460, U/s 379, 411 IPC, dated 29.12.2013 at Mansarovar Park Police Station, Delhi.
- ii. FIR No. 697/16, U/s 25, 54, 59 Arms Act, dated 14.07.2016 at Seema Puri Police Station, Delhi.
- iii. FIR No. 181/14, U/s 392, 411, 34 IPC, dated 01.04.2014 at Mansarovar Park Police Station, Delhi.

In this way, the Fingerprint Bureau expert not only aided the local police in resolving a dacoity case but also furnished them with scientific and incontrovertible evidence against the culprit with the help of NAFIS.

Case 4: NAFIS palm print database aided in arrest of an interstate criminal.

A house break-in and theft case was registered under Crime No. 431/22 U/s 457/380, dated 11th May 2022 at Sadar Bazar Police station of North district, Delhi. Fingerprint Experts visited the crime scene and used all the available aids in developing chance prints from wooden table and drawer. Upon thorough examination, seven (07) chance prints (Finger & Palm) were developed. Chance prints were processed in the State AFIS but found untraced.

With the advent of new centralized NAFIS, all chance prints related to the case were processed and on verification, one (01) chance print was found identical with palm impression an interstate criminal which belongs to Bihar.

The accused was arrested in Karnataka State in the following crimes:

- i. Crime No. 127/07, U/s 399, 400 IPC, Ps. Bangalore City, Distt Karnataka Railways, and
- ii. Crime No. 09/2013, U/s 392 IPC, Ps. Audugodi, Distt Bangalore City, Karnataka State.

The accused was also arrested in Telangana State in the following crimes:

- i. FIR No. 592/2019, U/s 457/350 IPC, PS Kusaiguda, Distt Rachakonda.
- ii. Cr. No. 1072/2021 U/s 457/380 IPC, PS Mailardevpally, Distt Cyberabad/Hyderabad.

NAFIS has enabled the tracing of interstate criminals by providing access to Fingerprint records from all States/UTs across the country.

2. Madhya Pradesh

Case 1: Real-time identification of double blind murder case using NAFIS within two hours.

An accident was reported on 14th December 2022 at around 07:00 pm near Jagaria Village on Bhopal highway in which two passengers travelling on a bike were crashed to death by a pick-up van. A team of Finger Print experts examined the pick-up van and developed six (06) chance prints from the accident site at 07:30 pm on 14th December 2022. The chance prints were searched against the national database using

NAFIS at 09:30 p.m. on the same day and one of the chance prints successfully matched within minutes with the fingerprint impressions of one of the accused person who was earlier arrested in Crime No. 26/22, U/s 379 IPC at Chola Mandir Police Station of Sagar District, Bhopal. During investigation, it was revealed that this murder case was committed by a thief who was attempting to escape after stealing the pick-up van belonging to one of the deceased person's father.

The case of theft/accident was then converted into murder and it was solved within a span of two hours, primarily attributed to the effective utilization of NAFIS which is accessible 24/7 for all law enforcement agencies of the country.

Case 2: NAFIS revealed the real identity of the murder accused

On 08th November 2022, Tilwara Police Station received an information about a murder in Mekhla Resort, Tilwara, Jabalpur. As per the statements of Resort Staff, one man and a woman with their Aadhaar IDs had checked into the Hotel on 06th November 2022 and the woman was found dead in the hotel room with cuts on her wrist and neck. Two blades were found at the scene of crime and the man was missing.

The FSL team along with Fingerprint experts and photographer developed Fingerprints on the wine glasses and bottles. The deceased woman was later identified based on another Aadhaar card which was found in her handbag. The address stated in the Aadhaar card, which the accused presented, was cross-checked but no person matching the accused's name was found to be residing there. The accused had committed a crime Cr. No. 375 /22 U/s 420, 406 IPC at Police Station Kotwali Distt. Jabalpur in August 2022 with the same pseudonym of accused name. The chance prints picked up from the scene of crime were fed into the NAFIS system. The chance prints matched with the fingerprint slip of the accused of Cr. No. 122/2014 U/s 394, 279, 337, 338, 427 IPC, 184 MV Act, Police Station Satpur Distt. Nashik, Maharashtra in the other named. The photos of the accused from the Satpur Police Station were obtained which matched with the video released by the accused on the Instagram account of the victim claiming to have murdered her due to infidelity.

Thus, NAFIS helped in establishing the real identity of the accused along with his previous criminal antecedents of 14 criminal cases in various police stations of Nashik, Maharashtra. More enquiries about his criminal antecedents through ICJS revealed 40 cases against him. Police arrested the accused on 17th November 2022 i.e., within ten days of the crime through NAFIS.

Case 3: NAFIS helped to zeroing in on the murderer in a sensational case.

On 09th October 2020, an unidentified body was found near canal, in front of Maheshwar Dhaba, at Gram Mangeli in Jabalpur, Madhya Pradesh. The head of unknown dead body was crushed to death with a stone. To hide the crime, accused threw the dead body into the canal. The identity of the deceased could not be ascertained. Bargi police station of district Jabalpur registered the FIR 433/20 U/s 302, 201 IPC.

In this case, a 30 year old person was murdered by his brother-in-law. Police Station Bargi district Jabalpur informed the FSL and the fingerprint team of the district for immediate inspection of the incident site. The identity of the deceased could not be established. To identify the deceased and trace out the accused, all the missing persons of nearby districts i.e., Seoni, Madla, Addor, Narsinghpur, Katni, Sagar, Damoh were matched but no clue was found. Cash price of Rs. 10,000/- was declared for providing any clue of criminal. Under such circumstances, it became mandatory to collect fingerprints of the deceased. Fingerprint expert prepared the fingerprint slip of the unknown deceased. After installation of NAFIS in Madhya Pradesh, the slip submitted into NAFIS for search. The slip of unidentified dead body was found identical with search slip of a person who (deceased) had been a habitual criminal with 06 pending in court cases.

With the establishment of the identity of deceased through NAFIS, murderer could be arrested easily.

Case 4: Identification of deceased through NAFIS lead to nabbing the killers.

On 24th April 2022 at 08:40 p.m. Police Station Kurai, Distt. Seoni, Madhya Pradesh received information about an unidentified body which was found in buffer zone of Reserved Forest near Nagpur, 100 meters away from National Highway at Village Raiyya

Rao. The FSL and Fingerprint team of the district was informed for immediate inspection of the incident site. The identity of the deceased could not be established. The Fingerprint Expert prepared slip of unknown dead body, which was submitted for search in NAFIS system. The identity of the deceased person was established.

After establishment of the identity of deceased, investigation revealed that on 19th April 2022, deceased along with two accused committed a theft of electricity power wire worth Rs. 5,00,000/-. The accused persons murdered deceased over the dispute on distribution of stolen goods in Nagpur. After committing the murder, both accused tied the deceased with a rope and took him in a vehicle from Nagpur. The accused then dumped the deceased in the dense forest of Seoni, Madhya Pradesh so that the deceased's identity could not be ascertained. However, owing to the identification of the deceased through NAFIS, the case was accurately resolved.

Case 5: Gang of history sheeters put behind the bars with the help of NAFIS.

On 16th June 2022, an unknown accused broke the lock of the main gate lock of a deserted house and took away a DVR as well as gold & silver jewelry. The case was registered under the Crime No. 464/22, U/s 457, 380 IPC at Maharajpura police station, Gwalior.

The Fingerprint Expert of the district visited the scene of crime and found five (05) chance prints. Same were submitted into NAFIS and three (03) chance prints were traced which found identical with three consecutive fingers of accused person.

On referring the criminal antecedents displayed in NAFIS, it was found that he along with his gang members have committed theft in seven places under the jurisdiction of Police Station Maharajpura. The Details of FIR registered in Police Station Maharajpura are as under: -

- I. 356/22 u/s 457, 380, IPC
- II. 361/22 u/s 457, 380, IPC
- III. 444/22 u/s 457, 380, IPC
- IV. 448/22 u/s 457, 380, IPC
- V. 464/22 u/s 457, 380, IPC

VI. 505/22 u/s 457, 380, IPC

VII. 518/22 u/s 457, 380, IPC

He was found to be a history sheeteer of Police Station Bijouli, district Gwalior. He was arrested with his two-gang members.

A total of 38 Crimes are registered against him in Gwalior & Shivpuri district of M.P. The Police recovered 1200 grams of gold and 1.75 kg silver jewellery worth Rs. 8/- Lakhs from the gang. Accused were arrested with the help of NAFIS and now are behind the bars.

3. Rajasthan

Case 1: NAFIS uncovered multitude of cases and assisted in arrest of a habitual offender.

A driver was arrested in connection with a robbery registered under Crime No 652/2022, U/s 393 IPC of Bajaj Nagar police station of Jaipur (East) District. When his fingerprint slip was uploaded in NAFIS and searched against the national database, it matched with the record and revealing the fact that he was a habitual offender who has been convicted and arrested for multiple crimes.

The NFN revealed multiple crimes committed by the accused:

- i. FIR No. 27/2012, U/s 379, 411, 34 IPC at Adharsh Nagar Police Station, Delhi and was convicted on 20.07.2012.
- ii. Special case 34, 36, U/s 379, 411, 34 IPC at Mahendra Park Police station, Delhi and was convicted on 29.06.2012.
- iii. FIR No. 660/2014, U/s 379, 411, 34 IPC at Adharsh Nagar Police Station of Northwest Delhi.
- iv. FIR NO. 21/2012, U/s 379 IPC at Jahangirpuri police station of North West Delhi.
- v. Fir NO 34/2012, U/s 379, 411, 34 IPC at Mahendra Park police station of North West Delhi.
- vi. FIR No. 200/2011, U/s 399, 402, 34 IPC and 25 Arms Act by Crime Branch, Delhi.

4. Andhra Pradesh

Case 1: NAFIS palm print tracking traced down interstate criminal, recovered the loot.

A house breaking, and theft case was reported on 19th August 2021 at Gurramkonda police station, Andhra Pradesh. The case involved theft of gold jewels and cash worth Rs. 11,75,000/- from the house of complainant.

The Fingerprint experts visited the scene of crime on the same day and developed ten (10) chance prints. Upon verification, one chance print was eliminated as it belonged to an inmate and the remaining chance prints were searched against the fingerprint database of State Fingerprint Bureau but found untraced. The chance prints were also sent for comparison to the neighboring States Tamil Nadu and Karnataka but remained untraced.

The same prints were uploaded into NAFIS database when it became available nationwide and searched against the national database. Four (04) chance prints were found identical with the fingerprint record of an interstate habitual criminal.

The accused has been arrested in following two cases of Haryana in the past:

- i. FIR NO. 7/2018, U/s 399,402 IPC AND 25,54, 59 Arms act at Sector-55 Police Station, Faridabad District
- ii. FIR No. 917/2017, U/s 380 IPC at Sector-55 Police Station, Faridabad District

The Offender along with his associates were arrested and the total lost property was recovered. The case is pending before the trial court.

Case 2: College lab burglars arrested with NAFIS database.

A theft case was reported on 6th November 2010, wherein some unknown culprits gained entrance into the computer Lab of VEMU Institute of Engineering College, P. Kothakota village, Puthalapattu Mandal, Andhra Pradesh and committed theft of huge quantity of Computer Processors and RAMs. On receipt of information, Fingerprint Unit of CID Chittoor visited the scene of crime and developed fifteen (15) chance prints. Three (03) prints were of the inmates and were eliminated. The remaining chance prints were compared with the Fingerprint Database of State Finger Bureau but found untraced.

During the period from 2009 to 2012 many sensational computer thefts took place in almost all the Engineering colleges in Andhra Pradesh, Telangana, Tamil Nadu and Karnataka. The offenders entered into the computer labs through windows and removed all the CPUs for RAMs and Processors. The cases remained untraced due to the lack of any evidence. In this particular case, the chance prints were available as the evidence. Hence, the chance prints were compared with the available fingerprint records of Tamil Nadu and Karnataka manually and also using through AFIS but remained untraced.

After successful installation of NAFIS, resubmission of chance prints in the grave cases were started. Four (04) chance prints were found identical with the fingerprint record of a previously arrested person which was a resident of Tamil Nadu. Subsequently, on comparison of the fingerprint slip of the above said person, it also matched with the chance print concerned in Cr. No. 104/2010, U/Sec. 457 & 380 IPC of Puthalapattu police station.

The Offender along with his associates were arrested and they confessed to be involved in almost 32 similar cases which involved property worth crores of rupees. The chance prints concerned with Crime No. 93/2011, U/s 457 & 380 IPC registered at Gangavaram police station of Chittoor District was found identical with fingerprints of an associate of the accused. This case involved loss of property worth Rs. 4,00,000/-.

All the accused involved in computer theft over last 10 years have been arrested and large amount of property has been recovered. Thus, NAFIS not only aided in solving the 10 years old unsolved cases, but also revealed multiple antecedents of the Criminal.

CHAPTER-VI

CAPACITY BUILDING

CAPACITY BUILDING

TRAINING AND CAPACITY BUILDING IN FINGERPRINT SCIENCE AT CFPB, NCRB, NEW DELHI

One of the prime objectives of Central Fingerprint Bureau (CFPB) is to provide training in Fingerprint Science for capacity building of Police Forces in the country. Every year, CFPB conducts various training programs for Indian Police Officers at CFPB Delhi and Kolkata Branch. CFPB, Delhi conducted training on the Basic Course and refresher course on Fingerprint Science, and also conducted 'Training of Trainers' which has increased trainers/resources available to police/FPBx. These training programs have been attended by officers of all ranks, including senior officers from States/Union Territories as well as from Central Police Organizations/Central Armed Police Forces. Apart from training of Indian Police Officers, CFPB, Kolkata imparted one-day training to government officials who would be dealing with fingerprints. In 2022, CFPB conducted various training programs such as "user operating" training for Fingerprint experts and "user enrollment" for police personnel for the smooth functioning of NAFIS. As and when required by the States, CFPB fingerprint experts have also been deputed from time to time to impart trainings to States/UTs staff for smooth functioning of NAFIS.

Training for Indian Nationals in Fingerprint Science conducted at Central Fingerprint Bureau, New Delhi in 2022

Sl. No.	Name of the Course	Schedule	Eligibility	No. of Participants
1.	Workshop on NAFIS Enrollment	06.04.22 – 07.04.22	Police Personnel	20
2.	User Operating training NAFIS	25.04.22 – 29.04.22	Fingerprint Experts	19
3.	Workshop on NAFIS Enrollment	10.05.22 – 11.05.22	Police Personnel	27
4.	Workshop on NAFIS Enrollment	07.06.22 – 08.06.22	Police Personnel	27

5.	User Operating training NAFIS	20.06.22 – 24.06.22	Fingerprint Experts	19
6.	Workshop on NAFIS Enrollment	30.06.22 – 01.07.22	Police Personnel	35
7.	Workshop on NAFIS Enrollment	06.07.22 – 07.07.22	Police Personnel	33
8.	TOT on NAFIS	18.07.22 – 22.07.22	Fingerprint Experts	28
9.	Workshop on NAFIS Enrollment	03.08.22 – 04.08.22	Police Personnel	26
10.	User Operating training NAFIS	22.08.22 – 26.08.22	Fingerprint Experts	25
11.	Workshop on NAFIS Enrollment	07.09.22 – 08.09.22	Police Personnel	21
12.	Advanced Course in FPs	19.09.22 – 23.09.22	Fingerprint Experts	8
13.	User Operating training NAFIS	26.09.22 – 30.09.22	Fingerprint Experts	5
14.	Workshop on NAFIS Enrollment	06.10.22 – 07.10.22	Police Personnel	24
15.	User Operating training NAFIS	10.10.22 – 14.10.22	Fingerprint Experts	22
16.	Workshop on NAFIS Enrollment	03.11.22 – 04.11.22	Police Personnel	28
17.	User Operating training NAFIS	19.12.22 – 23.12.22	Fingerprint Experts	20
18.	Workshop on NAFIS Enrollment	27.12.22 – 28.12.22	Police Personnel	25
Total				412

Training conducted in the following States/UTs by CFPB Finger Print Experts to train the State Finger Print Bureaux Staff regarding the Usage of NAFIS

Sl. No.	States/UTs	Duration	Period	No. of Participants
1.	Odisha	01 Week	03.01.2022 to 07.01.2022	22
2.	Gujarat	01 Week	11.07.2022 to 15.07.2022	39
3.	Jammu & Kashmir	01 Week	25.07.2022 to 30.07.2022	75
4.	Kerala	03 Days & 03 Days	22.08.2022 to 24.08.2022 & 25.08.2022 to 27.08.2022	60 & 64
5.	Uttar Pradesh	01 Week	26.09.2022 to 30.09.2022	38
Total				298

Training Courses Conducted at Central Finger Print Bureau, Kolkata in 2022

One-Day Workshop on Taking Fingerprints

**TRAINING ON FINGER PRINT SCIENCES & NAFIS CONDUCTED
AT CENTRAL FINGER PRINT BUREAU, NEW DELHI IN - 2022**

Training Course on NAFIS Enrolment was conducted from 10th to 11th May 2022

Training Course on NAFIS Enrolment was conducted from 07th to 08th June 2022

Training on NAFIS User operating was conducted from 20th to 24th June, 2022

Participants of 'User Operating Training in NAFIS' 22nd to 26th August 2022

Participants of 'Workshop on NAFIS Enrolment' 07th to 08th September 2022

Participants of 'Workshop on NAFIS Enrolment' 06th to 07th October 2022

Participants of 'User Operating Training NAFIS' 19th to 23rd December 2022

Participants of 'Workshop on NAFIS Enrolment' 27th to 28th December 2022

TRAINING GIVEN BY CFPB FINGER PRINT EXPERTS TO SENSITIZE THE STATE FINGER PRINT BUREAUX STAFF IN THE USAGE OF NAFIS

CFPB Finger Print Experts imparting Training to SFPB Kerala

CFPB Fingerprint Experts imparting training to SFPB Uttar Pradesh

TRAINING COURSES CONDUCTED AT CFPB, KOLKATA

One Day Workshop on Taking Fingerprints Conducted at CFPB Kolkata

05 Days NAFIS User Operating training conducted
at CFPB Kolkata for Fingerprint Experts

<u>LIST OF ANNEXURES</u>	
Annexure - I	Pioneers of Fingerprint Science
Annexure - II	Laws Relating to Fingerprints in India
Annexure - III	Recommendations of 23rd All India Conference of Directors of FPBx held at NCRB, New Delhi on 20th and 21st September, 2022
Annexure - IV	Sanctioned And Posted Staff Strength in SFPBx
Annexure – V (a)	List of States/UTs with AFIS in addition to NAFIS
Annexure – V (b)	Availability of other scientific tools and equipment in SFPBx
Annexure - VI	AIBE Toppers from 1963 To 2022
Annexure - VII	List of Important Books on Finger Print Science
Annexure – VIII (a)	Addresses of State Finger Print Bureaux / Units
Annexure - VIII (b)	List of NAFIS Nodal Officers from Various States/UTs
Annexure - VIII (c)	Glossary
Annexure - IX	Abbreviations

Annexure - I

PIONEERS OF FINGERPRINT SCIENCE

There are records of fingerprints being taken from many centuries ago. Ancient artefacts with carvings similar to friction ridge skin have been discovered in many places throughout the world. The ancient Babylonians pressed the tips of their fingertips into clay to record the business transactions. Also, in China, the thumbprints were used on clay seals to “sign” the documents. A petroglyph located on a cliff face in Nova Scotia depicts a hand with exaggerated ridges and finger whorls, presumably left by the Mi'kmaq people.

With the advancement in the field of identification/investigation, many of the Scientists/ Investigators contributed in this field which are listed below:

Dr. NEHEMIAH GREW (1641-1712)

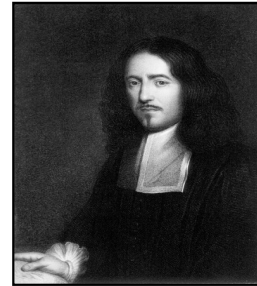

- English Plant Morphologist, Considered as “Father of Plant Anatomy”.
- Studied and described the ridges, furrows, and pore structure of friction skin.
- Published very accurate drawings of the Fingerprint patterns and areas of the palms.
- Did not address uniqueness or permanence of the ridges.

MARCELLO MALPHIGHI (1628-1694)

- He was the first person to see the capillaries and also was a founder of histology, embryology, plant anatomy, and comparative anatomy.
- He used a microscope for the first time to examine friction skin and made observations on its structure.
- Malpighian layer of skin has been named after him, for his research contributions.
- Did not address uniqueness or permanence of friction ridges.

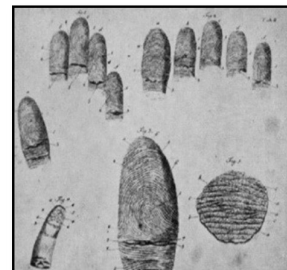

Dr. J.C.A. MAYER (1747-1801)

- Authored a book on human anatomy and anatomical illustrations. The book is one of the earliest recordings supporting the uniqueness of fingerprints.
- The book included drawings of friction skin and the following statement still holds valid ;

"Although the arrangements of skin ridges are never duplicated in two persons, nevertheless the similarities are closer among some individuals. In others the differences are marked, yet in spite of their peculiarities of arrangement all have certain likeness."

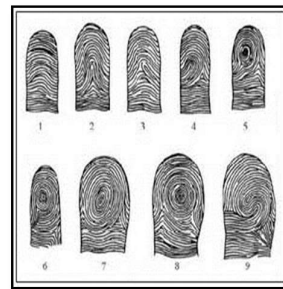

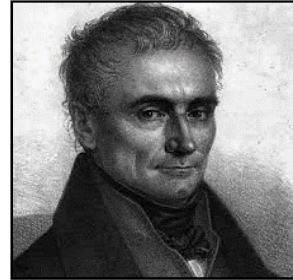

This statement has been verified by all other medical and scientific researchers of friction skin.

Dr. JOHANNES E. PURKINJE (1787–1869)

- At Breslau, he created the world's first Independent Physiology department and the first official Physiology laboratory.
- He discovered the Purkinje effect, Purkinje cells, and Purkinje fibers.
- He was the first to give regular classification of Fingerprint patterns into nine categories which is as follows:
 - A. Transverse curves,
 - B. Central longitudinal stria,
 - C. Oblique stria,
 - D. Oblique sinus,
 - E. Almond
 - F. Spiral,
 - G. Ellipse or elliptical whorl,
 - H. Circle or circular whorl, and
 - I. Double whorl

SIR WILLIAM JAMES HERSCHEL (1833-1917)

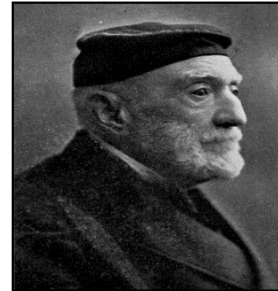

- He experimented with the idea of using a handprint as a signature. In July 1858, he had a local businessman named Rajyadhar Konai, impress his right handprint on the back of a contract. The contract was received and accepted as valid.
- He instituted taking fingerprints of both pensioners and criminals so that it is not carried out by imposters.
- He was the first person to use Handprints/ Fingerprints officially.
- He published an account of his work entitled 'The Origin of Fingerprinting'.

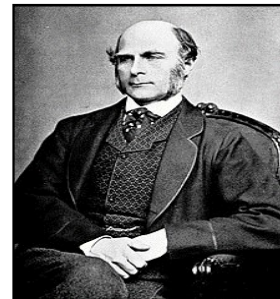

Dr. HENRY FAULDS (1843–1930)

- British surgeon and Superintendent of Tsukiji Hospital in Tokyo.
- Wrote an article discussing fingerprints as a means of identification.
- He published a paper on the subject titled 'On the Skin-Furrows of the Hand', in the scientific journal 'Nature' and it was the first scientific literature to suggest the basic concepts of the fingerprint system of identification.
- In an article, Faulds proposed using friction ridge individualization at crime scenes and gave two practical examples.
- Recommended Printer's Ink for recording of fingerprints.

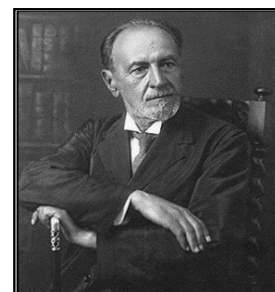

SIR FRANCIS GALTON (1822-1911)

- He was an English explorer and anthropologist best known for his research in Eugenics and Human Intelligence.
- Established that friction ridge skin was unique and persistent.
- Defined & Named each Peculiar characteristics /Minutiae/ Ridge Characteristics
- Wrote books on "Fingerprints" in 1892 and "Decipherment of Blurred Fingerprints"

IVAN (JUAN) VUCETICH (1858-1925)

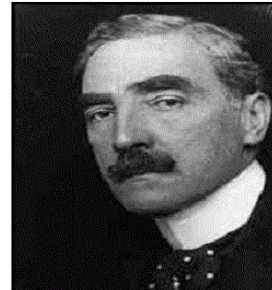

- His classification system and individualization of prisoners through the use of fingerprints were the first practical uses of the Fingerprint science by law enforcement personnel.
- He made the first positive identification of a criminal in a case where Francisca Rojas had killed her two children and then cut her throat, trying to put the blame on the outside attacker. A blood print identified her as the killer.

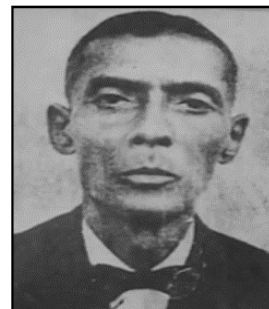

SIR EDWARD RICHARD HENRY (1850-1931)

- Inspector General of Police for the Lower Provinces in Bengal.
- Considered as Father of Modern Finger Print Science.
- With the help of Indian Police Officers Khan Bahadur Azizul Haque, and Rai Bahadur Hem Chandra Bose, the Henry classification system was developed.
- Went before an inquiry committee to convince them to change to fingerprinting of criminals instead of using the Bertillon Method.
- Established the Metropolitan Police Finger Print Bureau, which was Britain's first.
- Published a book titled "The Classification and Use of Fingerprints."

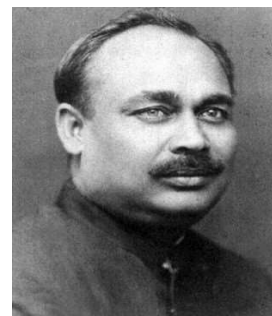

HEM CHANDRA BOSE (Born in 1867)

- An officer of the Anthropometric Bureau in Calcutta
- Created a system for single digit impression
- Created a telegraphic code for communicating classification.
- Was awarded the title "Rai Bahadur"
- Wrote a book called "Fingerprint Companion"

AZIZUL HAQUE (1872 – 1935)

- Officer-in-charge of the Anthropometric Bureau at Calcutta
- Helped in devising the classification formula on a mathematical basis.
- Was awarded the title "Khan Bahadur"
- Was awarded honoraria of Rs. 5000/- for his contribution to the establishment of Fingerprint classification.

EDMOND LOCARD (1877-1966)

- Formulated the basic principle of forensic science: "Every contact leaves a trace".
- Developed the science of Poroscopy.
- Established the first rules of the minimum number of minutiae necessary for identification. He said that if 12 specific points were identical between two fingerprints, it would be sufficient for positive identification.

Annexure - II

LAWS RELATING TO FINGERPRINTS IN INDIA

This chapter contains all relevant legal information pertaining to
Finger Print Sciences in India.

Section 45 of the Indian Evidence Act, 1872, as amended by Act V of 1899, defines:

Any other person whose fingerprints are ordered to be maintained by the Govt. of India from time to time, subject to the provisions of the Identification of Prisoners Act (India Act XXXIII, 1920).

"When the Court has to form an opinion upon a point of foreign law, or of science or art, or as to identity of handwriting or finger impressions, the opinions upon that point of persons especially skilled in such foreign law, science or art, or in questions as to identity of handwriting or finger impressions are relevant facts. Such persons are called Experts."

Section 293 of Cr. PC states as follows:

- 1) Any document purporting to be a report under the hand of a Government scientific expert to whom this section applies, upon any matter or thing duly submitted to him for examination or analysis and report in the course of any proceeding under this code may be used as evidence in any inquiry, trial or other proceeding under this code.
- 2) The Court may, if it thinks fit, summon and examine any such expert as to the subject-matter of his report.
- 3) Where any such expert is summoned by a Court, and he is unable to attend personally, he may, unless the court has expressly directed him to appear personally, depute any responsible officer working with him to attend the court, if such officer is conversant with the facts of the case and can satisfactorily depose in court on his behalf.
- 4) This section applies to the following Government Scientific Experts, namely:
 - a. Any Chemical Examiner or Assistant Chemical Examiner to Government.
 - b. The Chief Inspector of Explosives.
 - c. The Director, Fingerprint Bureau.

- d. The Director, Haffkine Institute, Bombay.
- e. The Director of a Central Forensic Science Laboratory or a State / UT Forensic Science Laboratory.
- f. The Serologist to the Government.
- g. Any other Government scientific Expert specified by notification by the Central Government for this purpose.

The Ministry of Home Affairs, Government of India has also issued a special notification under Cr. PC 293, recognizing the report opinion given by the Professor, Associate Professor, Assistant Professor, SSO & JSO of NFSU, as legal in court.

To ascertain, whether a fingerprint is that of a person by whom it purports to have been made, the court may direct any person present in the court to record his fingerprints for the purpose of enabling the court to compare the finger prints alleged to have been made by such person. When given by recognized fingerprint experts, evidence as to the identification of persons by means of fingerprints left at the scene of crime, is a fact. Summon from court is received whenever, court requires the services of experts either to prove the identity of the accused person or to give evidence in case in which experts opinion has already been furnished by the Bureau.

LAWS RELATING TO PREPARATION OF RECORD AND SEARCH SLIPS

THE CRIMINAL PROCEDURE (IDENTIFICATION) ACT, 2022 NO. 11 OF 2022

[18th April, 2022]

An Act to authorise for taking measurements of convicts and other persons for the purposes of identification and investigation in criminal matters and to preserve records and for matters connected therewith and incidental thereto.

BE it enacted by Parliament in the Seventy-third Year of the Republic of India as follows:—

1. (1) This Act may be called the Criminal Procedure (Identification) Act, 2022.
- (2) It shall come into force on such date as the Central Government may, by

notification in the Official Gazette, appoint.

2. (1) In this Act, unless the context otherwise requires,—

(a) "Magistrate" means,—

(i) In relation to a metropolitan area, the Metropolitan Magistrate;

(ii) In relation to any other area, the Judicial Magistrate of the first class; or

(iii) In relation to ordering someone to give security for his good behaviour or maintaining peace, the Executive Magistrate;

(b) "measurements" includes finger-impressions, palm-print impressions, foot-print impressions, photographs, iris and retina scan, physical, biological samples and their analysis, behavioural attributes including signatures, handwriting or any other examination referred to in section 53 or section 53A of the Code of Criminal Procedure, 1973;

(c) "police officer" means the officer-in-charge of a police station or an officer not below the rank of Head Constable;

(d) "prescribed" means prescribed by rules made under this Act;

(e) "prison officer" means an officer of prison not below the rank of Head Warder.

(2) Words and expressions used herein and not defined but defined in the Indian Penal Code and the Code of Criminal Procedure, 1973 shall have the same meanings respectively assigned to them in those Codes.

3. Any person, who has been,—

(a) convicted of an offence punishable under any law for the time being in force; or

(b) ordered to give security for his good behaviour or maintaining peace under section 117 of the Code of Criminal Procedure, 1973 for a proceeding under section 107 or section 108 or section 109 or section 110 of the said Code; or

(c) arrested in connection with an offence punishable under any law for the time being in force or detained under any preventive detention law, shall, if so required, allow his measurement to be taken by a police officer or a prison officer in such manner as may be prescribed by the Central Government or the State Government:

Provided that any person arrested for an offence committed under any law for the time

being in force (except for an offence committed against a woman or a child or for any offence punishable with imprisonment for a period not less than seven years) may not be obliged to allow taking of his biological samples under the provisions of this section.

4. (1) The National Crime Records Bureau shall, in the interest of prevention, detection, investigation and prosecution of any offence under any law for the time being in force,—

- (a)** collect the record of measurements from State Government or Union territory Administration or any other law enforcement agencies;
- (b)** store, preserve and destroy the record of measurements at national level;
- (c)** process such record with relevant crime and criminal records; and
- (d)** share and disseminate such records with any law enforcement agency, in such manner as may be prescribed.

(2) The record of measurements shall be retained in digital or electronic form for a period of seventy-five years from the date of collection of such measurement:

Provided that where any person, who has not been previously convicted of an offence punishable under any law with imprisonment for any term, has had his measurements taken according to the provisions of this Act, is released without trial or discharged or acquitted by the court, after exhausting all legal remedies, all records of measurements so taken shall, unless the court or Magistrate, for reasons to be recorded in writing otherwise directs, be destroyed from records.

(3) The State Government and Union territory Administration may notify an appropriate agency to collect, preserve and share the measurements in their respective jurisdictions.

5. Where the Magistrate is satisfied that, for the purpose of any investigation or proceeding under the Code of Criminal Procedure, 1973 or any other law for the time being in force, it is expedient to direct any person to give measurements under this Act, the Magistrate may make an order to that effect and in that case, the person to whom the order relates shall allow the measurements to be taken in conformity with such directions.

6. (1) If any person who is required to allow the measurements to be taken under this Act resists or refuses to allow taking of such measurements, it shall be lawful for the

police officer or prison officer to take such measurements in such manner as may be prescribed.

(2) Resistance to or refusal to allow the taking of measurements under this Act shall be deemed to be an offence under section 186 of the Indian Penal Code.

7. No suit or any other proceeding shall lie against any person for anything done, or intended to be done in good faith under this Act or any rule made thereunder.

8. (1) The Central Government or the State Government may, by notification in the Official Gazette, make rules for carrying out the purposes of this Act.

(2) In particular, and without prejudice to the generality of the foregoing provisions, such rules may provide for all or any of the following matters, namely:—

- (a) the manner of taking measurements under section 3;
- (b) the manner of collection, storing, preservation of measurements and sharing, dissemination, destruction and disposal of records under sub-section (1) of section 4;
- (c) the manner of taking of measurements under sub-section (1) of section 6;
- (d) any other matter which is to be prescribed, or in respect of which provision is to be made.

(3) Every rule made by the Central Government under this Act shall be laid, as soon as may be after it is made, before each House of Parliament, while it is in session, for a total period of thirty days which may be comprised in one session or two or more successive sessions, and if, before the expiry of the session immediately following the session or the successive sessions aforesaid, both Houses agree in making any modification in the rule or both Houses agree that the rule should not be made, the rule shall thereafter have effect only in such modified form or be of no effect, as the case may be; so, however, that any such modification or annulment shall be without prejudice to the validity of anything previously done under that rule.

(4) Every rule made by the State Government under this Act shall be laid, as soon as may be after it is made, before each House of the State Legislature where it consists of two Houses, or where such Legislature consists of one House, before that House.

9. (1) If any difficulty arises in giving effect to the provisions of this Act, the Central Government may, by order, published in the Official Gazette, make such provisions not

inconsistent with the provisions of this Act as appear to it to be necessary for removing the difficulty:

Provided that no such order shall be made under this section after the expiry of three years from the commencement of this Act.

(2) Every order made under this section shall be laid, as soon as may be after it is made, before each House of Parliament.

10. (1) The Identification of Prisoners Act, 1920 is hereby repealed.

(2) Notwithstanding such repeal, anything done or any action taken or purported to have done or taken including any rule, regulation, or any proceedings taken, any rule made or any direction given or any proceedings taken or any penalty or fine imposed under the repealed Act shall, in so far as it is not inconsistent with the provisions of this Act, be deemed to have been done or taken under the corresponding provisions of this Act.

(3) The mention of particular matters in sub-section (2) shall not be held to prejudice or affect the general application of section 6 of the General Clauses Act, 1897 with regard to the effect of repeal.

THE CRIMINAL PROCEDURE (IDENTIFICATION) ACT, 2022 RULES

[19th September, 2022]

MINISTRY OF HOME AFFAIRS

NOTIFICATION

New Delhi, the 19th September, 2022

G.S.R. 708(E).—In exercise of the powers conferred by section 8 of the Criminal Procedure

(Identification) Act, 2022 (11 of 2022), the Central Government hereby makes the following rules, namely:-

1. Short title and commencement.- (1) These rules may be called the Criminal Procedure (Identification) Rules, 2022.

(2) They shall come into force on the date of their publication in the Official Gazette.

2. Definitions.- (1) In these rules, unless the context otherwise requires, -

(a) "Act" means the Criminal Procedure (Identification) Act, 2022 (11 of 2022);

(b) "authorised user" means a police officer or a prison officer of the Central Government or State Government or Union territory Administration, authorised by the Bureau, to access the database;

(c) "Bureau" means the National Crime Records Bureau and the units under its control;

(d) "database" means the information containing the record of measurements;

(e) "device" means an equipment or the information technology system used for collection or storage or matching of the record of measurements, registered with the Bureau;

(f) "measurements" includes finger-impressions, palm-print impressions, foot-print impressions, photographs, iris and retina scan, physical, biological samples and their analysis, behavioural attributes including signatures, handwriting or any other examination referred to in section 53 or section 53A of the Code of Criminal Procedure, 1973 (2 of 1974);

(2) Words and expressions used herein and not defined, but defined in the Act, shall have the same meanings as assigned to them in the Act.

3. Taking of measurements.- (1) The authorised user or any person skilled in taking the measurements or a registered medical practitioner or any other person so authorised in this behalf may take the measurements of a person for the purposes of the Act;

Provided that the measurements of a person arrested in connection with an offence under Chapter IXA or Chapter X of the Indian Penal Code, 1860 (45 of 1860) shall be taken with the prior written approval of a Police officer not below the rank of Superintendent of Police:

Provided further that the measurements of a person charged with violation of any prohibitory order issued under section 144 or section 145 or arrested under section 151 of the Code of Criminal Procedure, 1973 (2 of 1974) shall not be taken unless such person is charged or arrested in connection with any other offence punishable under any other law for the time being in force:

Provided also that the measurements of a person shall not be taken on the initiation of proceeding under section 107 or section 108 or section 109 or section 110 of the said Code unless such person has been ordered to give security for his good behaviour or maintaining peace under section 117 of the said Code for a proceeding under the said sections.

(2) The Bureau shall issue the Standard Operating Procedures for taking the measurements, which may include the following, namely:

- (a)** specifications of the equipments or devices to be used for taking measurements;
- (b)** specifications and the format, including digital or physical, of the measurements to be taken;
- (c)** method of handling and storage of measurements in the database at the level of State Government or Union territory Administration in a format compatible with the database of the Bureau;
- (d)** information technology system to be used for taking of measurements:

Provided that the State Government or Union territory Administration using its own information technology system shall provide compatible application programming interfaces for sharing the measurements or record of measurements with the Bureau.

4. Manner of taking of measurements of a person who resists or refuses to allow taking of measurements. - If any person who is required to allow the measurements to be taken under the Act resists or refuses to allow taking of such measurements, the authorised user shall take the measurements in accordance with the provisions of sections 53 and 53A of the Code of Criminal Procedure, 1973 (2 of 1974).

5. Manner of collection, storing, preservation, processing, sharing, dissemination, destruction and disposal of measurements. - (1) The record of measurements shall be stored and preserved in a secure and encrypted format as specified in the Standard Operating Procedures.

(2) In case any measurement is collected in physical form or in a non-standard digital format, it shall be converted into standard digital format and thereafter uploaded in the database as per the Standard Operating Procedures, which may include the following, namely:-

- (a) process to be followed by an authorised user for uploading the measurements in the database using the registered device;
- (b) standard digital format in which each type of measurements shall be converted before uploading into the database;
- (c) encryption method to be followed;
- (d) manner of registering the device.

(3) An authorised user, for matching the record of measurements of a person, shall forward the request to the Bureau through the device and the Bureau shall match the record and provide report to the authorized user through secure network as soon as possible.

(4) The procedure for destruction and disposal of records shall be specified in the Standard Operating Procedures.

(5) (i) Any request for destruction of record of measurements shall be made to the Nodal Officer to be nominated by the respective State Government or Union territory Administration or Central Government, as the case may be, concerned with the criminal case in which the measurements were taken.

(ii) The request for destruction of the record of measurements shall be recommended by the Nodal Officer to the Bureau after verifying that such record of measurements is not linked with any other criminal cases.

(6) Any act of unauthorised access, distribution or sharing of data collected under the Act shall be punishable as per the provisions of the Indian Penal Code, 1860 and the Information Technology Act, 2000.

6. Compliance with the Standard Operating Procedure issued by the Bureau.- The State Government or Union territory Administration or the law enforcement agency of the Central Government shall cause its authorised user to comply with the Standard Operating Procedures.

Explanation:- For the purposes of this rule, “Standard Operating Procedures” means any guidelines or standards or specifications issued by the Bureau for collection, storage, processing, matching, destruction or disposal of the record of measurements from time to time.

IMPORTANT COURT VERDICTS ON FINGER PRINT EVIDENCE

1. Supreme Court Ruling of 1961 : [State of Bombay Vs. Kathikalu Oghad AIR 1961 SC 1808]

A thumb impression of an accused taken by the police in course of investigation which was later on produced at the trial did not amount to testimonial compulsion under Article 20(3) and was not on that account inadmissible. It held that the application of

finger prints in the identification of persons does not violate the fundamental rights under Article 20(3) of the constitution. It was further held that to be a witness in its wider sense means giving an oral or written statement but does not amount to exposing a part of the body for the purpose of identification.

2. Supreme Court Ruling of 1972 : [AIR 1972 SC 975]

“The comparison and identification of finger prints has developed into a science and the results derived there from have reached a stage of exactitude. As long as the report shows that the opinion was based on observations which led to a conclusion, such opinion can be accepted.”

“Unless there is a doubt as to the correctness of the opinion, the report of the examiner may be accepted without examination of the expert.”

3. Supreme Court Ruling of 1978 : [Mohan Lal Vs. Ajit Singh AIR July 1978 SC 1183]

The Hon’ble Supreme Court ruled that an opinion based on 08 identical ridge characteristics was fully justified and conformed to the views expressed in scientific books on the subject.

“Nothing substantial has been urged to challenge the opinion of the director of the Finger Print Bureau and all that has been argued is that as there were only 8 points of similarity, there was not enough basis for the expert’s opinion about the identity of finger prints. Reference in this has been made to B.L Saxena’s ‘Identification of handwriting, disputed documents, finger prints, foot prints and detection of forgeries’ (1968 edition, page 247), Walter R. Scott’s ‘Finger print mechanics’(page 62) and M.K. Mehta’s ‘The identification of thumb impression and the cross examination of finger print experts’ (second edition, page 28). We have gone through these books but they do not really support the argument of the learned counsel for the respondent. While referring to the old practice of looking for a minimum of 12 identical characteristic details, Saxena has admitted that the modern view is that 6 points of similarity are sufficient to establish the identity of finger prints. Walter Scott has stated that as a matter of practice most experts who work with finger prints constantly satisfy themselves as to the identity with 8 or

even 6 points.” The larger surface of the fully rolled impression not only allows accurate classification but it also gives more points for comparison. (For representative purpose only).

4. Supreme Court Ruling of 1979 : [Jaspal Singh Vs. State of Punjab AIR 1979 SC 1708]

“The science of Finger print identification is an exact science and does not admit of any mistake or doubt.”

Annexure - III

RECOMMENDATIONS OF THE 23RD ALL INDIA CONFERENCE OF DIRECTORS OF FINGER PRINT BUREAUX HELD AT NCRB, NEW DELHI ON 20TH AND 21ST SEPTEMBER, 2022

1. Fingerprint slips should not be sent to CFPB/NCRB for obtaining matching results, as these can now be processed at SFPBx and Districts/Commissionerates for obtaining matching results against national database in NAFIS.

(States/UTs)

2. Police personnel trained in NAFIS should be exclusively deployed for NAFIS related works.

(States/UTs)

3. Hardware supplied under NAFIS project should be exclusively used for NAFIS related works and no other software/apps should be installed in NAFIS workstations.

(States/UTs)

4. Minimum Eligibility criteria for appearing in AIBE should be Graduation in Science.

(States/UTs)

5. Refresher course for AIBE aspirants should be conducted by CFPB.

(CFPB/NCRB)

6. Revision of AIBE syllabus with inclusion of NAFIS related topics will be undertaken by NCRB.

(CFPB/NCRB)

7. Training frequency in CFPB may be increased as per evolving needs and trainers from States/UTs may be co-opted as faculty subject to their availability.

(CFPB/NCRB)

8. Institution of Annual Awards for Best Performance in NAFIS use for States/UTs should be considered.

(CFPB/NCRB)

**Annexure - IV****SANCTIONED AND POSTED STAFF STRENGTH IN PROMINENT STATE FPBx****AS ON 31.12.2022**

This annexure gives overview of staff position in prominent State Finger Print Bureaux functioning in the country.

Annexure – V (b)

AVAILABILITY OF OTHER SCIENTIFIC TOOLS AND EQUIPMENTS AT FINGER PRINT BUREAU OF STATES/UTs

1. ANDAMAN & NICOBAR ISLANDS

- | | | |
|--------------------------------|---------------------------|-------------------|
| a) Ninhydrin fuming Chamber | b) Iodine Heating Chamber | c) Heating Oven |
| d) Fingerprint development Kit | | e) Digital camera |

2. ANDHRA PRADESH

- | | | |
|--------------------------|-------------------------|----------------------------|
| a) FP developing Kit Box | b) Poly Ray UV kit with | c) Stand Magnifier PFP 200 |
| d) Lenin Testers | | |

3. ARUNACHAL PRADESH

- | | | |
|--|-----------------------|--------------------------|
| a) Automated Finger Print Identification System (AFIS) | b) Live Scanner | c) Camera |
| d) Fingerprint Kit box | e) Latent Print Kit-1 | f) Forensic Light Source |

4. ASSAM

- a) Fingerprint kit box

5. BIHAR

- | | | |
|--|---|---------------------------------|
| a) Cyanoacrylate fuming chamber-1, Functional | b) F.P. Developing Kit | c) F.P Taking Kit |
| d) Video Spectral Comparator | e) Digital Forensic Evidence Examination with 50X magnification | f) Electrostatic Dust FP Lifter |
| g) Mobile Multispectral FP detection & 4K imaging System | | |

6. CHHATTISGARH

- | | | |
|---------------------------|-------------------------------|-----------------|
| a) Poly view System | b) Poly Light System | c) Live Scanner |
| d) Dust Print Lifting Kit | e) Microscope, Developing kit | |

7. DELHI

- | | | |
|---|------------------------|---|
| a) Portable Vacuum
Cyanoacrylate FP
development equipment | b) CED 2000 Comparator | c) Integrated Image
Enhancement and
Transmitting System |
| d) Crime Light | e) Dust Lifting Kit | f) Russell Comparator |
| g) RUVIS | h) RUVIS (Lab Cam) | |

8. GOA

- | | | |
|--------------------------------------|------------------|-----------------|
| a) DMFU with fully
equipped Items | b) Nikon Cameras | c) FACTS System |
|--------------------------------------|------------------|-----------------|

9. GUJARAT

- | | | |
|-----------------------------------|---|--|
| a) Finger Print developing
kit | b) Forensic Mobile Multi Spectral Imaging System (Fore
scope 4K) | |
|-----------------------------------|---|--|

10. HARYANA

- | | |
|-----------------------------------|--|
| a) Finger Print developing
kit | |
|-----------------------------------|--|

11. HIMACHAL PRADESH

- | | | |
|-----------------------------------|--|------------------------------------|
| a) Finger print developing
kit | b) Diff. Finger Print powders
and brushes | c) Cyanoacrylate fuming
chamber |
| d) Focus Comparator | | |

12. JAMMU & KASHMIR

- | | | |
|---------------|------------|-----------------|
| a) Scanners | b) Printer | c) Live Scanner |
| d) UPS-75 KVA | e) FP Kit | |

13. JHARKHAND

- | | | |
|----------------|----------------------------|-----------------------|
| a) Square lens | b) Finger Print taking kit | c) FP development kit |
|----------------|----------------------------|-----------------------|

14. KARNATAKA

- | | | |
|-------------------------------------|--|-------------------------|
| a) Live Scanner(FED) | b) Mini crime scope/poly
light | c) Digital/ SLR cameras |
| d) Imported Finger Print Kit
Box | e) Dust lifting kit | f) Foot print kit box |
| g) Cyanow and kit | h) Iodine Fuming cabinet | i) Ninhydrin sprayer |
| j) Cadaver Kit Box | k) Imported FP powders, brushes, Tapes | |

15. KERALA

- | | | |
|--|------------------------------|---------------------|
| a) AFIS | b) Live Scanners | c) Crime Lite |
| d) Modern Scientific Investigation kit | e) FP Developing Kit | f) DLK Kit |
| g) Bright Light Torch | h)FP Stamping Kit | i) FP recording kit |
| j) Head Loop | k) LED Illuminated Magnifier | l) Angle Poise Lamp |
| m) Camera | n) Forensic Light Source | o) Path Finder |

16. MADHYA PRADESH

- | | | |
|---|-----------------------------------|--|
| a) Finger Print Developing Kit | b) Post mortem Kit | c) Live Scanner |
| D) Alternate light source system | e) Poly ray | f) Inkless Pad |
| g) Fingerprint feather brushes | h) Fingerprint developing powders | i) Mobile Compacter racks |
| j) Small particle reagent with spray head light | k) Fingerprint hinge lifter | l) Cyanoacrylate fuming chamber |
| m) Optical comparators | n) DFO pump spray | o) Metal folding port LED with scale 10x glass |

17. MAHARASHTRA

- | | | |
|-----------------------------|-----------------------|---------------------------|
| a) Mobile Forensic Van | b) Poly-Ray Light | c) Dust print Lifting Kit |
| d) Cepri-Gun forensic light | e) Visitation Kit Bag | f) Foot Print Kit |

18. MANIPUR

- | | | |
|-----------------------|------------------|-------------------|
| a) Fingerprint Kit | b) VSC-QDX 630BE | c) Digital Camera |
| d) Visitation kit bag | | |

19. MEGHALAYA

- | | | |
|------------------------------------|----------------------------|---------------------------|
| a) Finger Print kit box | b) Luma Light | c) Ninhydrin chamber |
| d) Linen tester and Battley's lens | e) Iodine fuming apparatus | f) Crime lite |
| g) Silver nitrate | h) Dust lifter kit | i) DD detection light |
| j) Digital camera | k) Illuminated magnifier | l) Cyano Acrylate Chamber |
| m) Finger print Comparator | | |

20. MIZORAM

- | | | |
|---|---------------------------------|----------------------------|
| a) HP Proliant ML350 Gen 9 Server System for AFIS | b) HP Z230 workstation for AFIS | c) HP Laser Jet Pro M202dw |
| d) HP Scan Jet 5590 printer | e) Canon Scanner | f) Stand Alone Computer |
| g) HP Laser Jet P1007 Printer | | |

21. NAGALAND

- | | |
|--------------------------------|-------------|
| a) Latent print specialist kit | b) Poli Ray |
|--------------------------------|-------------|

22. ODISHA

- | | | |
|--------------------------|---|---------------------------------|
| a) Forensic Light Source | b) Digital camera | c) Fingerprint kit box |
| d) Footprint kit boxes | e) Dust Print Lifting Kit | f) All-purpose customize FP Kit |
| g) FP Live scanner | h) Multi spectral latent print developing kit | i) Mobile handheld device |

23. PUDUCHERRY

- | |
|---------------|
| a) FP Kit Box |
|---------------|

24. PUNJAB

- | | | |
|---------------------------------------|---------------------------|---|
| a) Bellow type camera | b) Intensive light source | c) Single digit rolled print Live Scanner |
| d) Dust print lifting material | e) Iodine fuming chamber | f) Nikon FM10 Camera |
| g) Microscope | h) Russell Comparators | i) Infra-Red Ray source |
| j) Modern Fingerprint developing kits | k) UV light | l) Magnetic latent kit |

25. RAJASTHAN

- | | |
|--------------------------------------|-----------|
| a) Modern Fingerprint developing kit | b) Camera |
|--------------------------------------|-----------|

26. SIKKIM

- | | |
|---------------|--------------------|
| a) FP Kit Box | b) Comparator AFIS |
|---------------|--------------------|

27. TAMIL NADU

- | |
|--------------------------|
| a) Fingerprint Kit boxes |
|--------------------------|

28. TELANGANA

- | | | |
|--------------------|-------------------------|--------------------------------|
| a) Poly Ray | b) Electric Dust lifter | c) Crime scene development kit |
| d) Mobile AFIS kit | | |

29. TRIPURA

- | | | |
|-----------------------|------------------|-----------------|
| a) FP Development Kit | b) FP Taking Kit | c) Linen Tester |
|-----------------------|------------------|-----------------|

30. UTTARAKHAND

- | | | |
|------------------|--------------------|-------------------|

**Annexure – VI****LIST OF TOPPERS OF ALL INDIA BOARD FOR EXAMINATION OF
FINGER PRINT EXPERTS (AIBE) FROM 1963 TO 2022**

Sl. No.	Year	No. of Persons Qualified	Name of the toppers	State
1.	1963	27	Sh. TA Jose	CFPB
2.	1964	08	Sh. BN Sahai	Bihar
3.	1965	22	Sh. MN Sinha	Bihar
4.	1966	27	Sh. KP Sinha	Bihar
5.	1967	35	Sh. K. Laxma Reddy	Andhra Pradesh
6.	1968	38	Sh. SM Singh Bhalla	Punjab
7.	1969	19	Sh. V. Muthu Karuppan	Madras
8.	1970	27	Sh. D. Narsimha Murthy	Andhra Pradesh
9.	1971	43	Sh. SJ Pathak & Sh. MK Mody (Joint)	Gujarat
10.	1972	30	Sh. PK Ghosh	West Bengal
11.	1973	36	Sh. Sisir Chakrabarti	CFPB
12.	1974	48	Miss SN Aryambal	Tamil Nadu
13.	1975	39	Sh. PD Narkar	Maharashtra
14.	1976	23	Sh. Iqbal Ahmad Usta	Rajasthan
15.	1977	13	Sh. Shuja Shafquat	J&K
16.	1978	99	Sh. KS Dhaliwal	CFFP
17.	1979	55	Sh. VP Sharma	CFPB
18.	1980	70	Sh. Gopal Krishna Mishra	Odisha
19.	1981	62	Sh. B. Venugopal Nair	Kerala
20.	1982	41	Sh. V. Nageswara Rao	Tamil Nadu
21.	1983	48	Sh. T. Jayashankar	Tamil Nadu
22.	1984	61	Sh. R. Rajendran	Kerala

23.	1985	16	Sh. K. Madhusudanan & Sh. Pirthipal Singh (Joint)	Kerala & Punjab
24.	1986	68	Sh. Suhas Mitra & Sh. Narayan Prasad (Joint)	CFPB & Haryana
25.	1987	41	Sh. JK Kaushik	Delhi
26.	1988	52	Sh. Amar Pal Verma	Delhi
27.	1989	46	Sh. Nar Singh	Haryana
28.	1990	77	Sh. B. Yeshwant Khedekar	Maharashtra
29.	1991	66	Sh. Ajay Gadkary	CFPB
30.	1992	34	Sh. SS Baisoya	CFPB
31.	1993	44	Sh. Mukhtiar Singh	Punjab
32.	1994	36	Ms. Savita Devi	Odisha
33.	1995	25	Sh. PK Mishra	CFPB
34.	1996	26	Sh. Birja Prasad Samal	Odisha
35.	1997	26	Sh. Giri Raju	Karnataka
36.	1998	22	Sh. Darshan Singh	Punjab
37.	1999	42	Ms. Manjit Kaur	Punjab
38.	2000	28	Ms. Harbhajan Kaur	Punjab
39.	2001	38	Sh. Manjeet Kumar Viridi	CFPB
40.	2002	29	Ms. Anita Kadam	Madhya Pradesh
41.	2003	22	Ms. Mousumi Doloi	Odisha
42.	2004	11	Sh. Manoj Kumar	Delhi
43.	2005	22	Sh. K. Jayan	Kerala
44.	2006	37	Sh. Ranbir Singh	Haryana
45.	2007	11	Smt. Neelam	Haryana
46.	2008	23	Sh. Ram Partap Rai	Punjab
47.	2009	37	Sh. S. Arun Kumar	Kerala
48.	2010	21	Sh. Shibhu Raj M.S.	Kerala
49.	2011	42	Ms. M. Hema	Tamil Nadu
50.	2012	21	Sh. VV Vivekanandan	Kerala

51.	2013	45	Sh. Jagpal Sharma	J & K
52.	2014	10	Sh. Rajesh Kumar R.	Kerala
53.	2015	157	Sh. Y. Pavan kumar Reddy	Andhra Pradesh
54.	2016	66	Ms. Ruchi Raghuvanshi	Madhya Pradesh
55.	2017	10	Sh. Ajesh K V	Kerala
56.	2018	112	Sh. Rejani Raj V R	Kerala
57.	2019	41	Sh. Sudheesh K.V	Kerala
58.	2020	57	Ms. Khedkar Snehal Ashok	CFPB
59.	2021	71	Ms. Sankpal Priyanka Maruti	Maharashtra
60.	2022	173	Ms. J. Amala	Tamil Nadu

**Annexure - VII****LIST OF BOOKS ON FINGERPRINT SCIENCE**

Sl. No.	Title of the Book	Author of Publication	Year
I. FUNDAMENTALS OF FINGER PRINT SCIENCE			
1.	Fundamentals of Finger Print Analysis	Hillary Moses Daluz	2014
2.	Fingerprints: Analysis and Understanding	Mark Hawthorne	2008
3.	Fingerprints and Other Ridge Skin Impressions	Christophe Champod, Chris J. Lennard, Pierre Margot, Milutin Stoilovic	2004, 2016 (2 nd edi.)
4.	Friction Ridge Skin: Comparison and Identification of Fingerprints	James F. Cowger	1992
5.	The Science of Fingerprints	United States. Federal Bureau of Investigation	2015
6.	Quantitative-Qualitative Friction Ridge Analysis: An Introduction to Basic and Advanced Ridgeology	David R. Ashbaugh	1999
7.	Finger Print Identification	Surinder Nath	2010
II. ADVANCED FINGER PRINT SCIENCE AND TECHNOLOGY			
8.	Lee and Gaensslen's Advances in Finger Print Technology, Third Edition	Robert Ramotowski	2012
9.	Finger Print Detection with Lasers, Second Edition	Menzel	1999
10.	Finger Print Analysis Laboratory Workbook	Hillary Moses Daluz	2014
11.	Touch less Finger Print Biometrics	Ruggero Donida Labati, Vincenzo Piuri, Fabio Scotti	2015
12.	Hand Book of Finger Print Recognition	Davide Maltoni, Dario Maio, Anil K. Jain, Salil Prabhakar	2003
13.	Automatic Finger Print Recognitions Systems	Nalini Ratha Ruud Bolle	2003

III. CRIME SCENE INVESTIGATION			
14.	Hidden Evidence: Forty True Crimes and How Forensic Science Helped Solve Them	David Owen	2003
15.	Fisher's Techniques of Crime Scene Investigation First International Edition	William J. Tilstone, Michael L. Hastrup, Camilla Hald	2012
IV. FINGER PRINT BOOKS IN HINDI			
16.	आधुनिक अंगुलि चिन्ह विज्ञान	Dr. Nishant Singh	2008
17.	हस्त लेखन एवं अंगुलि छाप विज्ञान (Handwriting and Fingerprints Science in Hindi, 5th Edition)	B.L. Babel	2013

*List is suggestive & random; CFPB does not recommend or promote any of the books given in the list.

The Director

Central Finger Print Bureau

National Crime Records Bureau

Ministry of Home Affairs, Government of India

NH-48, Mahipalpur, New Delhi - 110 037

EPABX No. 91-011-26735403, 26735450, FAX No. 91-011-26782257, E-mail: cfpb@ncrb.gov.in

Annexure – VIII (c)

GLOSSARY

- **AMPUTATED** - The removal of a limb or other body extremity by trauma, prolonged constriction, or surgery.
- **ARTIFACT** - Any distortion or alteration not in the original friction ridge impression produced by an external agent or action. 2: Any information does not present in the original object or image inadvertently introduced by image capture, processing, compressions, transmission, display, or printing. (SWGFAST2011).
- **AUTOMATED FINGERPRINT IDENTIFICATION SYSTEM (AFIS)** - An automated, minutiae-based identification system that may consist of two or more distinct databases comprising two-finger identification records and ten-finger latent cognizant records (records of individuals more likely to be found at crime scenes, for example, burglars). 2: A computer-based system for reading, cataloguing, searching, matching, and storing fingerprints and related data. (ANSI/IAI) 3: A generic term for a Fingerprint matching, storage, and retrieval system. (SWGFAST2011).
- **ACE-V** - The process for identifying latent fingerprints, which involves Analysis, Comparison, Evaluation, and Verification:
 - a. Analysis is the qualitative and quantitative assessment of Level 1, Level 2, and Level 3 Details to determine proportion, interrelationship, and value for individualization.
 - b. During Comparison, the latent print examiner looks at the attributes noted during analysis for differences and agreement between the latent print and the known exemplar.
 - c. Evaluation follows extensive comparison by making a determination if two impressions were made by the same source, not from the same source, or if the information is inconclusive. (A determination is made as to the results of the Comparison process. The Finger Print community accepts three conclusions: (a) the latent print and known exemplar were made by the same source, (b) the latent

print and known exemplar were not made by the same source, or (c) a conclusive comparison could not be determined. This could be due to a lack of comparable area in the known exemplar or lack of clarity due to improperly recorded known exemplars.)

- d. Verification occurs when a second qualified examiner does an independent assessment of the latent print and known exemplar, utilizing the ACE process.
- **ALGORITHM** - Mathematical routine used in computer processing. In AFIS processing, the matcher algorithm searches for relationships between the search print and ten-print. 2: Mathematical routine used in computer processing, e.g., an AFIS matching algorithm establishes the correlation of Level 2 Detail between fingerprints. (SWGFAST). 3: A step-by-step computational procedure for solving a problem. The system computer and other system components use algorithms to make decisions required to process and handle information. (ANSI/IAI).
- **ANSI/NIST STANDARD** - Standard proposed by NIST and adopted by ANSI. For example, the ANSI/NIST-ITL standard Data Format for the Interchange of Fingerprint, Facial & Other Biometric Information is used by law enforcement, intelligence, military, and homeland security organizations throughout the world. The first version of this standard dates to 1986. Over the years, it has been updated and expanded to cover more biometric modalities beyond the original record type of Finger Print minutiae. (NIST).
- **BACK GROUND DISTURBANCE / INTERFERENCE** - A feature of the background (such as the texture or pattern) of the substrate (surface) that the mark is left on, which affects the appearance and resultant interpretation of the friction ridge flow or ridge details.
- **CADAVER** - A deceased person.
- **CHANCE PRINT OR SCENE OF CRIME PRINT**- means any chance or accidental impression left by friction ridges skin on a surface, regardless of whether it is visible or invisible at the time of deposition.
- **DISPATCH CHEQUE** - The details in triplicate prepared by the State Bureaux containing Name, Parentage of the convicts and Cheque No., Date and District of Origin of

Fingerprint Record Slips for forwarding the Finger Print Record Slips to other Bureaux are called Dispatch Cheques/Invoice.

- **DATABASES** - Collections of data and associated material designed to provide information rather than for archive, which are stored systematically in hard copy or electronic format and are, e.g. used for: providing information on the possible origin of objects or substances found in casework; and/or providing statistical information.
- **EDGEOSCOPY** - Study of the contour or shape of the edges of friction ridges.
- **EXPERT (CFPB)** - 'Expert' means an officer working in the CFPB having undergone thorough training in classifying, recording & searching of F.P. Slips and examining of latent and documentary prints either in any State Bureau or at the Central Finger Print Bureau and having a Finger Print expert certificate by clearing the All India Board for Examination of Finger Print Experts.
- **EXEMPLAR** - An impression or image of friction ridge skin purposely collected with the knowledge of the subject. 2: The prints of an individual associated with a known or claimed identity deliberately recorded electronically, by ink, or by another medium (also known as known prints). (SWGFAST 2011)
- **ELIMINATION FINGERPRINTS** - Finger Print images taken from persons with legitimate access to evidence under examination for latent fingerprint. 2: Exemplars of friction ridge skin detail of persons known to have had legitimate access to an object or location.
- **GRAY-SCALE IMAGE** - An image using more than two radiometric values, i.e., 256 shades of gray in an 8-bit image. Not a strictly black/white image.
- **HENRY CLASSIFICATION** - an alphanumeric system of Fingerprint classification named after Sir Edward Richard Henry used for filing, searching, and retrieving ten-print records.
- **FINGERPRINT SLIP FOR RECORD** - The form containing 10-digit rolled impressions and plain prints taken in proper sequence for record with particulars regarding name, parentage, residence, conviction, etc. of a convict is called a Fingerprint Slip for record.

- **FINGERPRINT SLIP FOR SEARCH** - Similar form with 10 digit impressions when used for search to trace previous conviction from the record of the Bureau is called Finger Print slip for search.
- **INKED FINGERPRINT** - the Intentional recording of the friction ridge skin. Using black printer's ink and a Fingerprint roller, the ridge characteristics of a particular individual, can be formally recorded on a standard Finger Print card.
- **INTERPOL** - Originally the International Police Commission, established in 1923 with the first headquarters in Vienna, Austria. With the General Secretariat now in Lyon, France, Interpol focuses on international crimes that threaten public safety, especially those involving terrorism, criminal organizations, drugs, finances and technology, and trafficking in human beings, and provides fugitive investigative support.
- **LATENT (Chance print)/LATENT SEARCH** - A search of a latent print against other latent prints, which are usually stored in the Unsolved Latent File, and which has the potential to link crimes committed by same person, even though that person is as yet unidentified. Also referred to as a latent/unsolved latent search.
- **LIVE SCAN** - "Live scan" is an electronic biometric platform for capturing, storing and transmitting friction ridge detail.
- **MINUTIAE DATA** - The data representing the relative position, orientation, and in some cases, the relationship and/or types of the minutiae in a Fingerprint image.
- **NATIONAL AUTOMATED FINGERPRINT IDENTIFICATION SYSTEM (NAFIS)** – NAFIS serves as the key application, for Fingerprint experts/personnel for performing crime and criminal investigation functions, implemented and managed by the Central Finger Print Bureau (CFPB) at NCRB, New Delhi. It has been conceptualized for establishing a central repository of criminal fingerprint data generated in India and is implemented on the principles of cloud computing model.
- **NATIONAL INSTITUTE OF STANDARDS AND TECHNOLOGY** - Formerly known as the National Bureau of Standards, this division of the U.S. Department of Commerce ensures standardization in non-defense government agencies.

- **PATTERN CLASSIFICATION** - Characterization of a Fingerprint as containing one of seven Fingerprint patterns: arch, tented arch, right-slant loop, left-slant loop, whorl, amputation, or scar. The Integrated Automated Fingerprint Identification System will provide for both pattern level and Henry classifications.
- **SCANNER** - Capture device to create a digital image. New scanners that connect to the Fingerprint Work stations must meet the standards outlined in Appendix F of the Electronic Biometric Transmission Specification.
- **SPECIAL AND LOCAL LAWS** - These are Acts that are framed by the State government for specific issues.
- **TEN-PRINT** - A Finger Print card (or Finger Print card equivalent) containing rolled and plain impressions from the ten fingers of an individual. The standard format contains 14 impressions: one rolled Finger Print impression of each finger, plain Finger Print impressions of each thumb, and plain impressions of the four fingers of each hand simultaneously.
- **TEN-PRINT IMAGE SEARCHES** - An electronic transaction submitted to the Central/State Finger Print Bureau's data base, which contains fingerprint images, classification information as required by the Automated Fingerprint Identification System, or remotely extracted fingerprint characteristics. The subsequent search will be conducted automatically with no additional manual editing or processing. If candidates are identified, the candidates' PIN Numbers are returned to the transmitting agency along with fingerprint images from the highest scoring candidates.

Annexure – IX

ABBREVIATIONS

- **ACEV** - Analysis, Comparison, Evaluation & Verification
- **ABIS** - Automated Biometric Identification System
- **AFIS** - Automated Fingerprint Identification System
- **AIBE** -All India Board Examination
- **ANSI** - American National Standards Institute
- **CADB** - Criminal Attribute Database (Personal Information and Criminal History of the convicts).
- **EFTS** - Electronic Finger Print Transmission Specification
- **EBTS** - Electronic Biometric Transmission Specification
- **FACTS** - Fingerprint Analysis and Criminal Tracing System
- **FBI** - Federal Bureau of Investigation
- **INTERPOL** - International Criminal Police Organization
- **ITEC** - Indian Technical and Economic Cooperation
- **MBIS** - Morpho Biometric Identification System
- **MCC** - Morpho Card Capture
- **MESA** - Morpho Enrolment Software Application (Live enrolment)
- **NAFIS** - National Automated Fingerprint Identification System
- **NABL** - National Accreditation Board for Testing and Calibration Laboratories
- **NIST** - National Institute of Standards and Technology
- **NCIC** - National Crime Information Center
- **PID Number** - Personal Identification Number
- **PCN** - Provisional Criminal Number
- **PP** - Palm Prints
- **RCN** - Regular Criminal Number

- **SCAAP** - Special Commonwealth African Assistance Programme of Ministry of External Affairs
- **SLL** - Special and Local Laws
- **TP** - Ten Prints
- **UAT** - User Acceptance test
- **UIDAI** - Unique Identification Authority of India
- **UPD** - Updating
- **UL** - Unsolved Latent
- **UPP** - Unsolved Palm Prints
